Dear Judge Lee:

Further to my letter to you dated September 1, 2011, I realize that the jury tampering is far worse than I originally stated.

After studying the Georgia Code relative to grand juries (O.C.G.A. § 15-12-60 to 15-12-102), I discovered that district attorneys have no authority whatsoever over grand juries. This means that everything that the District Attorney and his staff did to block me and others from reaching the Grand Jury was jury tampering.

Please have someone call me. My cell phone is 404-606-1885. I can be there in 40 minutes with the evidence. I am anxious to get this investigation moving.

Sincerely,

A handwritten signature in black ink, appearing to read "William M. Windsor", with a stylized flourish at the end.
