Duh. Those pesky settings are real monkey stumbers. Just like contents of the links to public records that are plastered ALL over any GOOGLE SEARCH of Connie Bedwell, you must read. And comprehend. After someone else on your friend list did the due diligence & posted Bill Windsor & Lawless America was phony? You took their word for it! Go on, click on the TruthAboutConnieBedwell link. Spend 10 minutes actually reading & looking at the documents provided from public records. And then? You, too, can be the 1st of your friends with a breaking news post! By the way? You got something unpleasant on the end of your nose...Now, go copy & paste that to your Facebook public page. *waves*

She has military training (&ptsd) and she's been sitting on GO for months to the big Meet in DC rally! I think MaryB is staying at the local homeless shelter too. She's trying to economize on this trip, driving the bus would save her on travel expenses.

32	January 2013	1/18/2013	Be Careful You Never Get Caught in The Spider Webb	Petunia Snodgrass January 18, 2013 at 3:09 PM	& @Curtis, I agree with a comment you made earlier. Alcohol consumption has NEVER made me consider changing from heterosexual to homosexual partners, nor has alcohol consumption made 14 year olds desirable to me sexually. Neither is there' not a lot of drunk rabble rousing, late at night at the church/religious retreats I've attended. There's no justifying any of it, to me. Nothing anyone says is going to change Webb's opinion or 'ours'. I keep hearing Jamie Foxx's rendition of "Blame It On The Alcohol" in my mind as read & re-read Mr Webb's comments. He likes Joey & he's going to blame anything, anyone & alcohol for the choices & actions of Joey. I just wonder how many others share Mr Webb's opinion, but would never dare utter it? The pondering of that question & having a 14 year old son makes me more over-protective than ever before.

Can't message her....sent her friend request....we'll see~ Nancy Goates2 hours agoOk all if you noticed I was gone for a while because it seems someone hacked into my account and then went on an organization called Lawless American, either on FB or web site, not sure which one and wrote some horrible things about them being a fraud. I can assure you I did not wrote what was said, never had any dealings with them or know exactly what they do. Have I heard their name before, yes, but I personally do not, have not ever dealt with them nor do I care what they do. With that being said, before contacting me they wrote some horrible things about me calling me crazy and well go read it. This was all brought to my attention by someone I just added as a friend, her request, this morning. Now I have contacted them so far no reply, but the bad thing is now when you google my name, this article comes up, which I will not stand for. My whole life is fighting for Alissa and my march against child abuse in April. I do not have time for all this bs, especially since it was not my doing. I change my pw, but if my profile is gone, not to worry, I am not gone. Just trying to get my name cleared..by whatever means I have to.....this all sux

195	January 2013	1/24/2013	Bill Windsor Gets Owned	Petunia Snodgrass January 24, 2013 at 4:25 PM	Here's a little giggle snub from the Marietta Daily Journal June 12, 2012, about PieLiar's announcement for candidacy. WILLIAM WINDSOR, who was "all talk, no action" on his announced plans to qualify as a candidate to run for Tom Price's Sixth District congressional seat, now says he is running as an independent write-in against Price. But he has other business to attend to first. He sent out a release Monday inviting the press and public to join him for a bon-voyage lunch Thursday at Dickey's Barbeque in east Cobb. "After lunch at 2 p.m., I depart on a 143-day road trip to all 50 state capitals and DC filming a documentary (Lawless America) that will expose government and judicial corruption and the absolute necessity for legal reform in America," he wrote. "We will film over 1,000 victims and a host of experts. Among my many stops will be the offices of '60 Minutes' where I will demand to see some honchos to find out why they ignore the corruption and have allowed us to have our constitutional rights stolen by corrupt judges." Windsor said he will be back in town three days before the election. "Since I will be out of town until three days before the election, I will not have any time to campaign, and I am not accepting a dime in campaign donations," he said. "I assure you that, if elected, I will likely be the only honest member of Congress." "I am firmly committed to seeing that every corrupt judge and elected official in Georgia is exposed, indicted, arrested, convicted, imprisoned, impeached and disgraced. In my opinion, this means most elected government officials in Fulton and Cobb County, and every judge in the state." BTW, Windsor warns those who come to his lunch to "BYOLM (Bring Your Own Lunch Money)." That's OK. We're LOL. 217	January 2013	1/25/2013	Un-American Pie?	Petunia Snodgrass January 25, 2013 at 11:53 AM	So? Lemme get this straight, Anon. PieLiar was accepting or participating in, ummmm, oral gratification (other than pie) from his "tech guy's" woman/wife? Is that the insinuation that keeps being made? And, the LotLizard tag is given because it seems PieLiar also receives this same type of oral gratification (other than pie) in exchange for "filming" women's stories? There sure is a seedier side of the "fighting judicial corruption" movement... & my own opinion? From the 24 hour stints of FB posts, emails & You-Tubing sessions, the rants, the paranoia, the anger, the inability to focus? These are ALL significant signs to me of meth-amphetamine use. I've noticed in recent pics of PieLiar his teefies & beard are VERY yellowed, is this from smoking cigarettes or Meth or both? Some of the Anon comments are so cryptic, I can't understand what is being implied.
218	January 2013	1/25/2013	Un-American Pie?	Petunia Snodgrass January 25, 2013 at 11:58 AM	New Flash from PieLiar~ Bill Windsor These folks must be mentally ill; that's my opinion. Sane people don't do things like this. This Gail Lakritz woman must be nuttier than a fruitcake. If people think I don't have copies of all emails, they are sorely mistaken. And screenshots. And complete downloads of all hate sites. It's a full-time job for some of the volunteers just to document the libel, slander, defamation, and criminal acts of these wackos.

Look 0-0MaryB is hurt for being demoted:(Mary Bagnaschil tried to be the Lawless America Connecticut State Coordinator for almost a month. I felt very happy and connected to have been honored as Coordinator, but it appears others were not so happy and I have been removed for excessive posts and public statements. I have made criticizing all of the negativity flying around Lawless over the past few months in which many decided also to either be removed or were removed from the movie. I am not as concerned about the movie as I am for my Congressional testimony to be delivered and included with those going to Washington. I am and have been looking for support to gain a Grand Jury investigation into government corruption in CT I allege and can prove. Any Lawless America people who have information or knowledge on this or any other information to share, please do. I thought the purpose of having State Lawless chapters was to strengthen our unity by supporting each other. That was my goal. I apologize to any and all who I may have offended in my efforts to do all that I can to be a member in good standing on the team. Thank You for having given me the opportunity to serve the Lawless America Revolution. That she believes this is going to solve her legal problems & that Lawless America, the "Movie", Bill Windsor, any of et al, gives two rat's shits about her is what infuriates me. I see the hope in MaryB's posts...she has great HOPE & FAITH. She doesn't grasp that they don't care about her...I realize she has mental & emotional health issues, I just feel so bad for her...

Any blog? & do the stats you are able to see as an admin show the amount of 'shares' your blog gets? I don't want to know specific visitors, just want to see how your audience is growing. And, how it stacks up to others I read.

I volunteered a few times before I was called upon so yes I know that emails can get stacked ontop of each other and temporarily lost. However I just heard from a Nobody who sent Bill an email--- maybe it was years ago--anyway some time had passed but Bill then emailed him just as he was beginning this Lawless travels. So, please don't take it personal and know that Bill or a volunteer will get to you soon as they locate emails. Bill is not filming right now because he is finishing up many of the production duties. Have you located other volunteers in Goergia thru the fb page? If you have the ability to film yourself and send it in, then you are welcome or you can Meet Us in DC and be filmed. I did not contact Bill myself, I assumed someone was monitoring these things. Please remove the video and secure a measure for all of us to be safe from these types of attacks. In addition, the chat on talk shoe is full of negativity and also something that I will not participate in. This Lawless shit is just adding to her stress. The disses she's getting & the snubs really cause her emotional pain. You can read in her comment about not being the CT page coordinator, that it hurt. Fockers, Julia & Allie really are mean to her.
308	January 2013	1/29/2013	Bullies Hate Being Bullied	Petunia Snodgrass January 29, 2013 at 14:14 PM	I have heard this rumor told repeatedly~ I don't know the man's name, to check if it's true....It goes.....Back during the Clinton years, there was an old man that frequented the bars in East Texas near Lake Tawakoni & he would get drunk & rant & rave about how he wished he could "kill Clinton. If he was Monica's daddy he'd restore her good name...blah, blah..." The other old men egged him on & encouraged him to just go on & write Clinton a letter. He did. One Saturday afternoon, he was bellied up to his favorite bar, blathering his hate & two well dressed men came in & sat on either side of him. They listened for awhile & then flashed their badges, cuffed the loud old drunk & hauled him away. Mr. Clinton Hater ended up doing 24 months in Club Fed for making threats to the President.....I worry MaryB's emails could get her the same.

She is dissing the Torrington Pd & the officers individually. She seems to believe the officers need medical evaluations because they are fat asses & can't be trusted with a donut, much less to uphold the law. 326	January 2013	1/31/2013	The Upcoming Failure In DC Will Change Everything for Billy	Petunia Snodgrass January 31, 2013 at 10:52 PM - Part 2	I'm hanging. I was reminded today of many things. Mostly how precious life is & how fleeting. I read Kerin's comments above & it bothers me that this individual feels so beaten. I wish I could inspire Kerin in some way to take a different tact. I wish Kerin would harness the hope put toward Bill Windsor & Lawless into Kerin & Kerin's best interest. Focus was mentioned above. Kerin, do you feel any real focus to your plight will be gained? Could other measures be taken to resolve or change your plight? Kerin, do you feel your video is so outstanding among the others, to grab attention? Kerin, were you above reproach? All your legal ducks in a row? All rules followed by you? Maybe I'm misguided.... Throughout my life, near 50 years, anytime I ended up in a bad situation, I had NOT followed the steps somewhere along the way that I should have.... I've been done wrong & taken advantage of, BUT, I am able to look back & see plainly where I allowed it to happen. I'm not saying that there isn't corruption. I'm saying that the rampant corruption that the followers of Lawless & Bill scream about does not exist. Kerin, it doesn't take a big brainiac to realize that MrWindsor spends HUGE amounts of each day on Facebook. He's not organizing an event. He's not researching yours or anyone else's 'testimony'. He's online, seeking praise & attempting to have you followers virtually 'pat' him on the back, praise him AND buy a Lawless t-shirt, send funds for travel, hotels, gas, etc....& note that his son owns a company (Alcatraz), several companies in fact, that plan excursions (DC tour among them) MrWindsor has never finished any project he's ever started. That's where focus comes back to me.

327	January 2013	1/31/2013	The Upcoming Failure In DC Will Change Everything for Billy	Petunia SnodgrassJanuary 31, 2013 at 10:52 PM	Why can MrWindsor not focus enough to complete any endeavor? Why can he not focus on you, his followers & not worry/defend himself against us, naysayers? If I were really focused on this project, FaceBook-ing would be the LAST item on my agenda. I'd be so busy busting my ass to prove to my followers trusting in me, that I wouldn't give a second's glance at some little obscure blog written by strangers. I would be hanging on yours & the others' every sad words & be determined to really help them. If MrWindsor were really trying to get an audience with influential lawmakers, he would be following the law. MrWindsor is a HUGE joke among attorneys, congressmen, senators, judges.... They hear his name & guffaw at this latest scheming scam. They avoid him like he had the Bubonic Plague. Kerin, your great leader, MrWindsor cannot even follow the very lax rules set forth by his favorite pastime, Facebook. I've been using Facebook for several years & have seen some outrageous things that weren't blocked or banned by the Facebook Team. How does such a wise & worldly man as MrWindsor manage get thrown off a social media site that middle school students manage to maintain good standing? Kerin, I'm not a vicious or vindictive individual. My heart breaks when I read Mary Bagnaschi's posts, she's a Lawless follower from Conneticut. I'm not familiar w/your story that led you to Lawless. Please, take some time & use your computer to look again from a different perspective & see IF maybe we are correct about MrWindsor. Check his past business ventures. Check ripoff reporting sites. It won't hurt to look. Just be informed. You can be a follower, just be an informed one. Information & facts NEVER hurt anyone. Do you read labels on medicine before you injest them for the first time? Read the labels on MrWindsor.... The side effects may not be worth taking his recommended dosage..... *waving well wishes to you, Kerin*

Yes, this woman is nuts, but airing this out here is not going to help anyone, and may in fact be hurting us. Surely time could be better spent. 352	February 2013	02/05/13	Day One of Failure In DC is In The History Books	Petunia SnodgrassFebruary 5, 2013 at 10:56 PM	Holaj!! been missing y'all! What's up Homies? I snorted outloud twice & am giggling still.... That Gail! I zeroed in on her Sunday..... She's trippier than my fav gal MaryB. Speaking of? MaryB, is she ok? No? MIA in DC? (& yeah, her like pages are good! I liked them too!) I'm thinking of having "a best of" contest on the Slanderella page. Best screen shot of Julia, Gail, or any of the other LA regs..... Still in planning stages... Grand prize will be an autographed pic of Brannon in his morph suit holding a Mike's! Julia's speedy deleting snit has gotten on my last frayed nerve. I'm awarding her the UberWussie Award for being unable to face her own blather after re-reading it. Did y'all catch that thread where she 'informed' me "I am a tigress! Just look at my profile pic!" (Duh, Dingleberry, your profile pic is a lioness) I may just bestow a double whammy award on her, UberWussie+XtremeDoopus.....but Gail is proving a fierce contender for XtremeDoopus. I forgot to look, but did Julia &/or Gail like the pot post? Y'all think if they puff puffed passed enough they get any brighter? My really sad thought for today was, what if Julia or Gail was your Mom? There's a passel of pitiful right there.... My little misfit relatives started looking mighty shiny after I gave that a few minutes of consideration. Ok, there. That's the stuff I pondered today. Deep, huh? ****WAVES****(adjusts Tiara so light catches perfectly) winks/mouths "WorldPeace"***

Does the 'instructor' charge be the hour? the half? or by student? How does a Ukelele possessor (can anyone truly own a Ukelele?) even begin to find a 'class'? Is it in person class or online? This Ukelele shit has my full attention. Hellfire! I want my little Bertrand & IdaLee signed up ASAP! I can just the sign outside the Opry now! "The Ukelele Snodgrass Twinks Take America! We respect the opinions of others, agree to disagree & most importantly fact check. Humor is a bonus. I understand not using actual names, but, I agree the Anons are hard to keep straight. For a time, I couldn't get Google to accept my chosen profile. I would 'sign' my comments at completion. Ginger is the 'boss' here. Ginger sets few rules. General courtesies, common interests in exposing frauds, sharing information gained & being able to see the humor in these absurd individuals & their followers/supporters are what has kept Ginger & the Snaps 'together' for so long. Her poor kid!& can imagine some snotty kid at school finding that video of Allie & using it to humiliate Allie's kid? I'm cringing!I would crawl across broken glass on my bare hands & knees to keep my kids! I have never been in a situation of abuse or abuse of my kids, but that's my gut instinct of how desperate I'd be to be their mom.Allie needs to log off & tune in to her real life crisis. Reading that just makes me sad for the kid & angry at Allie.
372	February 2013	02/09/13	Billy is Coming After Me	Petunia SnodgrassFebruary 9, 2013 at 11:54 PM	I just use one source of information on anything.I research NUMEROUS sources.However, after always getting facts from Ginger, for a long period of time, IF Ginger told me a certain kind of pie was shit? I'd take it as truth. Ginger never fails to back up what Ginger publishes. If Ginger doesn't know, someone else here in the clubhouse usually does & they too, can produce documentation to back up what they post. Reputation. Integrity. Honesty. Transparency. You either got these or you don't.*side note>My Dad has a saying "some people can dip from the Integrity & Honesty barrel all day long with a 5 gallon bucket & never come up with a teaspoonful." I didn't understand this rural verse as a kid, but if you ponder it long enough, & you are any kind of decent, the analogy will be understood perfectly. These character attributes of an individual that I listed above should be earned & not given to complete strangers as the followers of MrWindsor have so blindly done & many are regretting.Mr. Windsor would have been well advised to research his opponents here before beginning his wore out Billy Battle routine of shitty, threatening emails. He will be so surprised at the wide range of occupations, agencies of employment, & how well "armed" we are as a group with knowledge of the law & the far reaching connections we cumulatively have to literally stop him in his Toybota tracks.Mr. Windsor, you've chosen the wrong batch of folks to play tidily winks with this time. There's no lemming pies to be had among the Clubhouse Snaps.He's such a piece of shitty lying pie crumbs. I'm so utterly enjoying watching him squirm & dash off his goofy emails & like Allie, update his Facebook status at such a crucial time in his real life. Online got him, hook, line & sinker....

376	February 2013	02/09/13	Billy is Coming After Me	Petunia SnodgrassFebruary 10, 2013 at 1:29 AM	Just so y'all know... I'm an only child, of two only child parents. My mom is not named BeverlySo if that phishing expedition was aimed at me? Cast & reel.... Your bobber is crooked too.... You're gonna dink around & catch a tree fish with your wild casting.... Others hints, I'm a lottery winner & no longer have to work, but I do & I have 4 kids. Oldest is 18 years older than the youngest. They all read here & often post.... Investigative's ass. Geraldo's moustache is better at discovering clues.... But my heat pump needs repair & so does my pool... I'm off to hunt the BBB's website.
377	February 2013	02/09/13	Billy is Coming After Me	Petunia SnodgrassFebruary 10, 2013 at 9:57 AM	No one else will actually talk to them, so it's calling complete & random strangers late at night or each other.....it's cool to be a badass on Facebook, but life gets lonely when the Facebookers log off. I'm curious how that tattletale call starts out..."I'm Bill & I know everything. You need tooh? You have no idea of the person I'm tattling to you about? Of course! You're part of the cover up conspiracy!" Elderly folks are always so sneaky like that when they're called out of the blue..I wish we had a camera on Bill all the time, like NatGeo uses to study animals' habits. I bet he is even weirder & crazier than we give him credit. I wonder if he & Little Debbie hang out? She likes fat boys.Morning Ginger! Happy Sunday!
378	February 2013	2/09/2013-3	Lemmings OD on Koola	Petunia SnodgrassFebruary 9, 2013 at 2:43 PM	I was flabbergasted that these supposed victims on the Lawless Page never hesitated to post their personal information. I began noticing those posts containing cell#s & email addresses about the same time I was experiencing probs w/my Google 'Slimmy' account, so I decided to create a new Google email & profile on my kid's discarded free phone from our carrier. I was trying learn the Google stuff & the phone features. I started an address/contact list from the lemmings info they posted themselves. This little contact list ain't so little anymore! I haven't exerted any effort with this project. I read their snit & they just throw it out! Even on that TalkShoe, they were exchanging #s. Then, they run to the main page exclaiming how they've been stalked & a predator is emailing them....even Uber DingleBerry PiePrincess, Julia couldn't figure out how her private stuff was floating around..... Der duh der duh.... Keep in mind Julia explained in great detail that she is fierce like the Tigress in her profile pic (pssssst, Jules? That's a female LION, not a Tiger!) It's really painful to read their snit.... I gotta go check on MaryB. I haven't seen much from her since DC. She seemed really drooped the first day back.
379	February 2013	02/10/13	Remember The Hilton	Petunia SnodgrassFebruary 10, 2013 at 9:34 PM	After our awesome debut last night? I think my eyes & ears would bleed if had to struggle to access his TalkShotShow.The whole Allie thing has really zapped me. How does someone post all their shit all over the Internet, ask strangers on the Internet to bombard the court, & be viciously cruel to mothers in her own position? Then, how does she have the gall to come to the clubhouse & tell us we don't know what she's said? We don't know her story? She told her story. We all heard it. We also have watched her lead the lemmings in all out attacks on mis-identified people & people she was all buddy-buddy with! One big mistake MrWebb made? He missed the vile viper's nest by a mile. Compared to Lawless? We're up for the President's Good Conduct Award (as seen on TV for \$4.95 +S&H) !!I know I'm not a perfect parent, but damn I'm looking better & better all the time. Bertrand caught part of Allie's YouTube when I was watching. I paused it & asked him to try to put himself in that kid's place.... Bertrand said "I hope you do something to fix it, Mom. But not on YouTube". Bertrand is 10 & even he, without any other info than the YouTube he'd seen KNEW that was the wrong tact to take. I personally could care less about Allie. I do hope no one contacts the judge. For the kid's sake. I don't doubt that Allie loves her kid. Allie is no dummy, surely to God, she'll think about this plan of hers & change her tact & tactics. For the kid's sake.

381	February 2013	2/10/2013-3	Billy and Me, Mono y Mono	Petunia SnodgrassFebruary 10, 2013 at 3:09 PM	I'm intrigued by the quick & repeated call for the lemmings to rally to Allie's defense.Usually, PieLiar gives a "I know, blah, blah...your situation is what the Lawless America movement & filming is all about...blah..." & then he turns the focus from the follower begging for his "help" back to himself.Allie's plight & his efforts (Facebook posts though these are) are out of the ordinary. Hmmm? Could he it be PieLiar is genuinely concerned & trying to "help"? OR is he gonna spin it back to him (kinda already is)? OR is he fretting that IF Allie gets in trouble or locked up, all the pass codes, secrets/inside info she has & her diligent "work" for him benefit will be gone? I think that he's really concerned for Allie's trouble for ALL of the above.I watched her Lawless America YouTube video. I'm calling bullshit on it. Outright, I'm owning it, I say she's lying. Skin tags? on her anal area? If my kid had a "skin tag" on their arm, I'd be wondering & calling Dr. I was un-familiar with skin tags (I just BING-ed), so if something new appeared on my kid's anal area? My first reaction would be ALARM! From Allie's "testimony" in the video, this was over several months? Allie & the ex were on good terms? This kid is exhibiting all these new behaviors & it never once came up in conversation during the pick up or drop off of the kid? a text? a call?When my ex & I exchanged custody we had conversations ranging from snotty noses to homework. Maybe my ex & I are unusual, but we actually talked to each other & when one of us did something with the kids that the other didn't like, approve of, had a concern about? We told each other! We disagreed often, but health issues, school stuff & behavior of our kids was our first concern & we talked about our kids a lot. I believe that Allie's plan of action described on the Lawless page will assure her of no parental contact with her little girl. The Lawless lemmings bombarding the court with emails will just be the topping on this Allie pie.
382	February 2013	2/10/2013-3	Billy and Me, Mono y Mono	Petunia SnodgrassFebruary 10, 2013 at 6:20 PM	Allie, we didn't have to ask you. YOU gave your version in your testimonial YOUTUBE. YOU posted it on Facebook. Your words, you saying them. We have never heard of you, your kid, or your problems other than what you have published yourself.I would NEVER contact a courthouse, judge or DA about yours or anyone else's case ESPECIALLY a case involving a child. If you don't want what you've posted to social media public sites discussed, don't post it.I feel bad for your kid(s) & you, heck anyone that has a shadow of doubt that any kind of abuse may have occurred. No one deserves to go thru that. Your YouTube testimony was viewed by all of us. We gave our opinion of what we got from viewing & listening to you.Please don't disregard the orders of the court. Don't lose your kid. That's the main opinion repeated over & over here.

396	February 2013	02/13/13	Bill Windsor Identifies Himself as an Enemy Combative of the United States	Petunia SnodgrassFebruary 13, 2013 at 9:33 PM	I have personally seen one of my friends home-school her kids, successfully. She followed a very strict schedule. They got up, got dressed & went to "school" in an area of the house just for that purpose. She planned in advance, used technology & they even went on field trips to museums, factories, National Parks....I was very impressed. She said the one drawback for her & her kids was social isolation, so she began networking with other home schoolers online & joins them twice a month for group stuff....I do not have that discipline myself. We would goof off & be watching Sponge Bob & sleeping until noon...
397	February 2013	02/13/13	Bill Windsor Identifies Himself as an Enemy Combative of the United States	Petunia SnodgrassFebruary 13, 2013 at 4:58 PM	Just my opinion, but I foresee (Magic * Ball) this newest move PieLiar is making & the change in the type of followers may attract just the special kinda batshit crazy to really teach him a lesson. Just wait until PieLiar disagrees with, disapproves of & then attempts to sic the Flawless Lemmings on the newbie & it not only backfires. Petunia predicts that one of the newbies gets uber pissed at being dissed & decides to actually do to PieLiar the kinda harm he's been crying wolf about for months. Let PieLiar "court" via the Internet & then tangle with a blend of Republic of Texas+FreeMan+INWO+DoomsDay Prepper with a REAL arsenal & a few well placed equally crazed & LOYAL buddies! I see it coming & real soon. PieLiar is on speedy spin out & desperate to accept anyone that will agree with drive!. This new spin is gonna get NASTY.It's gonna be a show stopper faster than LawEnforcement will put on him (or be able or willing to protect PieLiar from).I traded my foil helmet in for a crash helmet today, so when impact occurs? I won't get any debris! (I did line it with Reynold's Wrap, I still don't want the aliens reading my thoughts.P>S> when does TimTuma's trial begin? is it getting close? He's kinda the type PieLiar is attempting to attract lately, in my opinion, (with or without pedophile tendencies).P>S> I'm guessing since 24-48 hours has passed, Ginger is off the serving plate? radar? Y'all know how very fond of her I am! I think MaryB is pretty swift to have been with Flawless....she's got issues, lots of issues, BUT, she never hesitated to offer when a call for volunteers went out, she was alwaysupbeat & she kept trying to stop the hate & keep the fatassed PieLiar & the hating PieLiar hate team FOCUSED. MaryB may be hurt, but I hope she can see that separating herself from PieLiar Windsor, his hateful lying AllieCat & all the Flawless Losers is the best possible move ever, for her!!AllieCat is next.It may take a crowbar to pry her outta his fatass, but, without a doubt, her days are numbered.I can barely contain my anticipation.

407	February 2013	02/15/13	Windsor Blames His Failure on His Followers	Petunia SnodgrassFebruary 15, 2013 at 12:47 PM	I just spent (lost) an hour + watching the Meet Me in DC BamBuser video Phil/Bill thingie...I was watching closely Bill's facial expressions, body language...I'm sure I'm too critical to be objective. It seemed to me that Bill was extremely pre-occupied during the entire debacle. He was barely paying attention to the individual's as they spoke & was only giving them 30seconds to spill their tale & then it was someone else's turn! He (Bill) would spend several minutes blathering about his own butthurts, but the real people only got 30 seconds? At the very beginning, as the "techies" were setting up the live feed & attempting to link it to the Lawless FB page, they gave the FB password out loud! Lawless411! giggle snort snicker HICCUP! There's some covert ninja stuff there!NOW~ My girl MaryB. I have luffed her from the moment I spied her! She's got issues, who doesn't? MaryB just lets hers out for all to see. She is funny & the first to point out that she's made a blunder & learned from it. She admits that she has legal troubles & emotional/PTSD issues...I luff her because she follows my personal rule of, say it with me Snaps, "OWN YOUR SHIT" own it! the good, the bad, the fugly, the stupid....it's yours, you did it...."OWN YOUR SHIT". Now, moving right along to MaryB's former associate, Karen. Karen? you're a doofus. You need to take notes from me & MaryB. Gurl, gurl, gurl.... You are a grown ass woman, I (& everyone else) knows, because I saw you on film. You never once thought for a moment that a week after the big excursion to DC that you might need a phone? internet? wanna watch TV? You seriously thought you'd run up to DC, solve the WorldPeace problem/Corruption issue & your phone/internet carrier & DISH would give you a free pass & stamp paid in full on your monthly bill? Look, Doofy Karen, it was a compromise. You went, therefore you compromised your fixed income & put these little luxuries like phone?internet & TV at the very bottom of your IMPORTANT SHIT list & DC at the top = about 2-3 weeks without a connection to phone/internet & tv + a re-connect fee + late payment fee.
408	February 2013	02/15/13	Windsor Blames His Failure on His Followers	Petunia SnodgrassFebruary 15, 2013 at 12:47 PM - Part 2	In the grown ass woman world, we refer to these little things as CONSEQUENCES. My momma taught me to pay before you play/go & not after, she was a smart old gal & I listened to that lesson. So, Karen, I'll send you a smoke signal in the event of an important news flash. Look to the SouthWest from your house for breaking news each day. Duh & double Duh. How many other Karens blew off their monthly bills to attend Bill's lie fest? I really hate that these grown ass people never thought they might need to make a call, watch the news, take their medicine, use electricity or water or buy groceries or gas to get to work for the month(s) after trekking off to DC. Karen is NOT the only one. She just happens to be the only one SO FAR that has fessed up to her doofiness & at the same time attempts to beg Bill to throw her a few dollars. Karen missed the memo that it is ok for PieLiar to beg for money, just not her or his supporters. If Karen wants to know what's going on during our smoke signal news broadcasts? She better hone her focusing skills.I'm luffing MaryB more now than before. I am relishing that she is not a PieLiar follower anymore. She's also pissed off at herself for realizing today that her video taped "testimony" was a dumb idea. Hey, MaryB? Better late then NEVER! The longer MaryB ponders this dissing shit & that she's been taken advantage of & another snarky shit response from Allie? & we may havta pass the hat to bail MaryB out. I would pay in a heartbeat. Allie needs & is past due a bop in her hateful mouth. Call me an abuser or whatever! I'm all for "Allie's Free Speech", I'm more for GoTeamMaryB!

409	February 2013	02/15/13	Windsor Blames His Failure on His Followers	Petunia SnodgrassFebruary 15, 2013 at 3:38 PM	She (MaryB) is cracking me up! She's getting madder & madder the more she dwells on all the little things & is recalling the past couple of months (& who can blame her?)...she's had several "AHA!" moments today. I just wished Allie lived in MaryB's village & they could cross paths...perhaps during a MaryB BudLight store run tonight? THAT would be worth live streaming! Allie puts off as if she is so far above MaryB & most of the Flawless. I'd love to see her hauling her snarky ass in high wuss gear to avoid that ass whooping MaryB so owes her.Allie is a snotty, condescending bitch. I tried being decent to her, too. I watched her blathering video made by her, in her own words, telling her story herself & the bitch came over here, to our Clubhouse & said "you don't know my story". Really? then what was that shit you put out on every social sharing site as YOUR story, Allie? DUH.That's what I really admire about Ginger & the Clubhouse. Ginger allows any & all to post or comment, regardless if they're of our opinion or differing. The few times any of us dared to post snit over on the Flawless pages? It was deemed hate or stalking....Extra Uber Duh-ness....Heaven forbid that a halfassedly devoted lemming read a differing opinion, lest they'd be led to free thinking or worse yet, to do their own research! BING-ing some shit on their own! SHOCKER!! *fainting lemmings everywhere. (A pandemic of truth wipes out **thousands** of Flawless! >PieLiar's count is in the thousands, I figure actual numbers are nearer to 68, now that MaryB defected.)Waiting for your big ditching, Allie? You so better be! You ARE next. Your big "Daddy" PieLiar is already doubting & wondering about you, Allie & your "faithfulness" & your abilities to fulfill the "needs" you've been assigned...You better bundle up, AllieCat, it's gonna be mighty chilly without your fatass PieLiar to act as your windbreaker against the cold shoulder you're gonna get from those previously tossed out. They ain't gonna be all open armed to greet you after your repeated snarky shit.Brrrrrr.....brrrrrrr....brrrrrrr feel the chill, AllieCat? you will. Without a doubt. I got that Magic 8 Ball, remember? It ain't been wrong yet.

415	February 2013	02/16/13	Der Fuhrer Decides to Take Matters Into His Own Hands	Petunia SnodgrassFebruary 17, 2013 at 9:31 AM	MaryB? I'm kinda like you, in thinking that just average folks can unite & make change happen. I don't believe everything about Lawless America was a bad idea by any means. Windsor is just a con man. Always has been, always will be. He just used this ultra-sensitive subject, that has left so many diverse individuals in trouble & desperate, as his latest victims. I feel for a ponzu scheme back in the early 90s, here in my community, led by a man that resembles Windsor so much it is eerily uncanny. I lost my life's savings & ruined my credit. Literally. I am nearing retirement now, & this mistake I made nearly 20 years ago still has consequences. I was desperate then, just like Windsor's victims are desperate. I was such an easy target, I shoulda just had a red dot on my face! I get angry recalling this....mostly though, I'm thankful that I only lost money. I was young enough then to keep working & began again & I didn't lose my home. It can always be worse.Like the song from Journey, I don't think anyone should ever stop believing....no one should ever stop working, researching & having realistic goals either. Moderation in all things. MaryB? I want you put as much faith in your abilities as you did in Windsor. That's my hope for you. (& that you'll call us tonight!) I greatly admire your spirit of hope & your patriotism. You have a kickass sense of humor, too!*****WAVING****

420	February 2013	02/16/13	Der Fuhrer Decides to Take Matters Into His Own Hands	Petunia SnodgrassFebruary 17, 2013 at 10:30 AM	A fairly good indicator of someone's truthfulness? If they'll lie about little details, such as the Likes on a FB page? They'll lie about really big details. Embellishing & exaggerating is lying, just as omitting crucial information.I'm wondering what those parents & grandparents are thinking as they watch the focus of Windsor change so rapidly. Are they just supposed to put the welfare of the children on hold while he overthrows the current gov't? This train wreck gets sadder as I watch more videos of his victims. These are real people. Desperate people that have few resources...AssRag is way too nice a word to use for him...

421	February 2013	02/17/13	Tonight At 8pm central is Bring Your Own Pie Night	Petunia SnodgrassFebruary 17, 2013 at 3:51 PM	AT TerrySchwab is most likely a BANGLEDASH liker & what we attempted to read from him/her/it is the broken English translation. OK? how's that for an explanation? Am I ready for AllieCat's position of Assistant to ShittyPie CEO? I 'heard' there would soon be an opening for the position she currently holds assisting PieLiar... all those changes with their server? the GoDaddy.com issues, the lost passwords? the unanswered e-mails? Yup...my source informs me, that all those are just precautionary measures PieLiar is now taking to 'protect' himself...seems AllieCat is allowing too many derogatory & embarrassing slip ups to escape her notice. She shouldn't ever be working on her own problems, just his! She's about to be cut loose. Yes, even AllieCat is replaceable to the big PieLiar. It seems auditions, err, I mean interviews have already taken place & a replacement is already chosen. **My source so far has been on point. Between my source & my Magic 8 Ball, I'm seriously considering starting a part time revenue generating venture:)**AllieCat is so smart, though she can surely see this coming! Why else would she be peppering the enemy (us, myself, Petunia in particular) with Facebook Friend requests? (& YES, I have a screen shot to prove my words. Unlike PieLiar, I can back up my shit) Now, why in God's BANGLEDASH would AllieCat have ANY reason whatsoever to request a PieLiar disliker such as myself as her "FaceBook Friend"? I simply do not know.... maybe she just don't GET the Petunia Snodgrass code that I use as my guide. I don't know how y'all run your own FaceBook account, but me? If I don't really 'like' something? I do not click 'like' on it. Ever. Even if it means I can't see or read their snit. I don't have FaceBook friends that I don't feel some sort of friendship with. Not even on FaceBook. I'm not good at pretending, not even to gather a scoop.
422	February 2013	02/17/13	Tonight At 8pm central is Bring Your Own Pie Night	Petunia SnodgrassFebruary 17, 2013 at 3:51 PM - Part 12	I can assure AllieCat that because of her shitty words to MaryB & her snotty response to the Clubhouse et al, she nixed any future "friendship" she & little Petunia would ever had....AllieCat burned her bridge with me when AFTER several hours of watching HER, listening to HER use HER own words, in HER own version ~ she pounced like a cat on a bird~ screeching that we didn't know HER story. Well, DAMMIT to AlpacaGanda...if those YouTube "testimonies" & HER "statements" weren't HER story, I absolutely cannot afford to donate anymore of my life's breath to pry HER story outta HER. (I sincerely feel bad for her kid. I hope no abuse of any kind EVER went on with her kid & if it did, it has stopped & her kid gets the help the kid needs to be safe, happy & healthy)Anything anyone throws out on the Internet, especially SocialMediaSites such as YouTube & FaceBook, is fair fodder for others (complete strangers) to discuss & open to their criticism. Period. That? is a FACT. Any nimrod regardless of IQ knows this nugget without having to be told. AllieCat's PieSister, JuliaFletcher, should be hand delivered the memo that DELETING your words AFTER clicking share or post, does absolutely NOTHING, other than make you appear less credible than you did prior to your deleted blather.I hope that all the Snaps call in tonight! I would DEARLY love to hear from MaryB & give her a pat on the back for all her loyalty & encourage her to keep up with what she working on thru FlawlessAmeripie. There's more than one way to skin a cat! Mary should re-group, re-organize & take another run at this from a different tact! MaryB was NEVER a nobody to me.I'd like to hear from some of our friends over at AMPP, too! That Roz person seems so intelligent & well spoken....Helen Grace needs to give us a shout out! 423	February 2013	02/17/13	Tonight At 8pm central is Bring Your Own Pie Night	Petunia SnodgrassFebruary 17, 2013 at 4:07 PM	PieLiar could just publish the Facebook users that actually LIKE his page. That would SHOW the BANGLEDASHERS in contrast to the real LA Facebook users that LIKE his page~ that's how the majority of pages I have been looking at today do theirs....If you got nothing to hide....& I want the the spin on how 5,000 Likes appear in less than an hour. Also, why was November 2012 the most talked about month? Why not February, when the big MeetMe went on? A lie is a lie is lie, even wrapped in pie, it is still a lie. No one could ever get any real work done & use Facebook as much as PieLiar does. Not even Zuckerberg himself.

I pinkie promise to never post on your page or like anything...I don't want Windsor to have cause to target you for anything...but I do have a few things, kinda personal, I'd like to share with you...you can always re-block Petunia if I mess up....PS>>techies? I made a blogtalk of my own...I wanna change my display name though, how do I do that? I've wasted too much time already. If it is very difficult, I'm gonna start over...

429	February 2013	02/18/13	Windbag Talks for Over 3 and a Half Hours Last Night	Petunia SnodgrassFebruary 18, 2013 at 6:01 PM	Credibility. Accountability. Integrity. I'm far from leadership material. I've never considered leading a group other than my own herd (family) & a few co-workers. I know my abilities & my limitations. My point is, just because someone is intelligent & has useable ideas, doesn't make them a good leader. I'm not certain if the Lawless America 'movement', movie/video testimonies was even Windsor's idea. We have labeled him many things~scammer, con, liar....I see him as a predatory opportunist. He uses his ability as a predator, then his talents as a scamming, conning liar to chose just the right opportunity to take advantage his victims. We've referred to those people as lemmings. To me, they're victims because they are each suffering some sort of personal trauma or crisis. Many have mental/emotional health issues, others are not well educated, most are on limited or fixed incomes. There are a few that much like Windsor, in that they too, are predators, some are even criminals. What I notice more than any difference in Windsor & those that follow him? Knowledge & research. Windsor KNOWS what he's doing. His victims either were unable, unwilling or simply didn't know how to research him & his past. I am baffled that even the dimmest of individuals cannot blatantly see day after day:the changing of stories/excuses,the disorganization of their chosen leader, HOW can anyone do anything, when they are on FaceBook 18-20 hours EVERYDAY? & then? CANNOT master the art of administrating a FaceBook page? blathers about the big (fake) numbers? who cares how many, when ONE cannot even get an email response? followers are discouraged from sharing their info/experience on TalkShitShow & told to "just listen to me, you can join chat IF you wanna talk about yourself"the crucifying publicly of Lawless followers that were already victims (hence LA members)There's other bs that I would see as ALARM-ing.... Windsor's continuous boohoo-ing over his butthurt of criticism here & continuous hunt for "the enemy/haters....I would think that IF I was doing well, staying on track w/my project & seeing results? I wouldn't give 2 rat's snits what a handful of 'haters' said! My success would stand on it's own..Anyone else catch the addition of bail bondsman to his college era resume last night? Yup. College student, frat member, army reservist AND bail bondsman~ I wonder if he updated his wiki today to reflect that? It's the closest he's ever come to jail....blah blah blah.... Credibility. Not a thing one can give another. It is much like trust. It's earned.
430	February 2013	02/18/13	Windbag Talks for Over 3 and a Half Hours Last Night	Petunia SnodgrassFebruary 18, 2013 at 8:40 PM	I'm all for calling Windsor out on his lying, scamming, backstabbing, sorry shit. I don't think taunting him w/video clips of a movie entitled KillBill is funny. I'd like to think that we're smarter than fussing among ourselves & insinuation of violence. I'd like to always stay far above anything remotely Windor-ish. I'm no goody-goody by any means. I just remember the intellectual ass whoopings way longer that I've taken than the physical ones...It's easy to bitch slap someone weaker, it takes real strength to outsmart a lifetime con artist. We're winning with just our use of facts (& humor), why the need to 'stoop'? (Rhetorical, I don't really wanna debate this. To each their own, I just don't wanna be associated with ANY threats of bodily harm. Ever.)

434	February 2013	02/19/13	William M Windsor: An American Terrorist	Petunia SnodgrassFebruary 19, 2013 at 1:21 PM	I caught that "what to do with passports" question more than once in various comments of different individuals on the LA page of Facebook....right now, I can't seem to find those, hmmm? Deleted? Without a doubt!!'ve mentioned before how irritatingly puss cake I find deleting of posts, comments... If it's worthy of putting out? Let it ride! If you find out it (you) were wrong, THEN correct it. But, just deleting willy nilly or because you disagree or don't like the content/context? Pure puss cake. CAKE. Not puss pie! Cake is fluffier...By the way, you fat ass, pie eating, lying, scamming, USA hating Bill Windsor~ my comment regarding the BANGLEDASHer's LIKES on your shitty Lawless America page was spot on! You know it, 50% of your lemmings know it & so does everyone else! Why not re-but my truthful, factual comment? Why you gotta puss cake out & delete it? Oh! I know! Because if a more upstanding, halfassed intelligent visitor to your FakeBook page saw what an assrag you were? You'd lose them. AND, why did I use this space to address you? Because I know you, Windsor, & AllieCat &/or Dottie are here SO OFTEN, reading Ginger's HUGE truth, & I know Ginger won't ever delete anyone's words. Ginger will let your stupid shit hang for all eternity, for anyone to read. And re-read. And giggle snort while reading! It's not my fault that you're too eat up with dumb-ass to figure out how to admin your page so that posters like myself couldn't end up spouting off some truth! I didn't even have to click LIKE to post either! Booyah! Eat that! Oh? & that attempt to have FaceBook take away my Petunia account? not gonna work! I gave them my phone #, my ID & an email! I passed! GREAT read today, Ginger! You NEVER disappoint! Thank YOU! I couldn't wait to finish my daily work, to get over here! You nailed it perfectly! Explains that DOJ visit! **waves to the G-guys & gals**
435	February 2013	02/19/13	William M Windsor: An American Terrorist	Petunia SnodgrassFebruary 19, 2013 at 14:08 PM	That's what I was thinking, Ninja? Cha-Ching\$! And, Susan? Objectivity is a good thing. I think we give credit where credit is due, here in the clubhouse (example: MaryB). If you really believe Windsor is not inciting harassment, criminal activity & even violence? Fine, I disagree. I do agree with Yaps, NBTDT, Spawn & Ninja that Windsor incites any & everything he can from his followers. Windsor never seems to want to get his hands dirty doing any real 'work' for LA, whether it be research, responding to emails from followers...but he'll sure jump up & down to post a Facebook status or take credit for saving the world...The Charles Manson analogy was perfect for inciting.
436	February 2013	02/19/13	William M Windsor: An American Terrorist	Petunia SnodgrassFebruary 19, 2013 at 1:54 PM	Exactly!! & from the group Anonymous! I'm glad you brought that out! Can I just address you as Z? My keyboarding skills are pitiful lately! You can address me as P~***Waves*** (remind me later & I'll tell you cute story about my grand & how his Paw gave him a Zombie spotter!! not everyone would see humor in it, but I have sneaky suspicion you would:))

And? He shares his inability with his followers! Giggle Snorting is way beyond what I did when I spied this little nugget.I got a private FB mssge that Bill was trying desperately to call me, Petunia Snodgrass! 443	February 2013	02/19/13	William M Windsor: An American Terrorist	Petunia Snodgrass February 19, 2013 at 4:38 PM	I decided my fellow Clubhouse buddies were worth a few bucks. I purchased a little phone & some prepaid minutes. When I get it all set up, I'll pass my # out! Just wait for it....OR~Windsor's lying, pie eating ass can call us/me on our next blogtalkradio broadcast and we can ALL speak to him at once. That would be much easier & so much more entertaining.And recorded. Tada!
444	February 2013	02/19/13	William M Windsor: An American Terrorist	Petunia Snodgrass February 19, 2013 at 10:50 PM	I went back to re-read Ginger's original article, links & the comments....All jokes & dinking around aside. @Susan? Part 5? + 2 more? Wtf? In my area of Southern BFE? We call that a major pissing match. (I do believe it could be considered cruel & unusual punishment, comparable to water boarding). Damn. Point made. & re-made. You beat a trench ALL the way around your bush on your numerous (& uber lengthy rebuttals). I can't speak for Ginger & wouldn't. But for myself? Yaps been here & the previous blog for years... She's sticking around no matter what. & her 'hunches' have panned out so many times, we've lost count. Between Yappy, Ginger, Oceans, OReader & NBTD? Research skills out the whazoo! We really aren't dense, Susan. Despite what you may think. We welcome newbies. Just please, backtrack a bit & read from the beginning to now> maybe you could be objective & see how condescending you may have been.

478	February 2013	02/21/13	Billy Tries to Make a Joke, But the Lemmings Freak Out	Petunia Snodgrass February 21, 2013 at 2:35 PM	Investigative? As Brannon say eloquently said, "giggle giggle snort snort"! She didn't spend 5 minutes reading Ginger's blog or following the provided links on Windsor's many previously documented lies & scams. Very obviously not investigated. I watched & listened to her video that FINALLY makes a statement....It seems that we have followed exactly the steps she outlined & as she suggested in her statement. She should luff us! I lost count on how many times she said her case was BIG...reckon she is familiar with Joey? All his cases were BIG, too, when he spoke of them...I studied up on the animal issue & the little elderly lady, Cox mentioned. I am very familiar with a little elderly lady, that has dementia & believes the umpteen kitties she is "taking care" of is a Godly, community service that she is providing. Her neighbors that must live within the smelling distance, & her immediate family greatly disagree. Unless an individual has a license, has vast space & sufficient resources? IMO They have NO business or right to "own", "take care of" more than 3-5 cats. Confining a cat is cruel. My mom is the little elderly lady with dementia that I am referring to & I will not change my mind ever about this issue. As far as my mom is concerned, 1 cat is plenty for her (& her family). *I do not understand why Napalm was ever invented. Catshit could have been dropped* I am no longer a great cat lover as I once was....It would not matter to me if the species were dogs, fish, gerbils, canaries, earthworms...there's gotta be a limit! & why does the general taxpaying public havta pay for someone else's "pet projects"? I do agree that critters do mysteriously appear. Mystery solved~ Sorry POSs dump them. My mom could easily be the woman referenced IF she were unsupervised. Ms. Cox keeps making videos stating her firm backing of Loryn Ryder & YouTubing how many issues that she & Windsor disagree on between them? And he's gonna zap one of his infamous "Cease & Desisit" emails to her & revoke her Lawless t-shirt. The downfall I keep seeing with all these 'groups'? They take on too much, too many issues & then lose focus. Next? they "align" or "associate with" other groups & the pissing & positioning for power & in-clucking begins.... Be like the cheese! Stand alone. & that is Petunia's "what I got to say about that".
479	February 2013	02/21/13	Billy Tries to Make a Joke, But the Lemmings Freak Out	Petunia Snodgrass February 21, 2013 at 1:01 PM	Here's a dandy of an example of dim witted, paranoia~ Dingle berry don't even recognize her own freaking team or TEAM LEADER! 483	February 2013	02/21/13	Billy Tries to Make a Joke, But the Lemmings Freak Out	Petunia Snodgrass February 21, 2013 at 9:48 PM	So, off topic, kinda. Has anyone checked or seen how the older MrDauben's 'standing' is with PieLiar & Lawless America? The newest trend toward more sinister anti-govt stuff seems like his type of stuff. I wonder if PieLiar ever acknowledged MrDauben? During or after the trial & sentencing? A word? A FB mssge? MrDauben was very loyal & supportive of Windsor...I was thinking of Mr & Mrs Dauben today... Regardless of how many feel, they are older & the blows they've had this past year have had to have taken their toll. (I try to be empathetic to everyone, until I deem them un-deserving. I'm a parent & the offspring of some older parents that watched me go to TDC & I saw how it hit them.). Just wondering.... Back to the grits...
484	February 2013	02/21/13	Billy Tries to Make a Joke, But the Lemmings Freak Out	Petunia Snodgrass February 22, 2013 at 16:56 AM	First, thankful no kid named Noah that Bill used committed suicide, period! Second, "Hi! MaryB! I know enough to know you wouldn't wallow or gloat in AllieCat's break off from Bill, but.....go ahead, shut the bathroom door & do the Connecticut Shake & know that as shitty as she was to you? Bill is doubling down on her!" Third, Gmorning! I have busy day shining my Magic8 Ball.... ***waves*** I freaking love my seat in the clubhouse! The view of Karma is so unobstructed! Turning of Windsor Worm FB show is my fav thing to watch! Gmorning! Oh I said that! skipping off to my duties! (Hugging kids extra tight on my way! Whew for Noah & his mom, I hope she gets a great lawyer that'll get her a huge piece of pie)

491	February 2013	02/22/13	Bill Windsor Has Lost His Mind	Petunia Snodgrass February 22, 2013 at 12:12 PM	I realize it is a very personal matter, I am curious if there is one teenie thread of truth...is the kid in the hospital at all, maybe for something totally unrelated (i.e. tonsils, elbow, whatever)? did PieLiar ever even speak to the Mom? I figure I already know the answers, but you're her real life friend. We are sorry he did this to their family. & drug you off in it. It is absurd.
492	February 2013	02/22/13	Bill Windsor Has Lost His Mind	Petunia Snodgrass February 22, 2013 at 13:16 PM	So, I suppose when the mom finally snaps & responds the truth? He'll block her words & claim she's delusional or fill in the _____ of the day....He's most likely already blocked her, the kid & anyone else associated with them & the truth~ Spiraling shit...
493	February 2013	02/22/13	Bill Windsor Has Lost His Mind	Petunia Snodgrass February 22, 2013 at 13:18 PM	Lying is so exhausting.Our Grandmothers & Mothers were so right when they taught us to just tell the truth, it was easier. What an understatement for someone like PieLiar! He's covering his lies all day, everyday, like a hoarded cat covering shit!

498	February 2013	02/22/13	Bill Windsor Has Lost His Mind	Petunia Snodgrass February 22, 2013 at 17:57 PM	I agree that if a court saw one word from Bill Windsor, it would get whoever was using him as a reference a huge red flag! I realize the fear he instills in those parents with this tactic, but knowing how the courts view Windsor? Any parent that really wants to lose their kid can just slap a "Bill Windsor & Lawless America" somewhere in their words to the court & the seeds of doubt are firmly planted. Toying with parents' & kids' lives is the shittiest of the shitty.
499	February 2013	02/22/13	Bill Windsor Has Lost His Mind	Petunia Snodgrass February 22, 2013 at 17:51 PM	My girl, MaryB said some things this a.m. that I took to heart. I'm not nearly as nice as MaryB tho. So~ if being known as he really is, SlanderFella, is that important to him? *here, We gift it to you, Windsor! Allie Overstreet is fully & completely in control of the admin~ Some mighty words being slung back & forth~ I had thought of copy & pasting, but it'll eat the entire page up, here. It's going down on ~posts by others~ Another nugget page I found a few days ago, & that has some stuff is PowerPuff Girls FB page. Wow on it all~ it is truly overwhelming. Bill Windsor is a great big Waller Hog of a Shitstirring PieLiar~ I'm still so shocked he thought pissing Allie off would ever be a good move. Duh. She's articulate & got all the dirt on PieLiar. I own my shit. If that Nimwitted, PieLying, Windsor ever gave a thought to anyone other than himself & his FaceBook persona? He'd have never posted that stupid hoax to begin with! Windsor's recent FaceBook status posting acceleration, reminds me of my college daughter's room mate, a notorious late night drunk/high FaceBook posting/texting drama seeker.... Roomie however has learned to give device to others to prohibit this snit & prevent sober humiliation the following day. Wtf is in his pie? 550	February 2013	02/28/13	"I Can See Clearly Now That Bill is Gone"	Petunia SnodgrassFebruary 28, 2013 at 2:01 PM	Bertrandt is home sick today...He is surfing with the AlpacaGanda Minister on the internet trail...Bertrandt super sucks at math...Bertrandt mentions that "there might be a mistake with the LIKES on the "old" MrPie page & the LIKES on the new MrPie page, Mom." (Bertandt is required to show respect, he is not allowed to use PieLiar) I ask Bertrandt "do tell"! Bertrandt is nearing 11, he also noticed that the LIKES stats are undisclosed (hidden)."Are these Dharma & Smeg's family that haven't un-ed yet, Mom? Can you e-mail them or text them? Maybe you should ask that Yap lady to get back on the radio to Bangladesh!"Moral of this story? Even a sick 11 year old, that does not excel at math, knows MrPie's LIKES don't match up! He wants the FaceBook Police to make it stop! Bertrandt was allowed to watch the Gangsta video. He attempted to text it to his bff, to show his bff that his mom is so G-paca (thank AT&T for parental controls!!!)...Bertrandt requests a more PG version in the near future to share among the younger MrPie DIS-likers. Bertrandt says, "Please & thank you!"Could you please +1 to the Snap count? or a +1/2? Bertrandt wants to at least be an honorary member of the Clubhouse. Being home sick today, being 'mommied' & watching what I'm up to, has really drawn his interest! He's even giggle snorted! We haven't even gotten to the letter c or the "Pffff" parts, yet! 557	March 2013	3/1/2013	Nothing But The Best For Bill Windsor, While His Followers Suffer	Petunia SnodgrassMarch 1, 2013 at 5:06 PM	Susan, is it just me, or did you go from claiming to know zer0 about Bill & nothing bad, especially.... To now? You are the in-house Bill trivia go to guru? I realize, I'm far from the brightest little bulb on this string.... But your new 'shine' is freaking blinding me at the lower end, down here.... I am, after all, still Minister or AG.... The bigger, smarter Snaps do havta drag me along occasionally.... But, I am very confused.
558	March 2013	3/1/2013	Nothing But The Best For Bill Windsor, While His Followers Suffer	Petunia SnodgrassMarch 2, 2013 at 7:11 AM	Susan? Don't be getting all snippy with me! I've been over to visit the new chick @LawlessNoMore & daaaaaaaaaaaaaamn! Your "comments" were longer worded than her blog article! & your description of us, here? "The Joeys" & who we were & our connection? Pfffft! I'm not most people. I'm not arguing with you. Best I can tell? You'd debate a fence post, just because you could. I will tell you, as we mentioned to JimmyS, get on one side of the fence or the other! Your fence hopping is gonna rip your britches. Pfffft
559	March 2013	3/1/2013	Nothing But The Best For Bill Windsor, While His Followers Suffer	Petunia SnodgrassMarch 2, 2013 at 2:52 PM	I do apologize if I was less than polite in your perception of the label "trivia guru". We label one another often, i.e. OReader is BlackOps, Brannon is our token sexy young bachelor, I'm the country turnip....so I was sincerely confused. I don't think we should all be like-minded, BUT we didn't gather here to cheer on Bill Windsor. We have cheered on some of his supporters, like my new friend, MaryB...& we even made friends with others, like AllieGate. My point about the new chick's blog? Your comment was longer worded than her actual blog article/post. I was wow-ed. I see this blog of Ginger's, as a running conversation that we each contribute to with our comments. Ginger starts us off with a header & we add, debate, bring info, stir in humor. We've been doing it this way for years. Many came to read in these past years, but few joined in with the banter, out of fear of retaliation from the blog's namesake, Joey Dauben. I imagine I when I am reading & commenting here at Ginger's, I'm kinda in virtual clubhouse, where I'm a member. I'm relaxed, I'm among friends, we're happy to be together & we respect each other from years of info exchanged. We each know the other's strong suits, preferences & shared sense of humor. Like minded, but very diverse, offering different perspectives. It's a happy place, at least for me. As time has passed, especially recently, we have gained new personalities & commenters. I'm sorry you didn't start out with the OGs (original gangsters), I didn't either...but over time, I earned trust & respect because I gave it & viola!

560	March 2013	3/1/2013	Nothing But The Best For Bill Windsor, While His Followers Suffer	Petunia SnodgrassMarch 2, 2013 at 12:52 PM - Part 2	Slimmy aka Petunia is an official Minister. Just as if we were in the same room? Speaking among a group? Having a conversation, an exchange of ideas & opinions? It's just rude to be a blowhard. It's even ruder to be a know-it-all, repeating blowhard. AND no one likes rude. No one really wants to be rude, I don't think...not purposely, anyway. Susan, I didn't ever exclude you in my portion of the conversation, I've never chimed in with the bitching at you. I mentioned I had noticed you were argumentative (w/fence post analogy) & kinda grouchy (snippy). I ASSumed that you wanted to kinda pal around with us...I commented to you, just as I woulda to say, Brannon or Yaps... I won't ASSume that again. I'll just go back to blipping over the comments you, Susan, make that are 1,000s of words long & condescending, because? Those Susan, make my ASShole pucker up! I will simply ignore your comments here, as I would if we were in a group setting & focus on those that are more pleasing to me. There are many days that I never make a comment. I do have an opinion or a view, I just keep it to self. My posting it would not in any way add value to the running dialogue. Tick a lock. Self knows... My gran, that called me Petunia as a kid, used to say, "When in doubt? Don't put it out." Throughout my life I have used those wise words many times (examples: my opinion, my feelings, my religious beliefs, my political beliefs, my boobs...) I pondered to self, if "I put it out"? HOW would it or I be received &/or perceived. Perhaps, Susan, you're just never in doubt? (ASSuming again! Slaps self) Good for you! Roll on, Susan. Now look! I've blown long & hard. How rude of me! I do sincerely apologize to Ginger, the entire Clubhouse & all visitors. Susan, I do hope you 'get' it...& not in a Hitler kinda way 'get' it, just a group of "friends" way. & thanks for your response, proving up my fence post analogy. I was trying, Susan...& "IT" really shouldn't have ever been this difficult, long or combative. ***waves***

It has been said to be Desirees. As in plural. More than one Desiree seems to be referred to as one of Desiree's Desirees. Desiree's Desirees website advertises that there is a staff of 'specialists'. They travel alone, or in groups, to hotel suites,comped, or otherwise. Google just took my search directly to Desiree &/or Desiree's Desirees. DD accepts various forms of payment, from Visa, MasterCard, PayPal & good old ca\$h... I'm in awe of this new wave of courage among the crowd~ I hope it is contagious! Bill - without any vetting whatsoever, you and your volunteer (Dottie) sent me your list of "subjects" for my state (Washington State). As a long time organizer/activist who is well respected in my community by not only average-Joe/Jane citizens, but also with my local and state officials, I feel an obligation to warn everyone on your subjects list of the damage you have caused others, and to forewarn them that they, by their mere involvement with you, may (and likely will) also be harmed by you. The subjects list you (via Dottie) sent to me contained no instructions, no disclaimer, no notice to "not distribute or use other than intended". A week later Dottie then sent me a 4-page document intended for distribution to the "subjects". That document also came with no instructions, no disclaimer, no do not distribute/share notice. Again - nada. It was at this time that I determined that you, Dottie, and your 'organization' were far too unprofessional for me to work with--and, due the many red flags I had spent some time vetting you, and found that you were/are far from the person of moral and ethical character you tout to be. of the harm you have caused so many people. This is my right, and I will be exercising it freely and fluidly. Stacy Emerson Tacoma, Midland Washington

I explained to her that I was never provided instructions, and without going into details as to how unprofessional I found you and your organization to be, I told her I had quietly bowed out. Her response was something like "Great! So I already did my whole state and two other states, now I have to do Washington!" She asked me to sen her the subjects list, which I did. I never heard from her again, but I did hear from your organization again, when about a week later I was sent an email addressed to "All State Coordinators". I ignored the email, aside from pondering yet again how unprofessional and unorganized you were (and still are), which sent me on another hunt for more info on you and your background which, as you are well aware, the amount of information out there on you and your many, many outrageous antics would fill several bookshelves and then some. You and the actions you've chosen to take with your all-out assault on so many people have sent your even deeper into the gutter of decay, and now, due to your charade unraveling and your desperation to salvage your newest money-making endeavor, you find yourself spiraling the drain, and instead of stopping your rampage, you choose to amp it up. For this reason, I cannot in good conscience sit back and say/do nothing as you drag others down with you. These are desperate people - so desperate they reach out for anyone to help them, and because you put yourself in a position of appearing to be someone who can help, some have latched onto you and now find themselves in even more dire straights. You are a predator, and you prey one some of the most vulnerable among us, and I will do what I can to inform the world of the harm you have caused so many people. This is my right, and I will be exercising it freely and fluidly. Stacy Emerson Tacoma, Midland Washington

581	March 2013	3/5/2013	The Great Grab Ass Caper	Petunia SnodgrassMarch 5, 2013 at 16:22 PM	As I scrolled through that album of Lawless America, the one labeled Michigan - Detroit, same woman that is in his lap? Same woman that he has his hand on her a**? He (PieLiar) has (or did have) 6 pics of her she was not aware her was taking, She is seen rubbing her neck. Then closer. & then REALLY close...eyes closed, head back, her hand rubbing the back of her neck. He was really focusing in on her...she seems oblivious to his watching & snapping. & yeah? why didn't any dudes hop in for a lap shot? (I do not know how to load a pic here. Perhaps Yap can load it. I sent it to her.)

602	March 2013	3/10/2013	Bitler Holes Up Deep Inside His Bunker	Petunia SnodgrassMarch 10, 2013 at 5:19 PM	I have major internet issues with my shitty internet provider, Century Link, today. On a funny note, I call Century Link to bitch/re-report that the internet is not working all over my hood today. After 5+ minutes of the automated prompts to press various long series of numbers & then press #key, the automated system recommends that I use the Century Link webpage to access the live chat to discuss my internet issues with a tech. DUH. This was merely a prelude to what was to come. Please, follow along with my tale of woe, it gets better. Finally, I get to speak to a live human, named Christopher. Christopher listens to my complaints & says he "feels me", about my frustration...I point blank ask Christopher with Century Link, who "feels me", what exactly is the problem with our village's internet? & can we expect anything better than sporadic internet signal in the near future? Christopher then explains, "Well, mam, it seems that Century Link is experiencing....here it comes...prepare self....CORRUPTED BANDWIDTH! (raises right hand & swears to Baby Jesus) ***I snorted so loudly & ripped out my ear pads with the mic from my head & fell over, with peals of laughter! I could hear Christopher saying "Mam? Hello? are you alright? Mam?"...I just hit END on my phone & gave up*** So, Snaps, please avoid Century Link because, I love y'all & I DO NOT ever want y'all exposed to CORRUPTED BANDWIDTH, especially after the waste of perfectly good bandwidth that was sucked up here in the Clubhouse last night~(I hope y'all get this considering the obstacles in my posting path)

That fuckface sentence is a classic. Why would anyone, regardless of stupidity, repeat that insult? I would be praying it went un-noticed, not draw more to it... & the RI Lawless admin is a major nugget. I cannot go over to that page without kleenex. & yep, you can imagine what legislators think IF they happened to blip on that page... YIKES! OMG why was there no warning on that post!! Julia/whatever she calls herself today hones in on the really struggling folks & blasts away at them, in between hitting the share, post & comment icons. Delete is her favorite though. She'll blather hate for hours & tell you what a Christian she is & then poof! Julia/whatever deletes it all before the sunshine can hit her 'words'. I do believe that this is Julia Fletcher's latest raka FB profile~ my opinion ~ if I am incorrect, I apologize in advance. I'd bet say, \$100 on it & to me? What if one of the grandkids or other friends or relatives saw it...they may be hurt or sickened... I get the intention is/was for shock/funny value to Bill after his morbid exposé of his dad's funeral & the ickie wish for an email from Dad... It was funny, but it could really hurt some that aren't responsible for Bill's snit...I apologize for my laughing at someone's pain & sorrow. I was wrong.

626	March 2013	3/11/2013	Google Has Our Back in the Clubhouse	Petunia SnodgrassMarch 12, 2013 at 12:02 AM	He does spew hate. I doubt that Allie or Mark made that spoof. I laughed, after how he paraded those pics around, someone he's hated & raged & ranted on was bound to do it. Can't blame whoever did it. Not one bit. Out of respect for AssRag's fam that doesn't deserve to be hurt by his spew, I apologize for my laughing out loud. I certainly don't want Allie or any other parent to get any of tidal wave proportion ripple effects, more than they already are... Bill Windsor just showed how deeply he can hate & hit. WTF has Allie's kid or any other kid ever done to deserve his poking around in their family's personal problems? He's so furious with Allie & seeing daily just how much he needed her, so she is the 1st target he picked! There's literally 100s of folks that could easily have done it, but he zeroed right in on her... He's absolutely horrible. He put that snit out there...what'd he expect those he's hurt to do? Send tributes of donations or pies? He makes me physically ill. & I'm not a victim of his in anyway. Grrrrrr.

629	March 2013	3/12/2013	Allie Gate Part Deux	Petunia SnodgrassMarch 12, 2013 at 1:53 PM	This is just my observation after about an hour of mulling this over. FaceBook is bad.FaceBook is a center for drama. FaceBook brings out the very worst in already lawful individuals. FaceBook invites idiots that would otherwise be avoided, to become your friend. FaceBook takes gossip & innuendo to an uber Universal level beyond the speed of light. FaceBook users seldom use it as the manufacturer intended, to connect with friends & family. *Those users that do use it as intended do not seem to encounter such levels of absurdity & idiocy. My adult daughter called for her daily chat & I attempted to tell her a bit about this debacle & was met again (as in Joey's saga) with sheer disbelief & I could tell thru the phone lines, she was looking at her mental image of her mother as if I had a huge booger swinging... Adult daughter suggests that I log off & get some sunshine & then? Deactivate FaceBook because my friend "picker" is defective. I can't seem to get across to her that I am merely a spectator to these atrocities...She doesn't understand that I'm just in the "bleachers"... AND IMHO~ not everyone finds the same things funny. Some like slapstick, some prefer sarcasm, some improvisation, some like sexually explicit humor, others Aggie jokes.... Just because some us greatly dislike Windsor & we recalled him wishing for an email from his dad in Heaven & we'd already discussed how utterly morbid his "tribute funeral" page was to us? We (some) did find it funny. That humor in us, does NOT make us sick or bad or disrespectful. Windsor is an AssRag. He would do 10X worse (& is) & we ALL know it because we have SEEN it from him ourselves repeatedly. The Walter thing was just a greatly timed opportunity for him to sling more shit Allie's way & divert attention from his actual activities of stalking & hating....now he can whip out his victim card & rally what's left of his lemmings. I do wonder what some of the hard core extremist he's picked up recently think about Bill getting his vajayjay chaffed over FaceBook insults? I hope these para-military, doomsday preppers are seeing what a dainty little pusscake they have aligned with. **It's bad when I hope the wingnuts kick his ass to the curb. Oh, the absurdity that is Bill.

She watches far too much DrOz, Oprah, DrPhil, The Doctors...she can diagnose anything via the phone lines EXCEPT when her kid runs a temp or is puny & then? I become Macus Welby & am summoned endlessly.

642	March 2013	3/13/2013	Bill's Blogs Are Trying to Attack Us	Petunia SnodgrassMarch 13, 2013 at 3:32 PM	LNM, I've wondered if Susan might be Mrs or a gf of Windsor. Some days Susan was very anti-Bill & some days, not so much. Susan came off as VERY territorial of ALL topics/aspects Bill Windsor, a creepy kinda pride, for lack of a better word. I looked at the link Susan posted on your blog. A database for ALL things Bill! & you were NOT NOT NOT kidding when you described it as a spreadsheet! & she supposedly "created" this database/spreadsheet site to prove to Sharon Kramer that she, Susan, knew far more about Bill than Mrs Kramer knew! If that isn't a pissing match? I dunno what is! (in case Susan is reading, this is where you can insert a fence post & begin arguing with it, because you will) Your version of how time was spent in DC, from your perspective, was so heartbreaking. I can just put myself in your place. I'm so sorry for your disappointment in Lawless America. Your telling about your trip made me really empathize with you & the others. LNM, Thank you for sharing your experiences. You are a very giftedwriter.

I (c)-ed it, I loved it so much! & as LordB says, anyone is welcome to it as long as it isn't Bill. I'll be needing a size Small t-shirt. & can we order extras? My herd wants to know. The police chief & father, the last link listed? Heartbreaking. & YES! These are the exact types Bill is attracting/catering to now. Perhaps he was along....I don't doubt it for a second. It is sickening. Literally causes bile to rise as I read & watch more from his newer, bolder commenters recently. The 2nd link, http://www.youtube.com/watch?v=Bo3otdTKmew The guy talking reminded of Joey Dauben! & his rambling explanations! even sorta sounded like him! Polite, charming, full of information.... & yes! that officer deserves a commendation for being so patient. I do believe these are Bill's people! Someone should really alert those folks that still think that Bill is merely helping them with their cases....they are being drug behind the turnip truck on the Highway to Hell. I'm thankful that those like MaryB & others got away, regardless of how horridly they kicked in the process, they are out & these newest "state coordinators won't be haggling them~they have a bigger agenda, MUCH BIGGER AGENDA.

Somehow, I don't think it's coming my way, or yours or anyone else's. Windsor, seems to me, to have buddied up with some serious shitstirrers & they don't have time for pusscake bs like Bill get his vajayjay in a wad over FB fusses with a bunch of Domestic Abuse victims (women). Bill better be tightening up his twatiness & fall into formation with those he's aligned with. He just thinks we've given him shit. I have thought about the Walter thing some, since that day. I didn't do it, BUT, I did laugh. Had I actually been smacked by Bill & thought of it? Hell Yeah, I woulda. I was shamed for giggle snorting. But, Bill did wish for an email from his dear old dad in Heaven...I suppose Bill better be careful what he wishes for from now on... I wouldn't probably have giggled if I had thought Mr Walter's grandkids or greatgrands (any other nice relatives) would be hurt by the Walter profile. But to slap it on Bill? Hell yeah, it was funny. Just depends on the seat the viewer has from their set of bleachers.

Cold didn't do me well. I went to Keystone skiing once. I don't much like zooming uncontrollably down a mountain at warped speed with snot stuck on my face & trees trying to jump in front of me. Little kids that were so good they didn't need poles? laughed at me. The pole lifft on the Bunny (beginner/easy) slope whacked me in the back of the head on the last day of my ski trip & required 8 stitches. The rest of my friends were off skiing Arapaho Basin, if that gives you clue as to how out skied, I was...I'm a lodge type of beer guzzling snow bunny, since that excursion. But, StCroix? KeyWest? It's just gonna be an endless loop? Like the 'Never-ending Song'? (this is the song that never ends, it just goes on & on, my friends...) LAWLESS AMERICA HAS CAPTURED APPROXIMATELY 1,500 HOURS OF TESTIMONY FROM VICTIMS OF JUDICIAL CORRUPTION AND GOVERNMENT CORRUPTION. 14,427 takes were filmed. In the process, 7,230 photos were taken. And Lawless America plans to film forever. ^^^^^^^^^^^Why? Forever? for what or who to forever watch?

705	March 2013	3/22/2013	Billy Sets High Noon Showdown With Allie	Petunia SnodgrassMarch 23, 2013 at 7:12 AM	Yeah, Boohoo Bill Butthurt writes: Allie Overstreet has filed a criminal complaint in Missouri claiming that Bill Windsor "has bought a gun for use on a group of people." Allie Overstreet says I have "repeatedly" published this on the website. This is a first in my 64 1/2 years. At 10 pm on March 20, 2013, a sheriff appeared at our front door. I was served with an Adult Abuse/Stalking Ex Parte Order of Protection. I guess I am being accused of being a serial killer-to-be. My accuser is a serial liar. Here is the documentation that I was given. This is the first time I have ever had the police come to see me or indicate that I might have ever done anything illegal (other than traffic tickets) in my entire life. I have never been arrested, charged with, or convicted of a crime. I have never been in a jail or prison except as a visitor. I haven't even had a traffic ticket or parking ticket in over 12 years. And I have never, ever bought a gun to be used on anyone. Allie Overstreet has made one lie after another under penalty of perjury. The complaint against me is attached. I have heard that Sean Boushie (my original stalker) is planning to be there to testify for Allie. Two or more liars against one honest man can be devastating. I don't know that anyone will come to be there to testify for me, so I thought affidavits would be the next best thing. If you want to provide an affidavit, please email me at nobodies@att.net. I will be leaving for Missouri as early as April 2, so please contact me ASAP.

706	March 2013	3/22/2013	Billy Sets High Noon Showdown With Allie	Petunia SnodgrassMarch 23, 2013 at 7:12 AM - Part 12	If you are anywhere near Lexington, Missouri on Monday April 8, 2013 at 1 pm, please join me in Courtroom B of the Circuit Court of Lafayette County. I promise an exciting hearing. I will be available the evening of the 8th and all day the 9th to film anyone who wants to come to be filmed. Unless I get sent to the big house. Here is the Criminal Complaint that I filed against Allie Overstreet on March 12, 2013. I filed a police complaint against her with Officer Denson in Cobb County Georgia on February 15, 2013. Here is the Verified Complaint against Allie Overstreet, Mark Supanich, and John Does that was sent to Missouri for approval for filing earlier this week. If you haven't read about Allie Overstreet, you may want to read these articles: Allie Overstreet is the latest to lie, slander, and libel Bill Windsor and Lawless America. Bill Windsor has filed Criminal Complaints against 37 Cyberstalkers Bill Windsor has filed Criminal Complaints against Allie Overstreet, Sean Boushie, Claudine Dombrowski, Elizabeth Hope Hernandez, Kimberly Wigglesworth, and Brannon Bridge Allie Overstreet and her friends are not permitted to read this website. This article is not abuse, a threaten to abuse, stalk, molest or disturb the peace of Allie Overstreet. I am simply a member of the press reporting what has happened to me. This last little paragraph is an eye popper. A member of the press? that's not what he was bawling less than a week ago when the Walter parody surfaced! He was just a nobody, minding his own business then.....pick one AssRag~ fence jumper~

Me & Allie may not be besties, but I think I can check the box on his little nazi form for friend of Allie, instead of enemy of Allie. HAMpie is now hall monitoring the internet, "nope, you can't go to this www.site, you are friends with Allie, Mark, or their second cousin on their third cousin's brother's aunt's side! MOVE on down the www.highway! wah wah way! Someone I don't knowor like tried to read my stupid snit that I PLASTER all over the internet & then they make fun of me!" Yep. Life is good today! Stellar! 774	March 2013	3/29/2013	Billy The Kid	Petunia SnodgrassMarch 29, 2013 at 12:21 PM	LMN~ this is so on point! Your words flow from the page like cool water. You are so talented~ On the other hand, we have the "joey jokesters," a collected comedy routine of various individuals which has served a virtual pie slap in the face of Bill's need to be the head funny man. Houston, we have a problem. For Bill. There is a difference between absorbing dark comedy into one's own psyche since childhood, and dishing out what one has merely copied and thinks will gain a laugh—and actual talents by people able to take a step back and see a larger picture. William M. Windsor is so absorbed in his obsession with self, and his need to believe and convince other people to believe his hoax, that he is unable to see that he has become not a character of a misanthrope—but a misanthrope actual. And there is great situational irony, in the fact that what is lost on him is not lost on a peanut gallery he can only understand as "the joeys." Isn't that the perfect analogy?

783	March 2013	3/29/2013	Billy The Kid	Petunia Snodgrass March 29, 2013 at 10:22 PM	Petunia Incites Legal Action vs Windsor Or "We may revoke your Vajayjay card!" Bill Windsor, of Lawless America, is recently the subject of a protective order filed in Missouri, claiming he bought a gun and planned to use it on a group of people. Is this a legit complaint or an attempt to bring Windsor, and his government corruption documentary, Lawless America, down? And who is this group, anyways? We at ATW have reviewed a post from Feb 2. where Windsor admits to buying a gun. HOWEVER Windsor clearly states it was for self-protection, and that he is legally carrying it. Windsor also says he is "non-violent" and "I will not hesitate to use this for my self protection". In a later statement admits he is in fear of these abusive stalkers, some of who are using an anonymous name so they cannot be tracked while attacking and stalking Windsor. It is also worth noting that this one, isolated post was followed by several business communications, memos and planning regarding the "Meet Me in DC" event, in all respects the event was a successful and no one attending had any complaints about Windsor's behavior. On Feb, 2, 2013 the Joeys blog posted an article called "Der Fuhrer is Backed into a Corner", it is the usual round of name calling directed at Windsor and Lawless, today's excuse is that Windsor had a falling out with Deanna Kloostra (an AMPP member since 2009) so Windsor must deserve their hateful treatment, false allegations, and character defamation. The Joe-PPers (Joeys + AMPP) portray themselves as the victims while taking the abuser's stance (wolves in sheep's clothing!). "Der Fuhrer" includes details on AMPP's latest attempts to sabotage Windsor, "
784	March 2013	3/29/2013	Billy The Kid	Petunia Snodgrass March 29, 2013 at 10:22 PM - Part 2	The AMPPs fire back by sending congressman copies of Bill's only movies to this point like the "I am a pedophile" video and soundtrack, they also sent it to the reality series that is supposedly looking at doing a reality tv series out of Lawless.. After AMPP contacted the reality series, Windsor's application to the reality show was denied—and the voices of victims of government corruption/abuse from around America were suppressed. AMPP claims to be a victim advocacy group, one has to look at their words and actions and wonder whose side are they on?? "Der Fuhrer" includes alot of false allegations and name calling aimed towards Windsor. If witnesses are called to testify on behalf of the complainant or the group involved, and these witnesses are involved with AMPP or the Joey blog then their online statements should be taken into consideration to determine their motives and credibility. "Der Fuhrer" goes in all directions before addressing the gun issue. The Joe-PPers do express anger towards a certain person, who is seen posting on Loryn Ryder's facebook page, and who is now supporting Lawless. So there is another motive that plays into these allegations. Here is what Windsor posted along with a picture of the gun: In the comments section, Petunia Snodgrass (fake name used by AMPP attack mother) is urging Loryn Rider to talk to attorney about Windsor, and implies threatening her with a gun. Snodgrass taunts Loryn that if she does not do this, she is not a real woman, "Girlfriend, if you don't haul ass to an attorney Monday morning w/all this fat fuktard's rants about you combined w/this new gun snit? We may revoke your Vajayjay card!" Snodgrass also says a settlement/judgment against Windsor could make them very rich, "I would like to come over and frolick in your new pool in Georgia after all the judgment/settlement ~ Brannon will furnish the Mike's! " (Mike's Hard Lemonade) Then Snodgrass again urges Loryn Rider to take legal action, "BowchickAbowbow ~ Sick him LORYN!" (Keep in mind Snodgrass is an AMPP supporter, and AMPP has publicly declared "war" on Windsor.)

798	March 2013	3/31/2013	Please Don't Pass the Pie - March 31, 2013	Petunia SnodgrassMarch 31, 2013 at 7:18 PM	I'm personally torn about what I believe to be the greatest threat to our country. I have a list. At the very tippy top is ignorance. The next is laziness. I see a huge portion of society that is ignorant & too lazy to change that! After that? Indifference, intolerance, lack of patriotism....just taking for granted what generations worked & died to create. Today was a bad day for me, so maybe I'm being far too critical. I realize there are many that don't fit the descriptive terms I used above. These are just what I keep seeing repeatedly. Bill Windsor falls into each descriptive category I used, in my opinion. He's also greedy & self centered & attention seeking. We all know this, though. I hope after today, I will feel a renewal & begin tomorrow with a better outlook. In my corner of East BFE, we refer to my "clouded mood" as the MullyGrubbs. I have a bad case of the MullyGrubbs~

I don't want him feeling isolated & alone. The COs usually do mail call just before final inmate count at lights out each evening. I was thinking of something for him to mull over as he lays on his little metal cot with his scratchy blankie wrapped around him, contemplating his predicament. Maybe a group photo? I'm searching through all my (Google & BING) stock photos, now, for just the right one. I wanna have it printed & in the envelope with a postage stamp, ready to mail. Any brief message you want me to add from any of y'all? No profanity, please. The county jail mail readers don't like that...Just short & 'sweet', you know, so he's aware we here at the Clubhouse (Ginger, Snaps, LNM, Anons, AMPPs, Puffers, various Anons, even Fraggie) are thinking of him. We all know how he doesn't miss any of Ginger's blog articles or our comments here, I want him to have plenty of reading material on what interests him. I'm just really considerate like that. Incarceration is difficult, mail just gives an inmate so much more to ponder, from the outside perspective. Life does go on...

We'll post up together~ I feel fairly confident in my retired Marine baby daddy will dearly RELISH 'protecting' me from DipsoreBill. Those fruitcicles that yak on the LA pages about their PTSD? they haven't seen disorders compared to what Bill will not see, but experience, IF his painted up little jeep rolls thru my municipality. Petunia's Marine has so many flavors of PTSD/pent up rage, we lost count in September of 2001. It irks P's Marine to the very SemperFi core to read Bill & the LA twat's rabble. Marine was VERY offended over the remarks Dipsore made about US Vets...he's been on slow simmer since. Petunia was Homecoming Queen after all & Miss BlueBonnet 2 consecutive years...I got peeps~ my 1,200+FB friends are REAL (not bought) & over 1,000 of them live within a 10 mile radius of me. AND my county's judiciary being extremely well protected right now would be an understatement. I can't visualize his pussy ass coming anywhere near Brannon or I, without coming off looking as exactly like the AssRag I think he is. Bill can also see some real MEDIA, national media, IF he nutted up & came thru here. I get along marvelously with my ex & so does my Marine husband. We have no legal cases pending or child custody issues he can dink with either. Neither does Brannon. We have great LE in our area, that we have given a heads up to about Dipsore's absurdity when he was "filing criminal complaints" in Georgia against the BIG37 FaceBook & blogger bullies. That was a huge giggle at the local cafe for over a week. The laptops were buzzing & giggle snorts spewing over coffee at his stupid FaceBook shit was a huge comical hit with the police chief, the county deputies & constables over breakfast! They thought I'd made it up for mere humorous effect! Until I showed them! They've been following along now for several weeks. They figure the LE in Missouri, in AllieGate's county feels the same way they do. *explaining how I fell into this was a loooooong explanation/more giggle snorts* So, Bill? Roll on with your whiny, filming, badass self. Me & Brannon will be having lemonade on the porch, waiting, IF you don't end up in the clink for your uber stupidity in Missouri~IF *waving*

When they realize what a DipShit they got in him? Bill better be very afraid & drop off the grid & the social media. I was reading one of the Sovereign mucky mucks snit on FB & he didn't seem real pleased with Bill's blathering about this fiasco in Missouri. He had rather Bill just gone & done it & not yakked about it on FB for a week. Bill scares me as much as hemorrhoids, but I am kinda skeert of them myself, so I won't be mentioning their names. But, Bill knows exactly who it is. He commented on the LA page as well.

Alley Overstreet had absolutely no evidence that she had sworn under penalty of perjury that she had. The judge, who was very good, granted my motion to dismiss after he gave her every opportunity to find some evidence. At the end of the trial, the judge told me that I should see the Sheriff's Deputy in the courtroom with the details of my criminal charges against Alley Overstreet. I did just that, and I spoke the Prosecuting Attorney's Office as well. Stay tuned for the video because it has an ending that will probably shock you as it has me. I will post the video tonight.

840	April 2013	4/8/2013	Showdown in the Show Me State - April 8, 2013	Petunia SnodgrassApril 8, 2013 at 6:50 PM	& yeah Fraggie, little man NickMars from Cleburne, TX feels Allie should not only be hung, but then have a class action 'suite' (his spelling) filed on her, for her 'detriment' to the United States. Then NickMars blathers on to thank his God & proclaim knowing of her mothering abilities (& says she'll only be eating SaraLee from now on) NickMars is obviously a lemming of epic proportions or he may have over-served himself, but it wasn't on Petun-aRitas. & yeah, Fraggie, talking about hanging people, especially when those doing the blowing about it, haven't ever even met who they're suggesting be hanged. That does tend to piss me off. Don't you have a Fraggled, riddle/poem to compose?
841	April 2013	4/8/2013	Showdown in the Show Me State - April 8, 2013	Petunia SnodgrassApril 8, 2013 at 10:50 PM	Sean, not everyone can afford to 'hire' an attorney. Your opinions are brash & offensive to many. *~Redd~* tried very articulately to explain to you the situations of many. Obviously, to no avail. Empathy. In my opinion, you need study up on & begin to practice some empathy. Being right & superior from your seat in the bleachers is terrific & all...but it is off putting. These people are just trying to keep their families safe & together w/ a roof over their head & meager groceries on the table. Just try putting yourself in some of these people's place in life, while juggling (with little extra money) kids, jobs, former partners threatening them, court dates looming, CPS scrutinizing visitation (or not scrutinizing enough) & then Bill & his attack ants slinging online snit every chance they get. I'm fortunate enough to not be one of those & your pious ramblings grate on me! & if you can't be empathetic? Just don't keep rubbing in how much more superior you are to the rest of us. The Clubhouse once was a happy place for the exchange of ideas & information, (while giggle snorting) not a place for a pissing match about who predicted which disastrous & disappointing outcome the very best or first. Oftentimes, you come across as the male counterpart to KnowNothingSusan. This how your words come across my screen, "told you so! told you so! If you'd just watched my videos, I already outlined all this. You shoulda/woulda/coulda...but didn't." Even if that wasn't how you intended, that's how it comes across. There's no prizes being given. (I already have the tiara & you ain't getting it) K? Thanks~ *taking tiara to bed*

874	April 2013	4/15/2013	Uhhhhh, Its Monday - April 15, 2013	Petunia Snodgrass April 15, 2013 at 10:50 PM	Thanks for the standingO. I don't deserve one, though. I'm in a fierce fucking bad mood. (\$100 en route to cuss jar) I've watched as my county has mourned our ADA & DA & wife's murders. I've watched today as some scummy coward murdered & maimed innocent people out on a happy Spring day. That pissed me off. I'm about fed the fuck up with those that can't have any empathy for others. You ain't got any? PTFD, & just read along & keep your shitstirring, hurtful sentiments to self. Tonight? I'm ALL about GOOD PEOPLE that DO THE RIGHT THINGS sticking TOGETHER to do whatever little things to STOP PONDSCUM like BILL WINDSOR. To me, he's a thieving, lying, stalking, conniving, instigating criminal. Do I think our system needs fixing? DUH. Hell yeah. I love the Clubhouse. It used to be a happy place where unpleasant subjects were researched, discussed & fodder was made of the absurdities. There was an exchange of ideas regardless of differing the opinions, respect was a given. Now, not so much...it's where AssRags have come to spew & blather longwindedly (& poorly punctuated w/no paragraphs & pitiful spelling that needs a de-coder manual) at those commenters that have common courtesies & don't intentionally try to be malicious to one another. I thought that was what FaceBook was for. I'm outta here, until I get a better attitude, I don't wanna spread my bad mood to those that don't deserve it & already have enough troubles. Roll on Rush, err, I mean Sean. You can't have my seat, & you ain't getting the tiara. You ain't shiny enough for it. I'm gonna go grazing elsewhere & find my optimistic outlook, I lost it somewhere>>> ***waves***luff to my Ginger, Snaps, Anons, Bangladeshi, & Russians***
875	April 2013	4/15/2013	Uhhhhh, Its Monday - April 15, 2013	Petunia Snodgrass April 15, 2013 at 11:00 PM	If you're talking to me? No, I'm looking directly at the father of my children. I'm not a victim of DV or the courts & I am not anti anything EXCEPT conning people into believing Windsor is gonna do shit for them . & I wouldn't know Kloostra if she bit me on the ass. Or Tyrrell or Smith. You got us confused with with some umpteen lettered agency hating club... Go make a video. Send it in to AlexJones. He'll like that.

You are safe now & you haven't let this POS take your spirit or ability to see life as it really is, precious. & Yeah, like Redd says, Sean ain't shit to you or your life or your struggles, other than to try & mindfuk you...last I checked, he ain't any kind of expert or advocate...He has a good voice & is long winded, those are his attributes that I can see. Story telling, keeping his audience interested & engaged? not so much. He came here to drop links, stir shit & try to gain some 'followers'~EpicFail~ Did you see Redd's red tulip? It's so pretty! ***here>look>****waving***

By the time he's wore out? I've worked my problems out in my mind. He chases all the squirrels off! & bunnies! & birds! City dogs> he gets too excited out in the boonies!

894	April 2013	4/19/2013	Hypocrisy in Action - April 19, 2013	Petunia SnodgrassApril 21, 2013 at 1:19 PM	These are the Lawless, Sovereign, anti-gov't, militia types that are 10 miles from my home. We pass their property nearly everyday. The support they receive is beyond description. They need for nothing. It's scary thinking about them. When I became aware of Windsor's affiliation w/the Sovereign movement, this is what came to my mind. Like Palin says about Russia from her porch? I can see the Grays' compound/property from mine.

We thought of taking pics once....but I'm not slowing down long enough! Their property has a dozen or more 'mounds', these are mini bunkers that they men use to guard their place. Those mounds? You can easily see them from the road...
897	April 2013	4/19/2013	Hypocrisy in Action - April 19, 2013	Petunia SnodgrassApril 21, 2013 at 1:40 PM	Daddy Gray might have a had a bit of a prob keeping outside influences from the sons... The younger Grays don't have the dedication or restraint the older does....evidently the local Meth slinger wouldn't deliver to the compound. He's so outta his league... http://www.scribd.com/doc/87280463/Anti-Government-Sovereign-Movement-on-the-Rise-in-US

901	April 2013	4/22/2013	So Who is this Naomi Woman? April 22, 2013	Petunia SnodgrassApril 22, 2013 at 1:07 PM	Naomi is something! Thank you for answering our questions about who she was & what gave her the ability to judge Allie...nada, zip... & Yaps? I gotta disagree with you on the women that maybe prostitutes or in adult entertainment...It's not something I'd chose, but I do know there are women that do anything to they can to raise their kids...This Naomi ain't one of those. I feel bad for her kid...I hope her kid has had a great life without this woman around her. Bill Windsor has a magnet up his ass for these kinda individuals....it's a knack.

906	April 2013	4/26/2013	Let Them Eat Cake - April 26, 2013	Petunia SnodgrassApril 25, 2013 at 6:46 PM	Gail sent me a Facebook friend request. Twice. Last week. 1st time, I go look & boom! There she was. I giggle snorted & by the time I gotup off the floor, she had changed her mind & blocked me. Then, 2 days later, there her little goofy face was again in my notifications. I, of course giggle snorted even harder than the 1st time. Being the bigger person that I am, I saved Gail a busload (rv) of hurt & declined her little peace offering of a FaceBook friend request & immediately blocked her. Both of her accounts. I figured by the time she realized we were not gonna be friends, FaceBook or otherwise, the wifl wires might be uncrossed & she might be back up Bill's ass & he would not like her fraternizing with me... Your Welcome, Gail Denise...I won't tell Bill you're trying to roll with the Snaps.

919	April 2013	4/27/2013	Lawless America Officially Endorses Murder - April 27, 2013	Petunia Snodgrass April 27, 2013 at 2:12 PM	Anon(s)? parents of abused children? I am in complete awe of you! If YOU can be strong enough through the situation you are in? WOW!! You can (& obviously do) use the system to remain within the law! YOU are of the epitome of strength! I am so sorry that there are Windsors & Lawless supporters that behave & broadcast such repulsive blather! As sickening as this snit is for us to read & see that Bill Windsor & his groupies of gov't hating, corruption behind every shadow, lie sucking & spewing... I cannot begin to imagine how he & them affect you! MindBending! You (y'all) are the true ones that advocate & get flaws in our system reformed & changed! YOU do that! Not the Windsors or anyone else! YOU! You lead by example! I am in complete awe of your strength. Thank you is trite to what I really am unable to express. And? YES!!! JuliaFletcher, Naomi, Sharon Kramer, NickMars, KayKay, PastorPaul, Trish, Schied, PMA? they FULLY support Bill Windsor. They are "God Blessing" him, funding him, encouraging him & begging for more. They are all attention seeking whores just as Windsor. They can't garner enough attention being assrags on their own, so they leech onto his despicable activities just hoping to get some of the overflow to splash their names & agendas...attention whores, regardless of the disgusting circumstance he focuses on from day to day! They eat it all up, every spoonful. I wonder about the little boys in the center of this tragedy Bill is blathering about. Where are they now? What goes through their minds? They lost their Dad, their PawPaw... what kind of lives do they have now? What do they hear from Mom & Grandmom? at school? I have many questions about the murdered man's family. Do those boys ever get to see them? This is a small community...& in tromps Bill Windsor & the circus of Lawless! Sickening is just too nice a description. Windsor is using that "snapped" as justification? I wonder now, if Windsor keeps stirring situations, will one of those eventually lead one of his victims to become "snapped", as Jimmie was? Will Windsor & the lovers of Lawless use Windsor's justification then? Windsor sinks lower & lower, where I would have never imagined was possible.

I'm praying too that the Karma Express gets on track!! You are just so terrific! I won't lie to you. I'm a hothead. I can be really fugly. I could not do what you do. I'll own it. I could NOT be you. I'm not a big enough person. I'd weigh it in my mind & figure out the time...& I'd most likely do a lot of time. & that? would be doing the ALL the wrong things! I know we are never supposed to question why...I try not to. I fail. I ask God all the time, why? I don't ever get that answer, Anon. I'm going to keep asking Him to save you & yours. I'm gonna beg. Hard. I don't know you or the other Anons, but I sure do <3 HEART y'all. Please keep hanging tough. Please? I don't know how you do it, but you are! I don't have the words, but...I'm sending what they feel like inside me to you! Get your catcher's mitt ^UP^^ ***waving*** sniffles***proudly waving at y'all***

It is truly terrifying. I read some, then re-read it because I can't wrap my mind around it. The disagreeing? it gets eliminated. Quickly eliminated. That is just as terrifying.
922	April 2013	4/27/2013	Lawless America Officially Endorses Murder - April 27, 2013	Petunia Snodgrass April 27, 2013 at 2:48 PM	Lies are so pesky like that! They spin & sling off more lies all on their own! It's a full time job just to keep the lies on a timeline! Daaaaaamn. & then trying to incorporate the lies into what really went on & getting those to mesh together! YIKES! Bill better find one of those 116,000 dentists & get another script, quick! He's gonna run out & then? Bam! Or come up with another illness...just to give himself some Motel/Hotel time to get his spiel straight-er. Every once in while, one of those more attentive lemmings notices his little slip ups...& that's could be painful for sure! He's not right in front of a monitor while he's on the road...some little post dripping with questions or dissent could hang out there on Lawless FaceBook page for hours before it got deleted...tsk tsk He might even havta haul ass in the new jeep back to headquarters>

His post is still there. Bill was so hoping some limp dicked lemming would pounce on the teen's post (deemed 'Sport' by Bill) & 'defend' Bill...That ain't happening. tick tick tick...hours & hours just passing. Crickets. Even the most devout of FaceBook posting lemmings won't touch that one with a tenfoot rented pole. Not even TickBitMaryD, Naomi or Nikki. Not even the snittiest of scum lovers will venture to that low level. It tickles the snit outta me that Bill is such a pussy that he can't even wait an hour before he deletes & blocks comments. He is so scared a wayward lemming will see a grain of truth on his little FaceBook page! OR none of the scum lovers will jump to his defense! Either way? Pussy. I also notice that comments on his own posts get the delete much faster than those on the section *Posts By Others*. It's truly always all about him. He seldom reads what the LIKERS of the Lawless Page post. Bill really focuses his attention on his own posts & the comments to those. Attention seeking whore symptom #1. And? what happened to the Naomi cheer squad? Where is she this week? Busy brewing up a batch of soap? YouTubing herself? And? Trish & Schied? I never notice them publicizing their approval or LIKES to Bill's bs. Reckon they SHARE his blather on their social media sites? bahahahaha! Snort! I bet there isn't a tube of ButtHurt ointment big enough for the humiliating red ass they have for their spokesman Windsor. "I became married...." Guess what? Bill's gonna add to his FaceBook TimeLine LifeEvents, "I became UN-married..." to his spiel! FaceBooking! THAT is Bill Windsor's life! "What can I update my status with, now? How many SHARES &/or LIKES will I receive?" THAT is what Bill is ALL about. Without FaceBook? He really is a nobody. Nada, zip, zero.

Morgan 2013-04-28 20:29 OMG. I am so sorry for you Bill about your family. Just think about Jesus on the Cross. He could have come down, but he choose to stay and do what God told him to do. So, of your will, "God's Will" shall be done. You have given all you have to give, so did Jesus. God and all the Angel's and Saints in Heaven will protect you. I will pray for you, as you should do. But, yeah, I know a coupla bartenders, business owners, even city councilmen, attorneys, court clerks, law enforcement... Jobs, people that have real jobs. They read. Lots of CCL, Ellis, Henderson & Kaufman County folks read here. Why wouldn't they? It's factual, no comment moderation, no deleting. We like the exchange of information & ideas. Especially the satire. It's truly a small world. You might be "glad to hear" who all does read here. Or not. Just because they're not reading or commenting on blogs editorializing the justification of crimes committed during the influence of alcohol or drugs, doesn't mean they aren't reading at all. & with that? This is a great opportunity he's given, not only to you, but many future victims of his. You have some very staunch supporters, much more than you may realize or that you are 'seeing'. As stated several times recently, the readership here on Ginger's blog has continually grown. Those that read are a vastly larger group than just those that post comments. We know several LE agencies have been reading regularly for months. We also know that at least some judges have also been reading & following his online activities that have been mentioned & linked. Now, with Windsor's filing against you most recently, he's leading even more scrutiny to his "activities". The Anon above used GOLDMINE in their comment, where we had been referring to his ish as "nuggets" as we have detailed his absurdity satirically. Windsor's own words & actions could be used against him now, to STOP him, and at his very own "invitation".

The MO mom really got me to thinking. I wonder how many FB accounts of LawlessAmerica followers are possibly manipulated by Windsor? perhaps emails? does he take some followers' info & create duplicate accounts for his own use? All the website hosts changes? What's up with that? & why? Like Yaps said, Windsor is no IT dummy. & the subject of the money per view of the YouTube videos would answer why he will outta the blue throw up 'vintage' videos. Last month, late one night, he 'shared' over a dozen videos...by clicking those, did viewers unknowingly subscribe to another YouTube channel? I have questions. Lots of questions.

Get off that grudge shit & MOVE FORWARD>>> There is NOT one of us here that hasn't made at least one mistake & placed trust in the wrong hands. Add in some family crisis, legal problems, desperation, financial problems, loss of hope? Yeah, I coulda easily jumped on that Lawless thing if my circumstances had been different. This bitching & gritching? The shit slinging? I'm BEYOND effing sick of it. It's sucking the fun outta the Clubhouse. & we ain't focusing on Windsor or getting those left under his wrath away from him or the danger he puts them in!! We actually DO have an exchange of information & ideas, with some hilarity added in at times. (that snit above? ain't it) I believe we (Ginger & Snaps) have a huge funny bones. We TRY hard to have empathy &/or respect bones, too. I don't always agree with everything everyone posts~ maybe there's some shit going on in the background I'm not privy to? Maybe? No wonder BillWindsor slides on thru the lives of his victims unscathed. In his wake? He leaves them so bitter, they start turning on each other. & while they're virtually bitchslapping each other via comments? He's just tooling across the nation, plucking up new ones along his way, while those that could & should expose him are in-fighting. Damn. It'd be great not to be having the goofy, petty ass FaceBook shit over here at the Clubhouse. This snit doesn't stop? I can see self done & gone from here. I ain't got a dog in this fight, personally. I was empathizing & learning stuff. & was giggle snorting. & met some cool folks along the way... WAS. Now? I'm just pissy & ill. 966	May 2013	5/7/2013	Lawless America Becomes a Cold Blooded Murder Advocacy Group	Petunia SnodgrassMay 8, 2013 at 6:59 AM	Good Morning Ginger, Snaps, AllieGate, MissouriMom, AMPPs, Lorraine, Claudine & our Anon Mommies, @Attorney & any & every one ~ The sunshine isn't out in my area this am & even some spring showers are on their way. I stayed up way too late reading & taking in information that is of absolutely no worthwhile value in the focus of dinking with Windsor. It wasn't even decent fodder for funnies. I think I'm all caught up~ Victimization & re-victimization is fugly. What can be even fuglier? How the person(s) that have been a victim(s) handle themselves afterward. Most do with awe inspiring Grace & Strength~ I'm scooping up my tiara & hot hoofing it on down the trail with my new knowledge. As, always, I'm gonna own my own snit. I may not always be real proud of it, but, it be mine & I'm stuck with it. I have re-adjusted my PieLieScope/Detector. It is beeping loudly with anticipation. I'm ready for a new day of banter inclusive of some giggle snorts from all that is the world of Windsor's absurdity. I hope the glitter & Alfalfa I sprinkled over the upper limbs of the Clubhouse have cleared the aura of yicky that was here yesterday. I have grabbed my DustPan & shoveled that snit OUT> Ok~ get your coffee & your sense of humor & intelligence & let's get the Clubhouse FOCUSED! ***waving @Ninja & Sluggo I forget sometimes to tell y'all how much I appreciate y'all, but I do!!*** Look o-o I have on new pink boots with bling that Lance (from radio call) gave me~ He's cheating on Bill with me! I also expected Bill to be demanding justice for the Casto trio of brothers. If he remains true to form, Bill will proclaim any second now that Amanda Berry is falsely accusing them of imprisoning her (& the two other victims) after her also falsely accusing them of kidnapping her, over a decade ago. I just knew he'd be all over this breaking story with his badass PRESS badge. Entire incident may have had alcohol involved & that'll require a more experienced journalist than PRESS Pass Windsor.

975	May 2013	5/8/2013	Bill is Moving to Texas	Petunia SnodgrassMay 9, 2013 at 1:07 PM	I NEVER said or typed YOU, PMZH, didn't do anything. I believe I said the only group I read about on Facebook that DID do actual advocating that I could see for my self, were the AMPPs (Lorraine & Claudine is what I recall saying). I was/unaware of who you are behind the PMZH, so I don't know what org you work with. *I'm not monitoring very many of those types of groups. Knew of Claudine prior & met Lorraine thru her comments here. I have seen via Facebook & Twitter, Claudine working to find safe places for moms in danger, for example. I actually read via the AMPP page actual news articles from various sources about legislation that deals with custody, CPS, reform...not just petty stuff. *I'm not monitoring very many of those kinds of groups. NO ONE should have their image on LA's page with their home address, phone number & asking for 'help' gathering more information about them. NO ONE> I have lost count how many there have been. It's disgusting & it irks the shit out of me FaceBook allows it. PMZH, I apologize IF you took my words as a direct insult to you. They were not meant to be or to anyone else. I don't have any problems speaking EXACTLY what I think or feel about an issue or an individual. We've discussed HERE, at length numerous folks over the months that have been blasted on LA's page. Numerous. My rant a day or so ago was for ALL of us to at least attempt to stick together for one common goal. To stop Windsor. AllieGate having litigation ongoing with him? Seemed like a great place to join thoughts & ideas & what we have gathered for months, to use AGAINST him, to the benefit of ALL in the future. To set a precedent, maybe. That? ain't ever gonna happen. It's obvious to me it's everyone for themselves or their small #ed group VS. THE ASSRAG that is Bill Windsor. (it's bad enough to have a person's image & info, & pics of their home, neighborhood, employer all put out on LA's page. To be facing years & unknown amounts of money to defend oneself against his vexi ass are 2 different issues. IF he follows a pattern? EHH has more to expect. Being able to work together MIGHT be advantageous). Just my opinion.

977	May 2013	5/8/2013	Bill is Moving to Texas	Petunia SnodgrassMay 9, 2013 at 1:15 PM	I was pissed that day I read the dog bitch's stuff & then the fussing over here... I can easily see myself getting on the LA bandwagon IF my circumstances had been as some of the ones we've gotten acquainted with here. EASILY, & then havethat ASSRAG turn on them because they dared to lose interest or go elsewhere for REAL help? OR even worse, make a suggestion to ASSRAG? Disagree with ASSRAG? I have never thought of anyone that has been in a DV situation as whiny. I can so EASILY see myself in that situation, way easily. *shivers* I apologized to PMZH & that goes for anyone else that thought I was inferring otherwise. I have spouted off about owning my shit. I'm owning something I never meant to piss off those it obviously did. I was aiming for a much different reaction. I didn't get to words what was in my thoughts worth a flip, obviously. I just had high hopes that we, as a VERY diverse group, from the ClubhouseSnaps, AnonMoms, AMPPs, Puffers, AllieGate, LawLessNoMore, SeanFlemming, @Attorney, ect. ect.....any & all, could AND would join together like the Calvary & swoop in & win this War, that is Windsor. After he was put in his place? Away from hurting more victims again. The after that Everyone could go back to regular scheduled programming & back to their own fusses. Sort of a TimeOut with a purpose. I still hope that. Hoping that HARD~

That post about "lack of interest" that Schied posted, was that Bill's lack or just lack period? The fruit loops are busy following Bill's stalking & harassing. They ain't got time for forming Schied's groups, or listening to MI radio 'how to shows' when Bill is broadcasting his woman hating skills for the freaks that follow both~ They've got some doozies to whip into a frenzy~ with the attention spans of fleas (no pun to Tick Bit MaryD)

988	May 2013	5/11/2013	David Schied Announces Lawless America Failure	Petunia SnodgrassMay 11, 2013 at 1:33 PM	Y'all think that a.) VexiBill will sue David for 'stealing" LawlessAmerica, in the corrupt judicial system they both hate? b.) File criminal charges? c.) would VexiBill dare to make a citizen's arrest of David? d.) form his own GrandJury to indict David? & then find David guilty of Treason against Bill & LawlessAmerica (VexiBill's 'baby')? This could get real fugly real quick for VexiBill. Is VexiBill too busy stalking what he perceives to be vulnerable, defenseless women or is he secretly practicing his martial arts moves? (a terribly disturbing mental visual there) Wow~ the plot thickens. Kudos to Life In Pierce County, Ginger, LNM~ very interesting to ponder the outcome(s).

990	May 2013	5/11/2013	David Schied Announces Lawless America Failure	Petunia SnodgrassMay 11, 2013 at 1:46 PM	I agree with NBTDT here. I believe Bill & his empathetic Grandpa image & Barbara's money were just the front. VexiBill ain't never had the attention span or intelligence that Shied & Roland possess. I think that VexiBill's ego & psychotic/paranoid syndromes shot off the charts while he was front & center. Schied & Roland just never knew him how far out there VexiBill could really get(stalking & suing former supporters & perceived former supporters). My bet is they're gonna find out first hand. That cute little photo of them from the debacle in Missouri in front of the courthouse? There won't be anymore of those group photos. *sniff sniff? is that dissension among the ranks? Uh, Yep. Smoldering dissension*

He's spun to a new level of dangerous. He seriously has no life other snit like this. This is what brings him joy. He underestimated EHH. That's funny. She wasn't nearly as vulnerable as he thought. That pesky research, he just can't get the hang of it. Snort. I bet he's beating ass outta Mississippi as fast as that little Jeep will haul.

Perfectly worded~ You've got VexiBill pegged.You said he'd go lower after the rant/publishing of Mothers' information around the 1st of 2013~ You accurately predicted he'd flop in D.C.~ You nailed it about AllieGate bailing>& would begin his vendetta against her> You hammered it on home how VexiBill is totally giving the big F*** Off sign to Schied, Roland, et al~ You so got the dish on his excursion into Biloxi after Ms.EHH & how he'd get shut down& sent packing~ I personally have been anxiously awaiting his tour to & thru our great state of Texas!Yippeee Skipppeee! We'd love to see those photos! VexiBill didn't post those....

1000	May 2013	5/14/2013	David Schied Can't Hide From His Involvement With Bill Windsor	Petunia SnodgrassMay 14, 2013 at 9:47 PM	Dearest Tiny, You & I have certainly shared some giggle snorts, here @ Ginger's Clubhouse. Please, though, don't use my MsP nickname in any reference, jokingly or not, in reference to any type of physical violence toward the low ass loser, VexiBill~ & SugarShorts? I would never ever sully up my precious tiara of AlacaGanda holding any kind of money under it. I SO 'get' that you have been pushed to infinity & beyond by the scuzzy,underhanded, stalking, harassing, stupid ass snit that VexiBill fills his entire life with. I 'get' what you'd like to do to him. I can't say I blame you. At all. BUT....there's a but...we're (you, me, Ginger, the Snaps, the Anons, the AnonMommies, the Puffers, AllieGate, @Attorney) are ALL far above stooping to that. That's too easy to whoop up on his pussy ass. It's much more entertaining to show the world, his leaving lemmings & his other "haters" just how much he lies & the bizarre, creepy snit he does. Using VexiBill's real activities & his real loser life's failures is far superior. AND? It irks, infuriates, drives his paranorias beyond the legal limits, AND I would just relish the chance to joyously wallow like a big hog in seeing him 'bitchslapped" in the courts he so despises. OR? An added bonus that seems to be emerging? Even some jail time. Tiny? Let's keep it factual & way above ANYTHING VexiBill would ever do. He's imploding on his own lies & stupidity, daily! Now? IF he is ignorant enough to dare venture to Montana? You just get you some, your way. Here? In Texas? LawEnforcement is WELL aware of him. We value our judges & prosecutors in my area & recently lost 2 & a wife of 1 them, senselessly, to someone's twisted hate & rage, very similar to that of VexiBill's. Yes, Texas LawEnforcement at every level is NEVER gonna put up w/his looney escapadesafter what we've suffered & endured recently. VexiBill won't linger long, here... He'll have a new lie & be off! Stay tough. Keep yourself way higher. Don't let him push your buttons. He's so going down & quick!

Too bad the tornadoes didn't wipe him off the face of the earth instead. He was right here, in the 50-60 mile radius of the tornado(s) path(s) of obliteration ~ taking pictures. Who stalks who? I'm wondering of the self centered pussy considered giving his comfy hotel room to any victims that lost their homes? That were left out in deluge all night? Nope. His pussy stalking ass had to update his FaceBook status. I promise y'all he can see the devastation as he self centeredly sets out this morning, on his next creeping & stalking adventure. My deepest sympathy to those victims of last night's storms. They have some real life problems today... Not FaceBook Lying make believe drama like Windsor spins as him as THE eternal victim. This was the second or third time I have been there, and it was especially spooky in the severe thunderstorms last night." Okie dokie, so puss cake VexiBill admits blatantly that he's been creeping around this business owner's property not once, but SEVERAL times. Ewwwww...YACK! (cracks me up the lemmings loved the structures made by this business! For the most part of VexiBill's photo post? They thought he was endorsing these structures & lapped it up as advertisement/encouragement to get one for themselves! bahahahahahahaha!) I keep hearing that song in my head...(change the words a bit> "Everywhere you look, you can write a blog about the trouble with a lying scammer & those who honestly expose HIM? who's stalking who?..." all the way thru, you can sing along & get the idea> https://www.youtube.com/watch?v=DpV2ZzXnlpE Yeah, VexiBill is SO terrified & scared of Brannon that he hauled ass to Brannon's in the dark with his camera! AND? he's been to what he THOUGHT was LB's employer (UBER snort). Derr, uh, duh? YooHoo? VexiBill! Brannon even made a celebratory video about his 2 TWO YEAR mark @ his current employer, JUST last week! Yup, old Vexi is such a crackerjack at researching his targets! It's too bad VexiBill doesn't have a real investigative assistant for these Tricky Texas targets...tsk...tsk...tsk... Hellfire, for all VexiBill knows? some of those TexasStormChasers, with their high resolution cameras, mighta, just maybe, got some dandy little photos, of his goofy ass, roaming around, lost as an EasterEgg, all while tornado was bearing down & the sirens were blaring! Yup. That's a real brainiac right there.

IThen? VexiBill hauls his wide ass to THE closest HolidayInn Express on the donations of the LawlessAmerica faithful! Can y'all just the "Sarge" kicked back watching LB's YouTube's with WhinyWindyBill? Sure. That's ALL he had to do today was sit indoors with some twat from outta state, come to whine about longtime resident & taxpayer in his county...sure, that's exactly what happened. Wait 'til morning, after the coffee's been drank & shit discussed & guffawed about around town! Yeah, WhinyWindyBill...you're gonna leave a lasting impression. I snarled as I thought of this! *bahahahaahaha* Whiny? IF you can force yourself to believe that shit? Be sure to wait on the tooth fairy, Santa & the SundanceFilm Festival people to drop by your HolidayInn Express 'suite' tonight, too... You got just as good a chance of those happening too!

1029	May 2013	5/17/2013	What Bill Says Vs the Truth	Petunia SnodgrassMay 18, 2013 at 1:22 PM	I am curious about several things. Is VexiBill cha-ching-ing \$\$ for every YouTube view now? Or is it just the older vids? He is video posting 'happy' recently.... & Yeah, Yaps, that hotel room, chair positioned against the blank wall between the bed & the bathroom? video taping whatshername? YIKES! That is some kind of professional movement. NOT> If you'll read the Texas Lawless America Page, the admins for that page were commenting back in February that they were unable to reach him...& 89 Likes for the entire state of Texas? & some of those are 'us'! VexiBill has smeared his fatass so far across the internet & social media sites, that he is simply unable to monitor, read, delete all the negative & truthful stuff on all his sites & accounts! The Twitter feed alone is ridiculous! That is admin-ed by the Mink Mommie from Rhode Island. She is a Twittering fool, yet she never reads or responds to tweets TO LawlessAmerica/Bill Windsor! The YouTube comments are way outta control on some of his recent video posts! I even saw some truthful & very negative ish on Tumblr! Anyday now, he'll pop up on my PINTEREST feed with a recipe! ***giggling***
1030	May 2013	5/17/2013	What Bill Says Vs the Truth	Petunia SnodgrassMay 18, 2013 at 6:58 AM	***shudders*** It IS scary when the stalkiest stalkers warn him to cut the batshit crazy escapades.& You know what? I'm NOT condoning your ex by any stretch of the imagination, however, he at least isn't trying to take your kid & he feels compelled to keep y'all 'safe' from VexiBill. I have a friend that has an ex that watches her constantly. He can tell what she's wearing,where she is every second...she spends lots of time online because she is so isolated. It'd be bad IF VexiBill chose someone like her to stalk & harass, oblivious of who's watching him do it.Real Bad, like your ex kinda bad. I have a friend that has an ex that watches her constantly. If Bill posted a shot of pugina? She'd LIKE it & then give an encouraging comment about it & an "lol" on the end! YACK YACK YACK We are watching the demise online of this thing that is Bill Windsor. We just thought it was fugly 6 months ago...it has zombied into something so dark, twisted & morbid that it is beyond what my imagination had ever considered. He is truly dangerously ill, in my opinion. It sure seem's to me, that he's become so desperate for even a tiny modicum of attention from anyone about anything. He's documenting corruption now. His own.

1040	May 2013	5/21/2013	The Bill Windsor Show	Petunia SnodgrassMay 21, 2013 at 6:57 PM	Ultimately? IMO, MrWindsor is responsible for himself. I seriously doubt if anyone in his family has ever been able to stop him from doing whatever he wanted. If & when they tried? He would turn on them with his tantrums until he got his way....it's a learned behavior. Toddlers learn it... MrWindsor is just an oversized toddler (IMO a dangerous toddler) on his own, tooling around the nation, having his little hissy fits. He's all alone for many reasons. Mainly because NO ONE wants to be around a whiny, fit throwing, spewing toddler.
1041	May 2013	5/21/2013	The Bill Windsor Show	Petunia SnodgrassMay 21, 2013 at 8:43 PM	I agree with both of y'all.It's a shame that they (the Windsor family) chose the be complacent, most likely just to avoid having to deal w/him. Y'all are right, they should've spoken up & out to protect others.*waving*P~
1042	May 2013	5/21/2013	The Bill Windsor Show	Petunia SnodgrassMay 21, 2013 at 8:56 PM	& do we really think his assholitis was treatable? Could've been treated? Or locked away before it metastasized to, uh, um...this? It's not too late to make it right & avoid what is obviously spinning to destructive & before someone other than Bill gets hurt.
1043	May 2013	5/21/2013	The Bill Windsor Show	Petunia SnodgrassMay 21, 2013 at 9:37 PM	It's mind bending. And? If there are those that present chronological (daily) facts of what he's really doing? They/we are "haters & stalkers".Yeah, it's all absurd.

1053	May 2013	5/25/2013	Sometimes You Eat the Cookie, Sometimes the Cookie Eats You	Petunia SnodgrassMay 26, 2013 at 3:45 PM	I'm friendly with Josh. He knows exactly what Windsor is & what he does. He's a young, single father, law student, singer/songwriter. He just won his nasty custody battle. Pro se, no less. He & LB are friendly, too. I'm pretty certain he reads here. He was merely 'waxing poetically' earlier today...(in my opinion he seemed to be & we messaged back & forth after I saw it).
1054	May 2013	5/27/2013	Happy Memorial Day	Petunia SnodgrassMay 27, 2013 at 5:00 PM	Sean? I dunno what show you listened to that was ALL about any ONE thing, other than Windsor /LawlessAmerica. We had a coupla callers Friday, that maybe were affiliated with AMPP, that have been DIRECTLY affected/been a VICTIM of THE BillWindsor/LawlessAmerica! like mono E mono affected. That kinda DIRECTLY. They are posting here so they're affiliated with us, too. They post on alot of public FaceBook pages, Pinterest, Twitter, InstaGram, Tumblr, YouTube, Reddit...So do I. So do you. Sooooooo, technically? We're all "affiliated" with them. We get it. We ALL get what you're SNIDELY & REPEATEDLY inferring. Not just the females among us. A L L of us. You have beat us over the comments with it repeatedly! Regardless, IF your comment was/is NOT on topic, you get it to the DV abuse Moms, & usually in 20 words or less. Every freaking fracking time. DAMN. We GOT it. You have made it abundantly CLEAR =You don't seem to believe there are very many domestic violence victims. & you don't seem to like that they have support groups/pages or blogs. WE GET IT. *idea* YOU could make a BLOG about JUST that!! And Sean? We spent 56 minutes during one of our very 1st blogtalkradio segments JUST listening to YOU! Yes! Y O U!!! You told us all about Michigan, some Kloostra & Melinen woman (that we could give 2 rat's shits' less about, @that time), Conservatives, Liberals, Democrats, Republicans, TeaBaggers (as you referred to them), Obama, your views on adoption & CPS, foster care, etc, etc.... And Sean?

1055	May 2013	5/27/2013	Happy Memorial Day	Petunia SnodgrassMay 27, 2013 at 5:00 PM - Part 2	That time during that show in which you called in? the chat log commenters were BEGGING for you to PTFD or STFU! OR they were BEGGING us to just hang up on you!! There were rumors of ear bleeds! & pleas for ear bleach! You were OFFENSIVE & OFFENSIVELY B O R I N G. I personally wondered IF you took a breath. NOW> the woman you are referring to that called Bill a pedophile & a pedophile supporter was Connie Bedwell. She is not PMA or AMPP. We've covered this ground eight seven hundred umpteem times, dude. Many many many people didn't believe her story. Bill did! He ate it up like pie. Bill makes derogatory statements about women ALL the time. Allie even told us he fretted over how his posts were obviously biased & what could he update his FaceBook with that would "support" to improve his image in this area. Bill was being labeled a woman hater & losing women's Support because of his posts, very SIMILAR to YOURS! Ok? You're coming in loud & clear. You DO have a very rich, pleasant speaking voice...it's your choice of WORDS that is unlikeable. UN. Very UN. I'm fairly certain I speak for most here: Either follow along on topic with your snarky comments (that, by the way, need a freaking 2nd grader teacher's decoding manual), OR be just a teenie bit humorous OR insightful OR? (I hope, pray, beg the Dear Baby Jesus) just keep that shit on your YouTube videos about fast food. And? guess what? I'm not an AMPP-er or a PMA-ist or an ATW-eeen...nope. *If I have am wrong or am offensive? I apologize. Personally, I'm past fed the eff up with Sean's off topic/thread shit fest. I thought we were supposed to be sticking together for one purpose. I'm done now. **Happy Memorial Day** thank you for another on point blog Ginger**waving**
1056	May 2013	5/27/2013	Happy Memorial Day	Petunia SnodgrassMay 27, 2013 at 6:16 PM	I said something last night that I wanna expound on here, today. Because? I freaking can! I am an American! I can write, say or think anything I want. Just like Sean can.... Ain't that awesome? No where in my little hissy fit did I demand that Sean "Cease & Desist" or "Abate" (wtfever Abate is)...I didn't threaten to sue him or file criminal charges.And? I seriously doubt that Sean will either. We'll bitch & gritch at one another & get butthurt, giggle snort a little, maybe we'll think about what the other commented.... AND? most likely, we'll both be more cautious about what & how we phrase things to others from now on. Why? Because that's what NORMAL Americans do! We E X E R C I S E our Right to Freedom of Speech! We don't abuse it or twist it. And? Finally? I DO NOT HATE ANYONE. I may hate or greatly dislike the things they say or do, but, I don't think I have hate in my heart for anyone. Not even Bill Windsor. I am awed by the man's unhappiness & need to feel superior & his need for any kind of attention. Mostly? I feel pity for him. I feel such huge emotions for those he's harmed, no words can express. I don't hate Windsor, though, I can see why some do & they are rightfully entitled to those emotions. I just want him stopped by LEGAL MEANS. ONLY. I am about as country as anyone can be. I have scrapped & rolled around in the gravel more than once as the result of words that caused childish anger. I was alot younger then, & even then? I never ever once thought of ever inflicting force or trauma on someone other than during those tussles as a youngster. I would never stoop to a low level that would cause MrWindsor any type of bodily harm. He's old, unhealthy & obviously not in his right mind. Why would anyone wanna kick him when life is already whooping his ass? If MrWindsor says that he's ever rec'd a threat from me? He's beyond delusional. I can sit in the comfort of my air conditioned home & watch the consequences of his life's choices & that karma whoop his old, weak ass. THAT is worse than anything a human could ever inflict on him. That? Is a fact. Sean? Can we just shake or fist bump & chill? Maybe you can begin again with a different approach? Regroup? I am very proud to be an American & I greatly appreciate the blanket of Freedom I sleep under provided to me by the many heroes we have currently in our Military & those Veterans that have served our Great Nation. I am so very thankful we do not live in Lawless America & never will. Our nation may have flaws, but I'll take it over any other! Now? I'm done.

Windsor hasn't learned anything! I distinctly recall Bill being smitten with ConnieBedwell, LorynRyder, PresleyCrowe (Dauben Tuma), & umpteen others, as being "so beautiful on the inside & out"...& now? >These are his arch nemesis! *What a doofus* And? had this woman been a bit homelier? plainer? not wearing a tube top? or had she been a man? a father? & swinging a penis? He wouldn't have been bothered! I seriously didn't think his pre-teenish FaceBook posts could get any worse after last Friday night, immediatley following the PB&Y blogtalkradio roadcast! But... Whoever said that "someone couldn't fall off the ground to go any lower", never realized that BillWindsor has a big ol' FaceBook-ing shovel! This virtual FaceBookShovel has given Bill Windsor the ability to show the stealth & speed of the wind that he possesses with his deleting of comments, so that it appears to readers he is arguing with himself! *teenaged girls everywhere are in utter AWE* Then? the sheer determination to video & upload himself in front of the same police & court complexes he says are corrupt IMMEDIATELY after supposedly whining to them about being a victim! *slutty, promiscuous, lonely & dejected girls far & wide only wish they could do these uploads of themselves as speedy & expertly as Bill does AND then posted to their pages!* Add in the countless photos of his current stalking targets, their homes, their yards, their employers, their pets...+ filing criminal charges AGAINST them! *meangirl cyber bullies worldwide are taking notes on this meltdown maneuver!* Then there's Windsor's now infamously, hysterically, comedic FaceBook issued C&Ds, combined with his latest ABATE addendum! Oh! I nearly forgot!! Earlier this week, BillWindsor kills the option for his LIKERS to comment on the LawlessAmerica Page! That? was a whammy I never saw coming! What narcissist STOPS the ego boosting comments he so craves? Especially now, that there is NO .com site? However will he get those "praying for you, Bill" or those "when will you film me?" or MaryD/TickBitMary's loooooong list of crimes against her? He couldn't, so he was forced to undo that little faux pas...none the less, his place is secured! Without a doubt, Bill Windsor is definitely gonna StatusUpdate his goofy ass into complete & total Epic FaceBook Fail History! I'm so very tickled I have it all documented in screenshots! Thank God for FREE WIFI @ Marriots & for FaceBook! God Bless America *&Zuckerberg*</p>

1084	May 2013	5/31/2013	Oh The Never Ending Life of Pie	Petunia SnodgrassMay 31, 2013 at 1:04 PM	***waving to Ardith*** Bravo Ginger! Wasn't Sheri's rise to LawlessAmerica stardom a learning experience for those of us with search engine powers? What I don't 'get' about Sheri YouTube video taping with Bill is, why would she need or want to? Her YouTube channel has more subscribers than LawlessAmerica's. She has several websites & blogs, on which she solicits 'donations'. What does Sheri need with Windbag? Slow day for her? Sheri certainly seems to me, to have managed to stay busy, busy, busy these past 2 or 3 decades away from her 'babies'. Now that those 'babies' are adult men, they too can use their own search engine powers to seek out the mother they have been estranged from. Maybe, just maybe, they don't want to...*that would be so creepy to have your mom pop up in porn links on a Google or YouTube search! Yack! or your granmaw! Double Yack!*

I hope you DO NOT remove your videos or comments regarding YOUR opinions & views about Windsor or anyone else! You could make snitty/snarky videos about me! I might not like it, BUT, that is your opinion! And more importantly? Your constitutional RIGHT! I hope you change your mind. I hope you make another video about Windbag's goofy ass! Boohoo! I'll watch it! So will others! Perhaps, maybe, you'll say something just the right way for someone doubting Windbag, that makes them go "Aha! I like this guy & listen! He says....." Isn't that the idea? To reach others before they are duped by Windbag? Help them? Stop him? Ok? Just because I don't like your views on the Mommies & DV Abuse victims? & because I think you come across as scorned & bitter? Doesn't mean you're wrong, or that I'm right (but you kinda are & I kinda am). Don't let Windbag's veyx ass intimidate you! He's an idiot & you know it! You recent videos about the mortgage/homeowner guy from Lawless this week? I thought were your B E S T so far!!!! SFS FOREVER!!!! Don't deny your subscribers! C'mon? Don't give in! If I saw an envelope in my mailbox from the IRS? I'd drop it like a riled up Copperhead & wanna run like the wiiiiiiiiiiiiiiiiind, IF I were Mr.Windsor! & for Susan above: Uber duber REALLY? It doesn't matter at all what's in Windsor's pleadings he's give the court in Missouri, already? Are you sure? I realize that I'm no brainiac like yourself, but.... REALLY? Snarkiness aside, can you explain this theory of why Windsor didn't havta include that? Use the littler words for me, so I can try to follow along.

I'm just 'itching' to see a photo of Bill & TickBitMary TOGETHER! Can't y'all just imagine TickBitMary all piled up in the little LawLessJeep? (backseat, of course, social media/internet command center in passenger seat) I can imagine how their day would go! First, Bill takes her for the big lumberjack breakfast at the local cafe, then, he sprays her with DeepWoods OFF & then she sprays him, next, they load up the camera & GPS. And then, it's TickBitMary riding lookout! That'd be the ONLY way, I think, that Bill Windsor would EVER allow TickBitMary in his little Jeep. IF she'd do his stalking for him! He won't even respond to her 18+ daily rambles on his Facebook! There's no way he'd give her a moment of his real time! & that latest mess on his TinyHater.com? Really? He had ALL day & that was all his little hamster wheel could rattle out? a mailbox picture (hasn't that been done)? & he was told of some gossip about a porn store? I bet Windsor is so very proud to have her as his #1 fan & co-hater of Tiny while he's been in Missoula! What are these of TickBit MaryD's? Word &/or letter vomit? Is she just typing too fast? Are these effects of her Lyme's? I'm kerfluffled. Can anyone translate: access to my asserts? falssolitary isolation? false-fabricated retaliatory Delusional-Somatic type? 1107	August 2013	8/9/2013	Windsor vs Boushie, Can Anyone Win?	Petunia SnodgrassAugust 10, 2013 at 6:55 AM	I wanna know he found the time to do his makeup yesterday? For real! He's zipping from JP to JP, to the Sherrif's dept., back to the motel to 'amend' his complaint(s), moving the Jeep, re-amending his shizzle IN the Jeep, making undercover videos, making 33 minute videos while changing locations..... I'm exhausted just thinking about it! What a multi-tasker! Wow! So, today? He's gonna be sporting his Resistol hat, his bandana, & the bullet proof vest? Y'all think he's gonna wear long britches with his Howdy Doody ensemble? Or the standard khaki shorts? I'm thinking, it's summer! Go with the khaki shorts & add cowboy boots! Where the heck is TickBit MaryD? She could be lending stylist support! She could be applying foundation & mascara w/DEET! If Bill's gonna be doing these lengthy 'news' updates, he's gonna havta have his 'look' spiffed some! This could viral & here he is looking all H A M (hot assed mess)! The Snodgrasses were really liking the Rockguitar comments on YouTube! We think Bill should take Rockguitar's advice!! Go Federal Bill! Just go Federal! Do it right & do it once! Cut out this small time stuff & get into Federal w/the big dogs! Federal's where it's at!! & definitely do the Resistol, bandana & bullet proof vest for Federal, with lash extending mascara in addition to eyeliner! Much more dramatic! I don't post as much as once before for many reasons, the main being that I've been busy at home with my family. I do stop in often & I happened to be reading the last several days' posts & comment threads, just now. I certainly haven't always agreed with Flemming or the way he presents his opinions, that's no secret. I doubt he agrees with my opinions or the presentation of those, either. I do agree with him on Maria Melinn, based on what I have read elsewhere, not from him. I will give SF credit, his writing & sentence structure has improved markedly. I did at one time giggle snort daily, here at Ginger's Clubhouse. More recently? Not so much. After discovering how pitiful, how mentally ill, emotionally damaged some of the followers of Lawless America really were? Made it not so funny...like kicking a wounded puppy. And, then Windsor's Summer of 2013 Stalking Across America? Nothing funny about that. Sickening. Real life is hard enough. I try to spend my 'spare' time being uplifted and trying to learn new things. I have kids, I'm caught up on hateful squabbling. I don't want to spend any of that 'spare' time to read among strangers about another stranger via a blog on the internet. I really like the commenters I got to 'know' & got attached to here. I have learned about a wide variety of issues that I was oblivious to prior the "Clubhouse". I never realized how much DV there really was, I now know the definition of vexatious, I know about stock photos, I know more than I ever wanted to about the Sovereign Society, I discovered Vimeo, I learned about Lynch Syndrome...so spare time at the Clubhouse has been an A+ learning experience:) & I have this shiny tiara. *BONUS*
1123	August 2013	8/31/2013	Prisoner of Rage	Petunia SnodgrassSeptember 2, 2013 at 14:07 PM	*AMONG* sorry~ don't wanna read strangers argue with strangers about another stranger. What happened to discussion? Why does shit havta go from 0 to hatefilled venom in one comment thread? Damn. Maybe, there's stuff we don't know about? maybe? maybe the way words are typed by one & then read by another (from different regions/speech patterns/slang) could be misconstrued?

For example, what if ALL Baptist were thought of by the actions of Westboro Baptist? That's my view on it. Just as in 1st Grade when Mrs.Parker made us all miss recess because Ralphie wouldn't sit down & hush..."it just takes one bad apple to ruin it for the entire basket". Ralphie is still a jerk. **I have a friend I've known my entire life & she now is Messianic Jew. I don't know what changed her mind from being Methodist...but, what she believes & what CONnie spews are VASTLY different. I asked her about Bible coding or coding anything and she thought I had made that phrase up! (she said this "coding" must be a special power that only CONnie possesses)**

Uh, nope.Marty should log off & get right with God instead of stealing time & bandwidth from his employer with hate-filled spew on Facebook. That post of Marty's? More disgusting than any toilet he shoulda been scrubbing instead of posting it! Marty better be thankful God doesn't inflict curses on him, as he wishes on kids. This Marty Moment is the most disgusting to me, Iso far. STUPID & CRAZY is no excuse for that.

Part two	Petunia SnodgrassNovember 2, 2013 at 10:24 PM	Wow.The 13 questions speak volumes to me after reading all the documentation.WHY did Lori NEVER report this alleged sexual abuse to the police? Would that not be a parents first port of call?WHY did Lori move from the State her alleged "abused child" resided in and move to Washington DC, moving to a lesser paid job in the process?WHY did Lori refuse to see her child under supervised visitation? Yet continued to post online about trying to "save" her?WHY did Lori refuse ANY and ALL contact with her child for over 2 years now? No christmas/birthday gifts, nothing. Yet STILL continues her online attention seeking antics about her child.WHY hasn't Lori attended the necessary therapy to satisfy the court requirements in order to see her child? Wouldn't YOU?WHY did Lori decide not to turn up for A SINGLE custody hearing pertaining to the child she is "desperately trying to save" ?WHY has she filed grievances and defamed almost EVERY official who worked on this case and then some?. Accusing them ALL of pedophilia, child trafficking etc.WHY did her OWN PARENTS state that she has "No grip on reality"?WHY did THIRTEEN attorneys drop her?The last 2 are doozies for me. Her own parents & thirteen (13) different attorneys? They're probably being accused of being corrupt, too.

1150	December 2013	12/01/13	Those who can, do. Those who can't, bully.	Petunia SnodgrassDecember 3, 2013 at 4:34 PM	Why do they continue to allow him to 'join' & even foot the tab? I don't understand. Are they trying to be kind, because they pity him or to avoid an uncomfortable confrontation? After reading Eva's description of Aagent DoucheCanoe's practices, it seems someone should stop allowing his access to 'join'. These gatherings just give him the opportunity to scope out vulnerable individuals, especially among the females. That part about him taking photos w/his flip phone creeps me the frack out! Windsor lurked around with all his cameras snapping photos of unsuspecting victims, too! Does Aagent DoucheCanoe have an automobile or access to one? How does he get to these functions? Is he clean? Dressed appropriately? I just can't imagine how uncomfortable he makes those around him feel!

I've heard of party crashers & wedding crashers, just never funeral crashers. I'm glad he's up yonder with y'all, here in the South, we all take a dish/casserole or dessert to the family's home. Then, usually the day of the service, a bunch of folks will have a meal ready & served either just before or after the services. Sh*tfire! Can you just imagine his big ass waddling off in Mr or Mrs So&So's home? Letting the little church ladies & neighbors serve him & him whooping out his little flip phone? One time he might get away with it, but twice? & one of the So&So's would stomp the far offa his sorry ass! Makes shudder to even think of him wallering around in a grieving family's HOME! I was wondering about Al Melfi, too! Dang! How many funerals is Al gonna "plus 1" Aagent DoucheCanoe around to? If Al's known him all this time, he's bound to know he's a lying assrag, right? This funeral/wake hopping thing is just to infinity & beyond CREEPY! JeezaLouise AND Thelma! Somebody's gotta stop him! You should rally your gfs & y'all start snapping pics of him! Y'all can have a guess where Aagent DoucheCanoe is mooching in this photo contest! ? ??

1160	December 2013	12/09/13	Bill Windsor Takes a Dive	Petunia SnodgrassDecember 9, 2013 at 3:51 PM	I'm definitely calling bs on "I fell on the ice & have a fractured skull"~ We've all slipped on ice...falling happens, no doubt. His tailbone being fractured would have been much more believable. Or, his back, knee(s), wrists, elbows? With his amount of weight + the momentum of a slip on ice? If he'd actually whopped his head? He'd be in a coma! He mentions skull fracture, but not a concussion? Really? This lie wasn't real well thought out. Bleeding out his ear? uh, nope. Was he floundering on the sidewalk, groaning "Help! I've fallen & I can't get up!" or was he knocked unconscious? Pffffft! What a pusscake! He didn't even elaborate in usual grandiose fashion. This bs was whipped out with very little forethought. Ginger, I'd bet the PacaPlantation that you hit the vexi nail squarely its' head. He's either gotten served, about to get served or missed a filing. Those pesky mental exams! tsk, tsk, tsk...his excuses just get lamer & lamer. He has more ailments than an old lady! Shut the front & back doors! Lemme count, just since last year at this time? A cough that lingered for months, toothaches, lost crowns, stomach viruses, blood pressure issues, fainting spells, the bulging gut/hernia problem & now? His pointy little head! What happened to his umpteen handy dandy cameras? video-ing himself with his remote control? We ain't seen his goofy ass in front of a camera since his fiasco(s) in Montana! He's fallen alright. You've been mighty good to me throughout the many months. You tell it exactly as it is, you research far more than anyone I've ever known. You always stand firm on your ground. You stick to facts and truth, no matter what. Over the years here at Ginger's, there have been so many very interesting, intelligent, hilarious commenters. I have had an opportunity to get to know & I have real affection for many individuals that I would never have ever encountered had it not been for Windsor! (credit where credit is due, thank you for gracing my life with some amazing people, with so much talent that you were ungrateful for & you discarded! Sincerely BW, thank you)I have had some of largest giggles on some of my life's darkest days, right here, just reading the comments. So many people from so many areas of the nation, with so many insights to things I never knew about, never thought of & some I'd never dreamed went on...Those commenters' stories sincerely touched my heart and many tickled my funny bones with their humor. Just think of all the phrases we've ©-ed? Those are priceless! Think for a minute, everyone has a favorite or two....there are the endless PiesAcrossAmerica puns, the veritable Lemming LineUp with corruption in every corner, even Lyme infected ticks got credit! Then came the defectors & we cheered for them & hoped for more! After what seemed forever, AllieGate broke with now the infamous "pffffff" heard across LawlessAmerica! The Lumpteen CookieCapers? The video masterpieces? Oh my goodness gracious!
1169	December 2013	12/13/13	Bill Windsor's Tall Tale Gets Him A Stay of Execution	Petunia SnodgrassDecember 13, 2013 at 6:44 PM	So much Mike's Hard Lemonaide, tassel twirling hours were spent on the Clubhouse porch, while the Bangladeshi pedaled with all their might to Vonage with us! We chitchatted with one another via the P,B&Y broadcasts & were riveted to our EarPods by Dharmakharma, Khazi, Dhali & precious Smeggie giggle snorting uncontrollably! We were outraged for the victims that were being stalked, photoed & blasted by a crazy old twat waffle, shaking at the wheel of a Jeep. That old twat waffle? He never dreamed his Vexi would get beat back by so many of his very own former followers! Billified! How many snorts have we had watching Snoozan's 'Willy' video tape himself? We hiccuped with glee as we watched the silly ass old geezer get thrown off the U of IM campus! We've watched & waited for his next, more stupid ProSe move than the last move in various states. Lie after online lie, one WebMD illness after another being rtyped out & then blessed by the few remaining hanger ons. There's so many moments of hilarity I simply can't recall them all at one sitting. I never ever claimed to be a neurosurgeon, an attorney, a paralegal or anything other than merely fascinated how it all has been unraveled in the BlogPosts from Ginger & the input within the comments by fascinating people. Snoozie? You can blather til your typing fingers bleed & caps lock yourself more cross-eyed. You got issues, more issues than Reader's Digest. That's your shit, Snoozie, as you so loudly have hollered, "own it!" ALL of it! That word vomit you spew? Is that for your benefit? Like therapy? Is it to show your 'Willy' that there's still that little shred of LemmingLoyalty that you dearly cling to? I dunno. I do know that your convoluted alphabet vomititrocious isn't for ANY of us, no one here gives a rats' furry ass what you have to caps lock. You just add to the hilarity every time you click PUBLISH. *Pssst! it really doesn't mean you're now published*Cheerleader? Yeah, I'll cheer, regardless of how horribly it irritates you that I'm funny. I'm really am sorry you're so miserable that spewing at strangers is all you've got left. That's gotta really suck hard to be you. ? ??

Snoozie has yet, with her vast expertise in the medical field, to cipher out ESAFB. Now, how in Tarnation can she be expected to wade thru the SLAPP laws? Here's a couple little tips for you, consider these a Holiday gift from me to you! Kinda woman to woman.1st> You shouldn't ever look a gift horse in the mouf. You shoulda jumped on that offer of psychiatric care like a starved rat on a stale Cheeto. Some drugs are good & you can say yes to them. The crack/Meth stuff? stay away from that...it's frying those two brain cells you got left. 2nd> I dunno your ex, the ever powerful used car salesman that has unlimited government access, that's all kinds of badass for a used car salesman. You reckon he could hook me up with a new SUV? Not a Jeep, a crossover kinda vehicle? I'm in the market...just saying.3rd> Gurl? You do know you are gonna be exiled from Lemming Island so fast by the Big Vexi Bill when he finds out you've been over here, fraternizing with the enemy. Y'all are not ever supposed to come over here & be exposed to the documented truth! You know that. Look at all those that creeped over here for just a quick peek! MaryB? AllieO, the Mommies? LNM? Josh Cumberland? Everyone of them came over, chitchatted & BAM! Bill axed their asses so fast! He even deleted their YouTube shizzle! They had just that one little moment to themselves & left the LawLess page & were exposed to actual court documents, they found out there is no 501 3c, no movie, no book, no nothing. And then?
1185	December 2013	12/16/13	We Spoiled Bill's Pie - Part 2	Petunia SnodgrassDecember 17, 2013 at 3:26 PM	Next thing they knew they had a proverbial big target on their internet backs! You don't want one of those Nancy.com sites all hating on you, now do you? Vexi-Bill will do that tacky, hateful shit so fast your head will spin around in the other direction. You could get hurt! Whiplash! Omggg!Now, lastly, go unwrap your Reynold's Wrap helmet, it is on way too tight. Heckfire, just don't wear it at all! Free! Be Free! Surf the web! All over! Go places your cursor never took you! It's ok. You can even Pinterest, Candy Crush, USAToday, Amazon.com! The possibilities are endless! After that? Go search thru Google. or BING. or PACER. Those search engines are really your friends. You can read & read, there are scads of links that will appear there & they will take you to TRUTH, not propaganda. Others, besides Ginger, have dared to expose the facts! It's gonna be earth shattering for you, I know, but you can do it! I have faith in you! You found us, you'll find hundreds, if not thousands of others!*The NSA will never know for sure it was you IF you use StarBucks or the public library's WiFi!*My promise to you NanNan? Unless your ex had/has a vajayjay? I ain't him. I pinkie promise on all that is Alpaca. I'm just little old me. No one else. I am real. See? I'm touching myself, I'm really real!! & I have not once ever crossed any further North or East than Ohio. You can even listen to me! We have blogtalkradio shows archived!! You can hear me, Yappy, EB & many others! The links are on Google! I hate to burst your Bill Bubble, but we are all real & we all exist. We ain't any of us your ex. (God love him for ever having had to listen your goofy ass for a minute) Now, step on back offa the Clubhouse porch & skeedattle back to Facebook. If you hurry? Bill won't know you've been here for at least an hour, when he checks Ginger's blog for new comments or posts.~**waving*~**

1186	December 2013	12/16/13	We Spoiled Bill's Pie	Petunia SnodgrassDecember 17, 2013 at 3:44 PM	NanNan? 30 years? You been throwed off for 30 years? Don't tell that! Hush now...that's just not something you need everyone to know! Maybe it'll be overlooked? Gesh:/Keep being fugly to NBDT? And I can with almost 99.9999% accuracy assure you, that every teenie, tiny, fugly detail of your batshit crazy, goofy, convoluted spiel that you have blasted will be proven beyond a shadow of any doubt, to be exactly that, goofy shit. NothingBetterToDo will carefully prowll thru websites, court documents, your very own words & then link it all up together, tie it with a big pretty bow & present it here. It will be dumbed down for you & the rest of the lemmings to read, very similar to a 1st grade primer. . I'm clicking around & I see enough shizzle on you, posted by you, to convince a blind & deaf rock that YOU are YOUR only problem in YOUR life.Now? PTFD, have two heaping helpings of ESAFB & get on back to sucking up over at what is left of LawLess America. Seriously, Vexi-Bill's little ickie boo feelings are gonna get rubbed all raw with you straying. MaryD sneaks over all the time, but you don't see her spouting off, now do you? Nope. She knows better. Lean on her for support. She's been doing this way longer than you, take notes.? ??
1187	December 2013	12/16/13	We Spoiled Bill's Pie	Petunia SnodgrassDecember 17, 2013 at 3:52 PM	Yup, she just ain't getting that the secret it out on the Google search thing.She just thought that trip to the psych hospital was bad...she's gonna keep blathering and that little trip will look like an all inclusive resort package up next to where a judge will put her for what she continues to do to her ex. I cannot imagine the pure Hell he's had to endure. There's no excuse, crazy or not, no excuse.
1188	December 2013	12/16/13	We Spoiled Bill's Pie	Petunia SnodgrassDecember 17, 2013 at 5:51 PM	Oh.My.GoodnessGracious!!! have just had an excellent idea! All of humanity could be saved! We simply MUST introduce NanNan to Aagent Douche/Mooch Canoe!Think about it for a moment. Let it sink all the way in.Just, IF, we were to hook them 2 up? They would be so busy lying & typing to each other privately? No one would be bothered by them for months! WIN WIN!?? ? ? ? ? Connection ? ? ? ? ? I gotta go >>>> There's love in the air (bandwidth) ??
1189	December 2013	12/16/13	We Spoiled Bill's Pie	Petunia SnodgrassDecember 17, 2013 at 5:34 PM	Well stated, Yappy.Damn. NanNan ain't gotten her required covert 'Joey' observation tutoring. She ain't high up enough on the lemming ladder, obviously. I tried to be nice to her goofy ass & point out how MaryD does it, but, nope, NanNan can't. She's got the PaulRevere syndrome! *look at me*listen to me*look Bill*hey Bill* She's doing it wrong. Nothing more irritating than a loose lemming.NanNan has accused many of her fellow lemmings of being her ex & gotten in all out word wars with them. It was about this same time last year that she got all butthurt in the comments' portion of a Billshit post. NanNan got all crunk with one of the other lemmings, because NanNan's comment didn't garner any Bill attention. (even we know he seldom responds unless it's ALL about him) NanNan simply isn't getting how the Billshit program works. It's all about him in his FB posts. Well, shitfire, everywhere, but especially Facebook. If the comments aren't blessing him, praying for him, praising him? He doesn't give a piece of putrid pie. Period. NanNan wants to turn it around to her, her problems, her issues, her ex or who her ex is (not)! The nerve of her! Duh, she's so far down the dingleberry chain, she can't even see daylight.Unless she's offering up some serious contribution\$? NanNan ain't gettin even a little bitty bit of lemming love. Derrrr.There can only be so many narcissists being vexi, claiming being stalked, harassed &/or traumatized. ONE! ONE MORE TIME! We're going real slow.Hey! Hello! Waving! YOU! NanNan? Yes! YOU ain't IT. Your theories about anyone being your ex? We're been trying to tell you! Vexi has a deadline to meet! The 20th! He's busy pulling Billshit outta his bloody ear/basal fractured skull, NanNan! He got an extension & he's gotta make VEXI! You're gonna keep screwing around & get un-ed from the lemming pond.I'm just gonna go ahead & call it: NanNan is mere hours from being bounced & banned & blocked from the lemming pond. It's already mighty shallow & stagnant & she's attempting to make waves, just to get Vexi's attention. It ain't gonna be purty. She'll blame it on her ex or us or both (cause of course we're all just one)Dang it. I was sure hoping to get a good deal on a nice second hand vehicle. She's gonna schmuck that all up, too, right here at Christmas. More FACEPLAMing

1197	December 2013	12/30/13	Bill Windsor Vs Boushie	Petunia Snodgrass December 30, 2013 at 3:23 PM	In the end this is how Bill wins. If he can get you to spend money to defend yourself against his allegations, that alone will bring this lonely old man joy. Ain't that some shit? Don't dare spend valuable time out of anyone's life or monies to donate to things such as research for finding cures for cancers, Alzheimer's, MS, & countless other horrid diseases! Don't spend a minute helping with already established, well-organized, legal charities that do actual work for people in need! Just completely blow a lifetime, a huge fortune, supposedly run off your entire family & divorce your wife & muck up the judicial system with mind bendingly ignorant shit. The absurdity of what Windsor wastes on a daily basis literally makes me physically ill. He really hit his little pointy head at some point in life, didn't he? 2014. Another vexi year for an old geezer that had it all given to him in life & has ended up living in a motel, alone, filing stupid shit no court clerk, judge, attorney or pro-se litigant would ever want to or can even read, that is at least six states away, against a man he's never laid eyes upon!!! That? Is some seriously f*cked up way to live. I'd rather croak, personally, if that is what brought me 'joy'. Waste pisses me off. Severely. Whether it be money, time, food, water...waste just pisses me off.

This cannot be the same ass licking lemming that is here regularly to defend her 'Willy'! I suppose that little honeymoon was short lived?...tsk tsk tsk...Those lemmings! What's a leader to do? So? Lemme recap to see if I got it all straight: He's got Nancy & her Mike IS all of us theory, the tick bit, threatened by a Google image photo of a knife, Hippa privacy violated Mary, perv Marty with his 3letter alphabet soup agency/funeral wake buffet hopping fat, smelly lass & the illegal fighting rooster raising, Nick Mars, etc, etc... That's a movement right there. A bowel movement. And, then? his greatest 'cheerleader' stabbed him in his Wiki back? Damn.That's gotta be disheartening. 1233	January 2014	01/23/14	The Windsor of Oz	Petunia SnodgrassJanuary 24, 2014 at 12:02 PM	I will attest to the fact that Nothing & I are good enough *friends* (take that however reader chooses) that I am well aware of how Nothing feels about, MaryD. After I took into consideration Nothing's words to me about MaryD? I realized Nothing is correct. I have been tacky about MaryD. Shame on me. MaryD can't help herself & Windsor ought to be ashamed of himself for giving her false hope & letting her think he gives a rat's furry ass about her...He does not (insert IMO here). I was just pondering her this morning, & I was thinking that now that he's fixed his FB page where no one can comment? she's probably really VERY kerfluffled. She uses those comment sections, that have been fodder for me & others, to vent what she truly believes has happened to her. That's sad, really very sad to me. She's isolated, desperate, & disturbed. Since I really gave her some long thought? I've tried not to be so tacky or snippy about MaryD. I mentioned her the other day & I was VERY serious that she, MaryD, should RUN away from all that is ala Windsor/LawlessAmerica! I try SO hard to find humor in everything I possibly can. The 'up' side or funny in the darkest of life's situations is what keeps me plodding along my path & the belief that it'll get better/easier someday. It/Life certainly could get worse...I still stand firm on my opinion of Aagent DoucheCanoe aka Marty the Mongoose Prehn. He is unworthy to breathe sewer treatment facility fumes, as far as I am concerned. (& yes, I am indebted to Ginger's cuss jar for a big chunk of change, I'll work harder on not incurring any more cuss jar debt & to use asterisks instead henceforth)? ??

1236	January 2014	01/23/14	The Windsor of Oz	Petunia SnodgrassJanuary 27, 2014 at 9:16 PM	Murder? Here's Bill Windsor's own words regarding murder. I found this here: <a 453="" 542="" 956="" 974"="" data-label="Page-Footer" href="http://www.scribd.com/mobile/doc/146145899/html5William M. Windsor and LawlessAmerica, proposed legislation that will fix many of the problems.138. The felony murder rule shall be abolished. [The felony murder rule operates as a matter of law upon proof of the intent to commit a felony to relieve the prosecution of its burden of proving intent to kill, which is a necessary element of murder. The intention to commit a felony does not equal the intention to kill, nor is the intention to commit a felony, by itself, sufficient to establish a charge of murder. The felony murder rule erodes the relation between criminal liability and moral culpability in that it punishes all homicides in the commission, or attempted commission, of the proscribed felonies, whether intentional, unintentional, or accidental, without proving the relation between the homicide and the perpetrator's state of mind. Under the felony murder rule, the defendant's state of mind is irrelevant. Because intent is a characterization of a particular state of mind with respect to a killing, felony murder bears little resemblance to the offense of murder except in name. First-degree murder is an arbitrary assignment. Holding one or many criminally liable for the bad results of an act which differs greatly from the intended results is based on a concept of culpability which is totally at odds with the general principles of jurisprudence. It is fundamentally unfair and in violation of basic principles of individual criminal culpability to hold one felon liable for the unforeseen and un-agreed to results of another felon's action.</td> </tr> </tbody> </table> </div> <div data-bbox="> <p>Page: 147</p>

1237	January 2014	01/23/14	The Windsor of Oz	Petunia Snodgrass January 27, 2014 at 9:16 PM - Part 2	The basic rule of culpability is further violated when felony murder is categorized as first-degree murder because all other first-degree murders (carrying equal punishment) require a showing of premeditation, deliberation and willfulness, while felony murder only requires a showing of intent to do the underlying felony. The purpose of creating degrees of murder is to punish with increased severity the more culpable forms of murder, but an accidental killing during the commission or attempted commission of a felony is punished more severely than a second-degree murder. The felony murder rule can be used by prosecutors in a manner so as to cause grossly disproportionate sentencing, depending on the circumstances of each individual case. The felony murder rule is unconstitutional because presumption of innocence is thrown to the winds. The prosecution needs only to prove intent to commit the underlying felony; that done, first degree-murder becomes part and parcel of the underlying felony because intent to commit murder does not have to be proved. The felony murder rule is probably unconstitutional because in some cases it violates the Eighth Amendment: cruel and unusual punishment, grossly disproportionate to the crime(s) actually committed. The felony murder rule holds unequally involved parties equally accountable and punishable. Again, cruel and unusual punishment if you're only the lookout for a robber who happens to kill in the process of the robbery. The felony murder rule violates the Fourteenth Amendment's guarantee of due process because no defense is allowed on the charge of first-degree murder, only the underlying felony. The felony murder rule bears no rational relationship or equity in its two penalties, with the penalties of other murder laws, including, at times, the charge of first-degree murder. ???

1280	February 2014	02/27/14	SAY WHAT???	Petunia Snodgrass February 27, 2014 at 11:20 PM	Lemme ponder this...hmmm... I'll use an analogy! I put an evergreen tree in my living room in December. I decorate it. I put out my reindeer feeder & hitching post. I make a list of items I'd dearly love to have bestowed upon me, put that list in a sweetly worded letter, put a stamp on it & send it to the North Pole. I behave as much as possible. Christmas Eve, I make sure the fireplace is tidy, I bake cookies, I arrange them carefully & put them on the coffee table with a big glass of milk. I set out reindeer food. I go to sleep with visions of sugar plums & a shiny new bike. BUT I DO NOT BELIEVE IN SANTA CLAUSE. Just the same as Windsor isn't committing paper terrorism, stalking, harassing people that have never been aware of him, just like he never discussed in printed words or on his TalkSnitShow about Citizens Grand Juries or charging judges with treason... Yeah, we'll go with your arguments Willy Loving Anon. It really doesn't matter how much you hop up and down, he'll only be delighted to sue you, not pay any other mind to you or your two faced spew. 1290	March 2014	03/03/14	Windsor Can't Read During Tax Season	Petunia SnodgrassMarch 4, 2014 at 8:54 PM	And? Nancy? I'm Methodist. I don't do that medium, psychic snit. My tea leaves are in a bag that good southern women use to make sweet tea that we serve over ice. Just so you know? I don't think you get a good reading of written words, somehow I am having serious doubts that there is ANY possibility tea leaves will bring ANY revelations. Do you read ANYTHING Windsor writes? Ever? Even he wishes you would ptf about the Mike being everywhere. Now, Gurl, when the opposition is giving you hints to keep you in good with your leader? That's pity. Pity ain't cool. No self respecting human wants to be pitied. Get a grip on your paranoid shit. Your rants are killing any minute shred of credibility you once had...Windsor is even sorry to have you, he's just down so far, he keeps you around as a number fluffer! Doubt me? Ask him. When's the last time he even acknowledged you? He chastised you about your snide remarks to his more lucid commenters, but other than that? You're ass out. Go on, now. Zip on down the information highway & verify what you've read. VERIFYING is CRUCIAL. ? ??
1291	March 2014	03/03/14	Windsor Can't Read During Tax Season	Petunia SnodgrassMarch 4, 2014 at 9:57 PM	Oh Lawd. Nancy? You little nugget! I've not commented on Bill's page. Focus. iDots. I refer to those similar to you as an iDot. Not yet idiot...hence iDot. Okie dokie, I pitied you. I was nice. I'm done. Giiiiiiiiieeeeeerrrrrrrr? Clean up on aisles 9, 10, 14-17 and all the 20s! She's gotta go. She'll be wanting to touch the ?? next...the crazy ones always go for the shiny stuff.
1292	March 2014	03/03/14	Windsor Can't Read During Tax Season	Petunia SnodgrassMarch 4, 2014 at 6:28 AM	Nancy! You are absolutely eat up with 'IT'. What in Tarnation have you gotten into? You're spun. You're gonna wear out your little Samsung Tablet & then what? I know, Windsor won't acknowledge you or your jumping up & down comments anymore than he does Snoozie's. Y'all are both jockeying for lead lemming position & neither of y'all can dare compare to Aagent DouchPontoon Marty (Bill's not acknowledging him either). Nancy, Snoozan, Marty, RevWolfe, MaryD...wow! What a cast of characters! Good thing that movie is back on, huh? ps) Nancy has hagged another blogger something fierce: http://zerodinh.wordpress.com/2014/02/25/nancy-dorothy/
1293	March 2014	03/03/14	Windsor Can't Read During Tax Season	Petunia SnodgrassMarch 4, 2014 at 3:13 PM	I dig that Zero person. I'll say that Zero was far more patient than I'd have been. ? ??

1295	March 2014	03/08/14	Lawless America a Non-Prophet?	Petunia SnodgrassMarch 9, 2014 at 1:38 PM	Hey! You Anon@11:41, with the snipe to Flemming that he "had the opportunity to help people and blew it". What people? where? when? How do you know that Flemming hasn't helped some unsuspecting potential victims of stalking ala Billschit? Just because some of us reminded him to reel in the political party dissertation & stay focused? Doesn't mean it's open season to slam Flemming. What is it exactly that YOU've done yourself, Anon, to "help people" regarding Billschit? You passing out flyers? Offering legal aid assistance? Flemming may get distracted easily & veer off, as with the remarks about Palin. So what? Helping people? pffffff...wtf ever, puhleeeeee. I don't get the Anon slam on another. Either you see exactly what Billschit is & that sickens you or you don't. Anyone that ever gets stalked, harassed or vexi-ed by Billschit oughta be able to count on those commenters here that KNOW the difference between right & wrong to at least support them. If you wanna sling shit at Flemming? Go on over yonder to the land of Lawless & sit by Snoozan. Today? I'm gonna sit by Flemming. Here, Sean, have a LEMONAIDE. ???
1296	March 2014	03/08/14	Lawless America a Non-Prophet?	Petunia SnodgrassMarch 9, 2014 at 6:32 PM	Well, shitfire almighty! I traipse out to hunter & gather for my herd at the WalMart & grab a little sunshine & what in Tarnation has happened up in here? Freaking crypt keeper Snoozan is even out & lurking before dark!! The earth must be tilting on its' axis! Flemming? damn...
1297	March 2014	03/17/14	Bill Windsor Defies Judge Carroll's Direct Orders	Petunia SnodgrassMarch 17, 2014 at 13:19 PM	Yup. He's busy, busy, busy! He's casting & reeling his big Vexi-ness! He sent out Discovery demands! bwahahahahahaha! ummm hmmm, indeed. He's gonna "need" to forensically inspect/examine cellular devices, tablets, pcs, laptops, whatever. He "needs" to know every telephone call made & received, every text made & received, every e-mail sent or received, every fax sent & received, every internet anything including but not limited to every comment or like on Facebook, YouTube, any video sites & what videos were watched/commented on/liked, any blogsites visited & commented on&/or liked/disagreed with, any articles ever read, every piece of mail sent or received, driver's license information, traffic citations, travel logs/gps history, passports, & on & on & on since January 2006! 2 0 0 6 2006? Really? (Because we comment here, we must all know one another & have been conspiring since well before Lawless America ever came into "existence")Bawahahahahahahahahaha hahahahaha hahahahaha hahahahaha gulp hahahahaha snort hahahahaha hahahahaha hahahahaha hahahahaha snicker hahahahaha hahaha hahaha!!! 2006! That old idiot damaged more than his freaking floppy ear whenhe supposedly fell on the alleged ice! (you remember, the ice that had not yet formed? the fall on the ice that hadn't formed the day BEFORE the actual ice storm? yeah, that fall) 73 #ed "Discovery requests" 73? If, just if, in a galaxy far, far away...this snit ever really played out? He obviously hasn't thought that Discovery works 2 ways. What those defendants will be asking could be mighty interesting. Here's my answer to his Discovery: a big double helping of ESAFB pie ala mode (eat shit and fall back).? ??

You know he's in dire straights when she is his only cheerleader/legal advisor! They're so precious together & deserving of one another...her Willy, sigh. It is a spring re-run! He still isn't patting her bony old head & she's still his #1 fan. Drivel on, Crypt Keeper Snoozie, drivel on. ???

She's a blathering doopus, like she knows everyone's regular internet habits.Pardon Mr Webb, if it seemed otherwise. Snoozie has to monopolize the comments, so there can't ever be an exchange of ideas, views or information (i's how she says it is, period). It's so much more pleasant & humorous when she's been removed~Waving~~~? ??

How dare they & y'all disagree with his never ending plan of vengeance? And that Ms. Hannavig dares to continue promoting NLA in many of her comments with links! (history shows she'll soon be banished & on his Vexi list)! I'll give credit where it's due, Bill is thinning his herd at rapid rate! Those few left, that are considerate enough to invite him join them on the new bandwagon & those flat out chastising & disagreeing are being ix-ed quick! A SomeoneSmith commented yesterday, they were promptly deleted! Why do I get the feeling Bill hasn't had a happy or an up day in long while? Kinda gives me a warm fuzzy~ ? ??

1312	March 2014	03/26/14	Windsor Can't Stop Himself in Montana	Petunia SnodgrassMarch 26, 2014 at 2:05 PM	So? Are 'they' planning to take over & use the existing courthouses, jails, offices, equipment, etc? Or do they have their own? For example: handcuffs for the arrests of these judges? & once they've taken over, how will they fund their recovered gov't (courts, LE, highway depts, etc)? Those \$5 a month donations? Are they gonna keep the IRS around to collect for them? I'm really curious how all this is gonna be paid for. Is this like a conquer & take what's already in place? Or just begin new? These people ARE scary. Windsor can't hang with these folks, they're serious & seem to be able to have the ability to 'enforce' (heavy on the force) their plans. Windsor just wants to file papers & post about himself on the Internet...he used to enjoy filming himself, but too many viewers giggle snorted at his on camera yammering, that he gave that up. Seems odd, too, he once would YouTube himself in heartbeat! Now? No way! Wasn't a lot of camera equipment & video editing equipment 'donated' to him, too? I remember something.... Hmmmmm, gotta go look. Anyway, my view from here? Bill ain't nearly badass enough to be part of this NLA. He can blab all he wants, I don't think these guys are gonna be intimidated by his paper wad throwing...just me...
1313	March 2014	03/26/14	Windsor Can't Stop Himself in Montana	Petunia SnodgrassMarch 26, 2014 at 4:50 PM	He's like a moth to a flame!!! He simply can't NOT continue bombarding courts with paper! He gets ordered to STOP? He amps up the copy, paste & printing! And to think there's old, rich men playing golf, going on cruises, watching their grands play litte league....Not him, nope, no way! He's sitting in the dark, in front of a glowing screen, alone. ? ??
1314	March 2014	03/26/14	Windsor Can't Stop Himself in Montana	Petunia SnodgrassMarch 27, 2014 at 10:59 AM	Delighted. He said he'd be delighted to sue all those listed. You & about a gabillion others were among that elite group. He also wants every word you've ever read, spoken, sent or rec'd via every means from US mail, email, telepathy, telegraph, phone, text.... As far back as 2006~Absurd.
