SECOND AFFIDAVIT OF WILLIAM M. WINDSOR

I, William M. Windsor, the undersigned, hereby declare under penalty of perjury:

1. My name is William M. Windsor (“Windsor”). I am over the age of 21, am competent to testify, and have personal knowledge of the matters stated herein.
2. This Affidavit is offered in support of my Motion for Temporary Restraining Order and Preliminary Injunction.
3. I am the Plaintiff in this action, and I am representing myself pro se.
4. I am not an attorney. I cannot find an attorney who will sue judges, and I can no longer afford an attorney. All of my money (approximately \$1,500,000.00)

has been “stolen” through corrupt litigation in the federal courts in Fulton County, Georgia.

5. In an effort to do the best possible job as a pro se party, I have studied the applicable Federal Rules of Civil Procedure, Local Rules, the Georgia Code of Professional Conduct for Attorneys, the Official Code of Georgia Annotated, certain federal statutes, the Federal Rules of Judicial Procedure, the Federal Rules of Appellate Procedure, the Code of Conduct for United States Judges, the Uniform Rules of the Superior Court, the Procedures of the Fulton County Superior Court, and case law.

6. I was born in Columbus, Georgia on October 2, 1948. I am 63 years old. My wife and I celebrated our 40th wedding anniversary on June 19, 2011. We have two wonderful children and three spectacular granddaughters. I have been a homeowner in Fulton County for 10 years. We attend Peachtree Presbyterian Church. We always pay our bills and our taxes. I have never been arrested, charged with, or convicted of a crime. My wife, children, and grandchildren have never been arrested, charged with, or convicted of a crime. I do not drink or smoke. I have never used illegal drugs of any type. I have never had a traffic or parking ticket in the State of Georgia. I do not break the law, except for driving a little over the speed limit. I would never lie in a legal matter or in court.

7. I was accepted to law school in 1970, but I had so much success as a student entrepreneur that I decided to continue to pursue business.

8. I began my business career in 1969 as a college student, and I have started, owned, and operated over 50 companies in my career. I was President of a Goldman Sachs company, and I was CEO of a Bain Capital company, two of the largest financial groups in the world. Before I was falsely and maliciously sued on August 29, 2005, I do not believe I had ever been a party to a matter in a federal court. I qualified for MENSA. I am probably more intelligent than the average attorney, and when my business experience is factored in, I believe I am smarter about civil matters than the vast majority of attorneys.

9. I served in the Army Reserve for six years during the Viet Nam War. I have been extremely patriotic until I discovered how corrupt the federal judiciary is. In regard to my proof of racketeering by federal judges and judicial personnel in Fulton County, I have contacted the District Attorney, FBI, U.S. Attorneys, Department of Justice, U.S. Attorney General, police, every member of the United States House of Representatives and U.S. Senate, every Supreme Court justice, and every federal appellate court judge, and no one responded offering to do a thing. Our representative in the U.S. House, Dr. Tom Price, even tried to tell me that members

of the House have no ability to do anything regarding criminal activities of federal judges. He lied.

10. My efforts to expose the criminal activities of federal judges and judicial employees have been publicized on the Internet. As a result, I have been contacted by thousands of people with similar stories. Over 10,000 people have registered on my web sites, by email, and on my Facebook Group “I Support the Constitution, Bill of Rights, and Honesty in Government.” I believe that my evidence is the tip of the iceberg.

11. This affidavit is based upon my personal knowledge.

12. I certify to the Court that I have provided notice of the October 7, 2011 Hearing to each of the Defendants. Personal, individually-addressed envelopes were mailed to each of the Defendants. In addition, I faxed the defendants with the Fulton County District Attorney’s Office and the Fulton County Sheriff’s Department. I also emailed Mr. Broadbent.

13. There can be no doubt from specific facts shown by affidavit and in the verified complaint that immediate and irreparable injury, loss, or damage will result to me if the temporary restraining order and preliminary injunction are not granted.

14. I am smart enough to know when judges, attorneys, Fulton County employees, and law enforcement personnel are committing crimes.

15. I believe I have become the worst nightmare of the corrupt federal judges in Atlanta. I believe they hate, loathe, and despise me and will do anything it takes to stop me from exposing them as criminals.

16. I have received a report from a federal prisoner that he was approached about being part of a plot that included assassinating me because I am seeking to expose federal judges for their criminal acts.

17. This Civil Action should be one of the most important lawsuits to be tried in Georgia in many years. It should bring a landmark decision that could help save our County and State from public corruption.

18. Before now, I have never been a political activist of any type. I do not recall ever having written to my Congressman or complained about anything.

19. I am asking for a TRO and a Preliminary Injunction.

20. I believe these are easy requests to grant because all I am asking for is for people to obey the law.

21. Immediate and irreparable injury and damage will result unless the Defendants are temporarily restrained and preliminarily enjoined, all as more fully shown by my FIRST AMENDED VERIFIED COMPLAINT filed on September

30, 2011. In my motion, I have detailed how my requests meet the criteria for granting my TRO and preliminary injunction requests.

22. I am asking for a TRO and preliminary injunction to protect me while discovery is quickly conducted to supplement the overwhelming evidence that I already have.

23. When a jury hears the charges and the evidence, these corrupt people will be taken to task. Then and only then will there be a hope that something will be done about the many people who have been victimized by these and other corrupt people intentionally committing crimes to damage others while trying to use their positions as a shield.

24. I research every issue thoroughly. I never take a position that is not what the statutes and case law CLEARLY provide to be correct.

25. The federal court system in Fulton County Georgia has individuals operating personally as a corrupt criminal enterprise. People with the titles of “judges” commit criminal acts routinely. The staff of judges and the offices of the clerks of the court are part of the racketeering. Employees of the U.S. Attorney’s Office, the Fulton County District Attorney, and the Fulton County Sheriff’s Department participate in the racketeering and/or facilitate the racketeering through their actions and inactions.

26. Federal judges and judicial personnel commit a wide variety of crimes and wrongdoing that are not acts that they are authorized to do in their jobs. They commit acts that are specifically and undeniably prohibited in their roles. They do this personally.

27. Federal judges ignore the facts; invent their own facts; ignore the Federal Rules of Civil Procedure (“FRCP”), the Local Rules (“L.R.”), and the Federal Rules of Evidence (“FRE”); ignore the law; ignore applicable case law; cite erroneous case law; commit perjury by making statements that they know to be false in their orders; violate parties’ rights in any way they can; commit obstruction of justice; deny access to the courts; and trample the Constitutional rights of litigants without a thought. They manipulate the judicial system to deprive parties such as me of our legal and Constitutional rights. They commit criminal acts without a thought.

28. The judicial system supports this dishonesty and illegality. The “system” denies any form of valid recourse for an aggrieved citizen. The Judicial Council and the Chief Judges of N.D.Ga. and the Eleventh Circuit ignore valid complaints and claims there is no proof when there is plenty. Aggrieved citizens have no recourse. Since the Supreme Court isn’t really in the business of correcting errors by the lower courts, the N.D.Ga. and the Eleventh Circuit

combine to have tyrannical power over citizens of Georgia.

29. The corrupt federal judges and judicial personnel will do anything to protect their racketeering enterprise and further this illegal activity. The word out of a federal prison is that they are trying to have me killed. The federal judges and judicial personnel have conspired to block me from protection and recourse at every turn. Most recently, illegal NOTICES OF REMOVAL were allegedly filed by some of the federal judges and judicial personnel to block Fulton County Superior Court actions filed by me. This action removed the cases to the N.D.Ga where Thomas Woodrow Thrash (“TWT”) has masqueraded as a judge, ignored his valid duties and obligations, and screwed me. Judge Thrash is presiding in two cases in which he is a Defendant. The rules and the Code of Judicial Conduct prohibit a judge from presiding over a case in which he or she is a defendant, but TWT and the federal judges in Fulton County Georgia don’t care about the rules and the law when they don’t suit their needs. They are criminals who do whatever pleases them.

30. I have learned that many employees of the federal courts in Fulton County Georgia are hopelessly corrupt. I learned the hard way by being sued for things I did not do and discovering that the federal courts here are a sham.

31. This saga began back on August 29, 2005. My wife and I were eating

dinner at the kitchen table. The doorbell rang and a process server handed me a ¾-inch thick lawsuit against me from Maid of the Mist (“Maid”), the people who do the boat rides at Niagara Falls. Every statement of alleged fact in the 50-paragraph verified complaint is false as to me. I call this 2005 lawsuit “MIST-1.”

32. I figured the case would be resolved quickly and the judge would punish the President of Maid of the Mist for perjury.

33. When Maid sued, they sued Alcatraz Media (“Alcatraz”) (my son’s company) and me personally. The lawsuit falsely and maliciously claimed that I operated my own business and did all types of things including theft and bribery. Maid and Maid attorneys knew this was false. Maid VP Timothy Ruddy testified that I should not have been included in many of the sworn paragraphs in Glynn’s affidavit and verification. Maid never produced any evidence to prove that Maid had any valid legal claim against me for anything.

34. When I became involved in all of this, I was very naïve. I felt that the judicial system was fair and honest, so I was confident that the courts would vindicate us and put Maid’s President, Christopher Glynn, in jail for perjury for a long, long time. Six years later, I know that our federal court system in Fulton County is totally corrupt.

35. On behalf of Alcatraz and myself, I filed a sworn response to Maid's lawsuit stating under oath under penalty of perjury that everything Christopher Glynn had said was false.

36. In March 2006, 32-year federal judge Judge Orinda D. Evans was assigned to the case. She read the two affidavits that were totally contradictory about the facts, and she granted the TRO to Maid. Our attorney and I were shocked.

37. At first, I suspected that Judge Evans had an incompetent young law clerk who was making a mess of this. I thought the judge just wasn't paying attention. It didn't take long for me to discover that Judge Evans was a bad judge. Then it didn't take me long after that to begin organizing the proof that she was a dishonest, corrupt judge.

38. Virtually every order that Judge Evans issued was against us. Out of 40 contested motions, it was 40 for Maid and zero for Alcatraz and me. This was all due to the dishonesty of Judge Orinda D. Evans.

39. During the discovery period, we took depositions and obtained documents. Our goal in all of this was to prove in **THEIR WORDS** that the verified complaint was totally false. We succeeded.

40. 46 of the 50 paragraphs were false or incorrect. Proof to show that as many as 46 of the statements are false is set out on pages 364 to 553 of Dec #25 (MIST-1 Docket #462).

41. Christopher Glynn swore that his statements were his personal knowledge, but that was false. Personal knowledge means the information is known from direct experience rather than hearing about it from someone else or making it up. Christopher Glynn swore that everything in his affidavit was true and correct, but that was false. In deposition testimony, Maid Marketing VP Timothy P. Ruddy testified that some of the statements in Christopher Glynn's August 25, 2005 affidavit were not true. In his deposition testimony, Controller Robert J. Schul testified that some of the statements in Christopher Glynn's August 25, 2005 affidavit were not true. Alcatraz, Carolyn Ballard Bazzo (an agent for Alcatraz), and I testified in depositions that statements in Christopher Glynn's affidavit were not true at all, and we had a lot of proof in emails and letters.

42. In February 2007, Judge Orinda D. Evans gave us a short meeting in her chambers. I informed her that we had documented proof of over 400 counts of perjury and that we had proven that the verified complaint was totally false. She cut me off mid-sentence and refused to allow it to be discussed.

43. At that point, I felt for sure that she was corrupt. But then she said a few things that caused our attorney and me to think we had won the case. But as she had done many times before, she reversed herself or “forgot” those things later. Any time we thought we prevailed on something, she ignored that and turned whatever it was against us.

44. Shortly after the February 7, 2007 meeting, Maid filed two contracts under seal for an in camera inspection. These were their contracts with the governments of Ontario and New York State. We felt for sure that they would have vital information for our defense. Judge Evans reviewed them and said they would not be provided to us. That is supposed to mean they were not relevant to the case.

45. In early 2009, I obtained these documents through Freedom of Information Act requests from the two government parties. The documents proved to be essential to our case. The documents proved wrongdoing by Maid. The documents were undeniable documentary proof of fraud upon the court. The case should have been reopened, but Judge Evans and Maid have done everything imaginable to block access to those documents. Subpoenas were illegally quashed. Subpoenas were ignored. Requests for production were ignored, fought, and denied. Case law provides without any question that my motion to lift the seal

should have been granted, but it was ignored for months and then denied on absolutely bogus grounds.

46. So, did Judge Evans obstruct justice by concealing these documents? Did Maid file bogus documents? Has the Clerk of the Court tampered with these documents? I have evidence to indicate that all of the above are likely true.

47. All types of dishonesty by Maid, their attorneys, and Judge Orinda D. Evans took place from 2005 to now. It would take way too long to recount it all. But rest assured that I have it all documented.

48. Judge Evans issued a preliminary injunction without a hearing on “tortious interference.” A hearing is mandatory, but we were denied.

49. Tortious interference requires damages. There were none. Maid claimed \$100 in damages from nine people who they claimed did not buy tickets for their boat ride. I obtained sworn affidavits from the nine people categorically denying what Maid claimed – they did buy tickets for the boat ride. Judge Evans ignored it and did nothing about it.

50. Judge Evans denied discovery. She even denied the ability for us to obtain the names and contact information for witnesses. She denied our ability to conduct discovery with Canadians. She denied access to the documents Maid withheld. She denied depositions of witnesses we did identify.

51. Mediation was used to reduce discovery to essentially 30 days.

52. The next big development was motions for summary judgment.

53. If there is a "fact issue," an important issue in the case that is disputed, there cannot be a summary judgment.

54. EVERYTHING was disputed in this case, so a summary judgment was impossible.

55. But Judge Evans granted the summary judgment for Maid.

56. To say that I was shocked was an understatement. I read the order, and it was one false statement and lie after another. The documents filed with the court proved her order was totally false.

57. There are over 200 FALSE STATEMENTS in the Summary Judgment Order. I have documented them all with citations to the record.

58. Judge Evans issued a summary judgment when the central fact issue was undeniably disputed. She did not find that I committed any wrongdoing, but she ordered me to pay \$400,000 in Maid's legal fees.

59. Alcatraz and I swore under oath at all times that Maid made up all of the sworn claims in the verified complaint and motion for injunctive relief in MIST-1. Judge Evans refused to even consider our charges of perjury, false sworn

pleadings, and Rule 11 violations by Maid and Maid's attorneys. I documented all the lies with citations to the record.

60. We appealed the summary judgment order to the Eleventh Circuit Court of Appeals. Naive me thought we would finally get this overturned and headed in the right direction. But three judges rubber-stamped Judge Evans' order. They TOTALLY ignored every error of law and fact raised by our attorneys.

61. I was flabbergasted. I was literally sick for several weeks from it. I worked closely with the attorneys and researched all of the appeal issues, so I knew the Eleventh Circuit had to overturn Judge Evans.

62. When I was able to think straight, I figured they supported their friend, Judge Evans, to protect her from indictment, conviction, and impeachment. I now know it is all a part of their corrupt racketeering enterprise.

63. So, on to The Supreme Court, I thought. Our attorneys then educated me that The Supreme Court is no longer a court of appeals. They don't review actions of the appellate courts. They decide if a case is interesting enough to them. The odds of that in 2009 were 1 out of 100. We were told it could cost us another \$250,000 in legal fees if we went on, and we might be held responsible for Maid 's legal fees since that had happened to us before. That would mean \$500,000 or more.

64. So, through clenched teeth, we reached an out-of-court settlement with Maid in December 2008 to stop the outrageous legal expense in MIST-1. Alcatraz and I refused to provide and did not provide general releases to Maid or Maid's Attorneys. We refused to provide releases because I was determined to go after them again.

65. I tried and tried to find an attorney to represent me, but no attorney was willing to sue a judge. They felt the federal judges would ruin them if they did.

66. So, in April 2009, I began efforts (representing myself) to reopen the MIST-1 case in federal court pursuant to FRCP Rule 60(b) primarily due to fraud upon the courts. A major factor was the discovery of new evidence -- the two contracts.

67. My task was simple; get the court to produce those documents, and we would get the case reopened and win. The bad guys would go to prison, and the Windsors would live happily ever after.

68. Surprise, surprise, Judge Evans refused. She began issuing perjury-filled orders. I know now that she was as corrupt as a judge could possibly be.

69. One of the attorneys who refused to represent me out of fear of the judges gave me some advice. He told me to appeal early and often, so I did. As a

result, I now have dozens of orders from Judge Evans, Judge Duffey, Judge Thrash, and the Eleventh Circuit. This gives me dozens and dozens and dozens of documents that prove dishonesty and corruption.

70. Not to be stopped without a fight after Judge Evans tried to block my efforts, I subpoenaed Judge Evans! This probably doesn't happen very often. Then some truly bizarre things happened. Judge Evans filed a motion in her own court in my case. Judges can't do that, but she did. She hired the United States Attorney's Office (the same people who are supposed to go after corrupt judges). On June 3, 2009, the U.S. Attorney representing Judge Evans filed a motion to quash a subpoena for the deposition in MIST-1. The motion was referred to Judge William S. Duffey ("Judge Duffey"), and this created Civil Action 1:09-CV-01543-WSD (the "BOGUS ACTION").

71. Judge Duffey had never had any dealings with me prior to the referral of the motion to quash. I had never heard the name "Judge William S. Duffey" either. There was no conference held, and there was no hearing held, despite my motions requesting both. On June 8, 2009, Judge Duffey stayed the properly subpoenaed deposition. Judge Duffey made a number of false statements in the stay order dated June 8, 2009. The order was totally pro-Judge Evans, and it

indicated that Judge Duffey may be biased. I quickly realized his bias was terminal.

72. On June 30, 2009, an Order to Quash the Deposition of Judge Evans was issued by Judge Duffey. The order described me as “scurrilous and irresponsible.” The legal definition of scurrilous is "evil." The legal definition of irresponsible is "mentally or financially incapable." I am neither scurrilous nor irresponsible!

73. This was written by a man who did not know me, had never even seen me, and who made such a statement and decision based solely on my three uncontroverted sworn affidavits. In 2009, there were zero (0) affidavits filed by Maid in MIST-1, the BOGUS ACTION, or MIST-2. So, my testimony and evidence stood alone as the record before the court.

74. The only explanation for this slander is that Judge Duffey was predisposed to bias against me because I had the audacity to try to depose Judge Evans to obtain information that was available only from Judge Evans that I desperately needed to reopen the case in MIST-1. There is nothing scurrilous and irresponsible in the three affidavits that Judge Duffey had before him when he entered the June 30, 2009 order – Dec #29, Dec #35, and Dec #34 in the BOGUS ACTION.

75. On July 27, 2009, I filed Civil Action No. 1:09-CV-02027-WSD (“MIST-2”), an independent action in equity for fraud upon the court and RICO.[20] On July 28, 2009, when I was told by the District Court Clerk’s Office that Judge Duffey (the judge who called me “scurrilous and irresponsible”) would be presiding in MIST-2, I immediately went home and prepared a Motion to Recuse Judge Duffey and a Motion for Change of Venue. I returned later in the day and filed.

76. On July 30, 2009, a TRO Hearing was held. Judge Duffey denied the motion. Judge Duffey distributed an order on my motions regarding service of process on Canadian defendants, representation, motion to change venue, and motion to recuse. All were denied. Judge Duffey was antagonistic and biased in the hearing. Details of this are provided in the Transcript of the Temporary Restraining Order Hearing. False statements in the July 30, 2009 order are listed in the Affidavit of Prejudice filed in the BOGUS ACTION.

77. On August 4, 2009, I filed an Emergency Motion to Recuse Judge Duffey. I advised Judge Duffey that I would seek a Writ of Mandamus if there was not a prompt response. This motion appears on the MIST-2 Docket as a “Motion for Leave” because Judge Duffey ordered that I must first submit proposed motions to him with a request for approval to file. This motion was

pursuant to 28 U.S.C. §144. The filing included an Affidavit of Prejudice and a 28 U.S.C. §144 Certificate of Good Faith.

78. On August 10, 2009, I filed a Petition for a Writ of Mandamus with the Eleventh Circuit seeking to have Judge Duffey disqualified. The Affidavit of Prejudice and a 28 U.S.C. §144 Certificate of Good Faith were included as exhibits. On September 17, 2009, the Eleventh Circuit denied the Petition for a Writ of Mandamus.

79. At some point during all this, I took my first petition for writ of certiorari (appeal) to The Supreme Court. The Supreme Court decided it was "not worthy" of their consideration. I spelled out the fraud and corruption for them, but they ignored it.

80. Like the Energizer Bunny, I just kept going. Every order issued by Judge Evans and Judge Duffey was not valid based upon the facts or the law. They were totally corrupt. The judges didn't make mistakes. They were intentionally committing crimes to try to stop me.

81. I reported all of this to the United States Attorney (same one who represents Judge Evans), the FBI, the Justice Department, every member of the House and Senate Judiciary Committees, and many others. No one would do anything! They completely ignored me.

82. So, I sued them. I prepared everything and flew to Washington, DC to file there as I thought I would find honest judges in the shadow of The Capitol and The Supreme Court. I ran right smack dab into Judge Richard J. Leon. He proved to be just as corrupt. He dismissed my case on bogus grounds and did a lot of nasty stuff to me. At this point, I started to realize that the corruption in our federal courts may be everywhere. I don't know that for sure yet, but from the reports I have gotten from people all over the country, I suspect it is true. We have a Constitutional Crisis on our hands. The federal judges have hijacked the Constitution, and they are holding us all hostage.

83. I continued my efforts in Judge Evans' court and Judge Duffey's court, and they lied and cheated me every step of the way. I appealed just about everything to the Eleventh Circuit, and they lied and cheated me every step of the way. In fact, in 62 pages of orders (perhaps 25 orders) from the Eleventh Circuit, they never ever, even once, addressed ANY of my points or error or law. They ignored the facts and what the law actually provides and ruled against me in one sentence orders much of the time.

84. The abuse escalated. Judge Evans found me in contempt of court. She warned me that "You are playing with fire." She threatened to put me in jail. She fined me. She hit me with more legal fees. Lying every step of the way.

Violating the law again and again and again. Same for Dishonest Duffey. He's just as bad -- maybe worse -- a real snake. Most of his lies are proven with documents that he pretends do not exist.

85. I was found in contempt in April 2010 for filing the DC lawsuit pursuant to FRCP Rule 60(d) – an independent action in equity to set aside judgments and orders in MIST-1 and MIST-2. Judge Evans' outrageous contempt order was that res judicata prohibited me from filing the DC Action. Res judicata applies to any causes of action that existed at the time the original complaint was filed in August 2005, so it did not apply. Res judicata requires that the parties are the same, which they were not. Res judicata requires more...none of which was applicable. I provided many thousands of cases, but Judge Evans simply made stuff up and issued a ridiculous order.

86. She awarded criminal sanctions, but I was never granted any criminal due process as required by Fed. Rules of Criminal Procedure.

87. I was ordered to dismiss my lawsuit against her and against Maid and their attorneys. I have probably now lost the ability to pursue them due to the statute of limitations, and many other rights will be lost this month unless I get some relief somewhere.

88. In April 2010, I was ordered to pay approximately \$300,000 in legal fees to Maid for motions that I filed in 2009 during 217 days in which Judge Evans ignored EVERYTHING. I filed 30-some-odd requests for conferences or hearings saying I needed to be heard and needed to know what the judge wanted to do about various things. I stressed repeatedly that I did not want to violate anything or do anything that the judge didn't like.

89. I was NEVER been granted a hearing.

90. After 217 days, she denied all of my motions and all of Maid's except one, and she denied attorneys' fees.

91. For months later, after no appeal, she awarded attorneys' fees.

92. I was not given the ability to call witnesses, cross-examine witnesses, or submit evidence.

93. Judge Duffey and Judge Evans have taken the unbelievable corrupt acts to a new level. They have the Clerk of the Court doing all types of things. My filings magically disappear. I presented a new lawsuit to be filed, and they refuse to file it. There is no legal right whatsoever for them to do this, but there is nowhere to turn.

94. I filed three Petitions for Writ of mandamus with the US Supreme Court. One each to disqualify Judge Orinda D. Evans, Judge William S. Duffey, and one for the seven corrupt judges who I had identified at the Eleventh Circuit.

95. I asked The Supreme Court whether they would stop federal judges from voiding the Constitution. I asked them whether they would expose the corruption in the federal courts. I asked them whether federal judges may continue to ignore the facts, ignore the law, and violate the Constitutional rights of the people who appear as parties in their courts.

96. I prayed that they would have the guts to blow the corruption wide open, but they are all products of the same corrupt system, so I was shocked but not surprised that the Supreme Court issued three rulings on January 18, 2011 that allow federal judges to continue to violate the Constitution, treat it as if it doesn't exist, and ignore the law and the facts.

97. Judges are supposed to tell the truth at all times, but these judges have made false statements routinely. These were material false statements made under the judges' oath of office in a federal proceeding. These judges knew statements that they made were false.

98. Judges are supposed to provide due process to the parties in their courts, but I have had just about every form of due process denied. I have not been

allowed to present evidence, call witnesses, cross examine witnesses, have an impartial judge, and much more.

99. These judges routinely ignored the facts and the law and even invented their own facts. These judges have made rulings that are absolutely contrary to the law.

100. I decided my only hope was to file an action in Fulton County Superior Court because these crimes have all been committed right here. I went by the book and notified all of the Defendants that I was seeking a TRO. The U.S. Attorney's Office then filed Notices of Removal. Totally illegal, but it deprived you and other judges of jurisdiction. They move the case to their corrupt courts. Thomas Woodrow Thrash immediately issued orders denying me the ability to file motions, declaring that my case was frivolous (based solely on my sworn affidavits), etc. Judge Thrash has intercepted, stolen, and destroyed personal letters that I have sent to potential witnesses by U.S. Postal Service. He has caused dozens of my filings to never be docketed or processed. He has issued a permanent injunction blocking my ability to file lawsuits anywhere in the country for the rest of my life. He has committed massive perjury and obstruction of justice.

101. Over the last six years, our nice, quiet life has turned into an ongoing nightmare.

102. I am now legally bankrupt. I had to cash in my 401(k) account to pay deposits into the court for the sanctions awarded last year. I don't have enough money left in the account to cover the taxes on the withdrawals. I chose not to file bankruptcy in continuing hope that a judge or a grand jury would come to the rescue.

103. Upon information and belief, the only explanation for why Judge Evans ruled as she did is that she accepted bribes and/or did favors for the attorneys for Maid for some other reason. The motivation of the other racketeers may be money, or it may simply be to protect all of their ability to operate criminally.

104. I have massive proof of the wrongdoing.

105. I believe a key to blowing this racketeering wide open is with testimony from former employees of the Defendants who are honest people who will be less likely to lie under oath.

FURTHER SAITH AFFIANT NOT.

In accordance with 28 U.S.C. § 1746, I declare under penalty of perjury that the foregoing is true and correct.
