Your fax number has not been working for me.

I just received the order from Judge Duffey that indicates he will not be recognizing the stay in 1:09-CV-01543-WSD.

So that you don't have to go to the trouble of preparing a motion to compel, I will provide information to you. I will start on it right away though I have a couple of appellate briefs and some Supreme Court filings due. I will get some information together over the weekend to get you started; then I will work on it when I am not faced with a deadline.
