Dear Ms. Yates:

I was informed on May 12, 2011 by a reliable source that I may be targeted for assassination by the U.S. Government. As you know, I am an activist seeking to stop government corruption and judicial corruption.

I was a guest on a radio talk show on Republic Broadcasting on Thursday, May 12. Following the radio show, I was contacted by a known, reliable source who informed me that the U.S. government may be targeting him for assassination.

The report comes from a federal prisoner through his wife. I have been told that the prisoner was approached by government agents offering the man a deal. That deal was for him to infiltrate efforts of people, including specifically by name - William M. Windsor. Assassination of William Windsor and at least one other named individual was mentioned.

I know this sounds like something out of a movie. I am naive enough still to think this is probably not true. BUT I will assure you that the radio talk show host who called me to tell me is someone very reliable --

not a person to communicate something like this unless he believed his source to have sounded legitimate.

I have asked if the prisoner will sign an affidavit telling what he was told.

This has been reported to the Cobb County Georgia Police and an agent with the FBI.

I am outspoken in his efforts to expose what I call rampant judicial corruption. I recently took three cases to the U.S. Supreme Court with proof of crimes and violations of the Constitution by 11 federal judges. The Supreme Court refused to tell judges that they have to abide by the Constitution thus proving that the corruption extends all the way to DC.

I have amassed proof of hundreds of criminal violations by 11 federal judges in Atlanta, Georgia, and on May 10, those charges were formally reviewed by a grand jury in Atlanta – Fulton County Georgia. I am therefore a government witness.

I reported crimes by federal judges to President Obama, the FBI, the U.S. Attorney General, and every member of the House and Senate. Not one responded. I intend to pursue criminal complaints against all for committing Misprision of Felonies – 18 U.S.C. 4.

What can you do to investigate this and get me protection?

Sincerely,

A handwritten signature in black ink, appearing to read "William M. Windsor". The signature is fluid and cursive, with a large initial "W" and a long, sweeping underline.
