That's pretty funny, you better hurry because she is about to be arrested on federal charges and shipped directly to a mental facility.

Stalker, ya right... what she has is a case of paranoid schitzo delusional personality disorder.

She is paid monthly to harass her "stalker", which she defines as anyone who ever looks at her BS websites and anyone who tells her to shove it as far up her fat ass as she can reach!

If you haven't figured it out, I'm her alleged stalker.. Only because she says so!!

I am the one that has restraining orders against her not the other way around!

So, let this be your standing cease and desist. If you or she mentions my name or my employer in any association with stalking or if you accuse me of any crime on her simple lying word, i will have you arrested on GA cyberstalking laws, and I will sue you for every penny you never had.

I had enough crap from all the wackjobs associated with this lying POS. You can tell her I'm coming for her and I'm going to make sure she is locked away forever. Want to screw with me and the same goes for you!!

Dont bother replying, youre going on the wackjobs to ignore list!

Despite my concerns about lawyers in general, I suggest that anyone with legal questions consult an attorney for an answer, particularly after reading anything on my website or in my emails. The law is a gray area at best.

Would you be willing to spend a few dollars to save America from corruption? If you can afford it, please make a donation so my friends and I can try to save America from government corruption and our loss of Constitutional rights.

750 nobodies and their families and friends are setting out to save America. No guns, no violence, just an RV, cameras, microphones, and 750 everyday people telling their stories for Lawless America...The Movie.

The issues that motivated the colonists in America to revolt were NOTHING compared to the issues that all Americans face today. We have lost what our founding fathers established for us. We have lost our fundamental rights. But 99.99% of Americans do not even realize it. Educating a wide audience is essential if there is any hope that we can bring about reform. I have recorded a five-minute video that explains the problem and what we are doing about it.

This is a Pulitzer-prize winning story that the mainstream media has not covered because they are afraid of the judges and the government. I am not afraid.

This movie will include some incredible stories:

- Mollie Malone, mother -- when she and her husband lost their jobs and ran out of money, they went to the state for help; the state took her two children and put them up for adoption. Mollie didn't know it was a crime to be poor. It's not supposed to be.
- Jeff Baron, an Internet domain name entrepreneur who has had every asset stolen by two federal judges in Dallas and their attorney friends. Jeff has lost assets valued at \$100 million, and he did absolutely nothing wrong. This could happen to you!
- Shellie Youhoing-Nanan, a mother and a private investigator in Georgia – SWAT teams burst into her home, terrorized her family, threw her down and kned her in the back causing her to lose her unborn child. She was guilty of absolutely nothing. She sued, and federal judges denied her the right to seek damages for what was done to her.
- Sandy Fonzo, mother – Sandy's son was sentenced to a child's prison by two judges in Pennsylvania who received millions in kickbacks for sending children to prison for crimes like faking a sick note and wearing too much perfume. Her son was so distraught that he committed suicide. This took place in the Kids for Cash scandal that you may have heard about.
- Barbara Rose, grandmother – Many stories of mothers, fathers, grandmothers, and grandfathers who have been denied any contact whatsoever with their children and grandchildren for no good reason. Barbara has not been allowed to have any contact with her grandchildren for 10 years. Imagine if this happens to you.
- Sunny Sheu – He obtained proof of corruption by a judge in New York. After two goons threatened him, he recorded a video saying that if turned up dead, it would be the judge who arranged it. Sunny was murdered two weeks later. We'll also be telling the story of a man who was so distraught by the devastation of his life by a judge that he set fire to himself on the courthouse steps.
- Andrew Wordes -- an innocent man who had legally been raising a few dozen chickens and other small birds in the backyard of his suburban Atlanta home, is now dead, following a crusade of terror perpetrated against him by the City of Roswell Georgia.
- Erna Boldt and many other elderly people who have been robbed of their assets and terrorized by court-ordered guardianship scams.
- And 739 others, all victims of government corruption, judicial corruption, police abuse, or crooked attorneys.

I take calls and receive emails from everyday people all day every day, many crying, desperate for someone to help them. At last count, over 25,000 different people have emailed me in the last 18 months. I do what I can, but I conceived this movie to generate awareness with millions of Americans. This will help all of these victims and the millions of others who may not even realize what has happened to them.

Lawless America...The Movie started as a little movie project, but it has become a huge and very important project. We are now trying to raise a some money to make the movie special. We have

launched a fundraising campaign on KickStarter, a website that generated pledges of more than \$175 million dollars and has delivered more than 20,000 successfully funded projects.

Thus far, most of the financing for the movie has come from the 750 victims, almost all of whom have been devastated financially by their ordeal. I am donating a year of my life to the project with no compensation.

We have 37 days to raise \$50,000, or we get nothing. We NEED your help...

Please go to [our project page on KickStarter](#), and do the following:

- Login to Facebook and click the LIKE Button on [our KickStarter project page](#).
- Click on Comments on [our KickStarter project page](#), and add a comment supporting the movie and/or expressing your opinion why this is important.
- Then make a donation on [our KickStarter project page](#).

Please forward this email to everyone you know. Post it on every Facebook page and website page that you frequent. Post it in chat rooms. Post it everywhere. We have to get as much support as we can get for this project.
