CIVIL ACTION NO:
1:09-CV-01543-WSD

**REQUEST FOR SPECIFIC APPROVAL TO FILE MOTION WITH
ORDERS OF THE ELEVENTH CIRCUIT INDICATING THAT THIS
CIVIL ACTION IS STAYED**

COMES NOW William M. Windsor (“Windsor”), and shows the Court as follows:

1. This Court has failed to respond to Windsor’s request that the Court confirm through an order that this civil action is stayed due to pending appeals.
2. Windsor has orders from the United States Court of Appeals for the Eleventh Circuit that provide that this civil action is stayed. Windsor seeks

approval to file these with the Court with another motion asking that this Court confirm this.

3. Windsor seeks the confirmation of the stay because he does not trust this Court. Windsor expects that if he doesn't file a response to Mr. Carl Hugo Anderson's motion by the 10th, this Court will rule against him. This Court has done things such as this before.

4. Windsor cannot read. His latest medical report to this Court is attached as Exhibit A hereto. Windsor cannot respond to this motion by the 10th because he cannot read. While Windsor can read and work on a giant computer screen, he has been unable to do legal research, so his legal activities have been limited to reformatting information that he already had on his computer. Doing this is misery. Windsor has a constant headache, and his condition has gotten much worse again over the last 10 days. Muscles in Windsor's eyes have apparently "pooped out" so his eyelids no longer work properly. As a result, blinking takes effort. Windsor's eyes have become slits, and his eyes probably open only half as wide as they did before the surgeries. Reading glasses cannot be used because they make Windsor extremely ill. The latest medical opinion is that Windsor may have a condition where his eyes with Alcon's lenses implanted will not focus properly. Rather than do like it did last time and wait until the day

responses are due to enter an order responding to the issues, Windsor asks the Court to allow him to file his motion and get an answer several days before the 10th so Windsor will not have to throw something together to file on the 10th in order to be safe.

WHEREFORE, Windsor prays that this Court grant said motion and that the Court do as follows:

- a. grant Windsor's Request;
- b. allow Windsor to file a motion and information regarding a stay; and
- c. grant such other relief as the Court deems appropriate.

Respectfully submitted, this 4th day of November, 2010.
