Subject: NEWS TIP ~ CORRUPTION

Hello News Team !!

You do a GREAT job covering things for us all.

I just stumbled on this tid bit , that I found interesting. Hopefully you will too.

I would LOVE to see a follow -up to this, Maybe Your Team can get the tough answers that "others" seem to be so determined to avoid ?

There is a man Named Sean Boushie, a Faculty member at the University Of Montana. sean.boushie@mso.umt.edu.

He has by many accounts threatened , harrassed & stalked **SEVERAL** people.

Yet Detectives **Maury McKinney** , Prosecutors [Lincoln County Attorney Bernie Cassidy](#) even the Judge [Ravalli County Judge Robin Clute](#) , are **ALL** ignoring the facts !!

<http://www.prosecutorcorruption.com/2011/01/bernie-cassidy-lincoln-county-montana.html>

http://www.lawlessamerica.com/index.php?option=com_content&view=article&id=856:movie-producer-bill-windsor-and-crystal-cox-threatened-by-stalker-sean-boushie-from-the-university-of-montana&catid=123:news-reports&Itemid=223

I am fairly CERTAIN that the **ENTIRE state** would just LOVE to knowWhy is this man not being held accountable? This is supposed to be a Teacher to our young people. To our next generation.

Is this really the message that we want to send? That this behavior is acceptable?

Please Read the e-mails , , , the PROOF is here he is vulgar & threatning.

This man MUST be called in for his actions immediately !

Thank you very much for your time & I look forward to seeing your piece on this corruption & injustice.

That's not actually Crystal. That's a stalker named Sean Boushie who has stolen her identity and set up a site using her name.

Just an FYI: are you aware that some people you have hired as editors are collaborating behind your back to try and bring you down and smear your name?

The post was on American Mothers Political Party website, but someone sent me something saying they had removed a bunch of stuff that could get them in trouble. Trust me, it was there. I saw it with my own eyes.
