November 11, 2010

Clerk of the Court
United States District Court Northern District of Georgia
75 Spring Street, SW
Atlanta, Georgia 30303-3361

Dear Clerk of the Court:

Please file this immediately. No funny business. This is an Appeal, and Judge Duffey has no legal authority to interfere with filings of Notices of Appeal.

Should you fail to file this Notice of Appeal, you will be knowingly violating my Constitutional and legal rights. This will subject you to legal action by me against you personally for damages pursuant to established case law. Should you consider not filing this notice of appeal, I suggest that you first check with your personal attorney about the consequences of knowingly violating the law, the Rules of Civil Procedure, and my Constitutional rights.

I also enclose my Amended Notice of Appeal that was hand-delivered to your office on October 22, 2010. According to the Docket, it was not filed. Please file it and show the date of October 22, 2010.

Also note that the refusal by your office to file my two verified complaints is a violation of my rights. Unless these are filed immediately, I will be taking legal action against all clerks involved.

Thank you.

Sincerely,

William M. Windsor
