VICTIMS OF CRYSTAL L COX

We are some of Crystal Cox's 200 plus innocent victims of extortion, slander, defamation, threats, lies and stalking. We are tired of waiting while nothing is being done by Law enforcement to send this mentally incompetent Cyber stalker to Jail or to a Psychiatric facility while she destroys our businesses and lives.

Crystal Cox restraining order

I see a few people searching for this topic.

Here's the info....

Cox petitioned for an order against me in at least nine different municipal, justice and district courts, she was denied in all cases. Her request was based on a fraudulent email she sent to her self (not the first time or first person she did this too). She did this in order to get her face on Spreadbury's BS crapumentary. In fact I have a clip of Cox her self saying she does not know where the email came from, but magically some how she does now.

Being sick of her and Spreadbury's threats, I asked for and received a TRO from the Honorable Robin Clute, which was eventually extended to one year. Cox was a blubbering puddle of tears, I enjoyed it...

Three days later Cox paid off a backwoods worthless Justice of the Peace, Stormy Langston, from Eureka, MT to issue her a TRO against me.

She traded control of stormylangston.com for this order.

Langston threatened to have me arrested when I told her to shove her order, I told her send the SWAT team and let's do it. I'm still waiting and ready.

Langston did not have the legal authority to issue one TRO on top of an existing TRO from another county. The hearing was a sham with Cox crying like a baby, and having already presented Langston all her lies outside court without my presence, she was given a 90 day TRO against me.

I appealed that TRO on principal, received multiple threats from variouos kowards that I would not live through the appeal hearing, I would die on my way to Libby, they would shoot me as I entered the courtroom, ect ect. As I knew all the Cox supporters including her are worthless cowards, no one showed, not even Cox. too bad, I was ready for a fight.

Judge Preazeau reversed and dismissed the order, reprimanded Langston and assured me Langston would not have authority to send me anything again.

I don't believe it, I still wait for a knock on the door from Cox, Langston or Spreadbury or one of their Lincoln County Watch cowards. However I will go down armed to the teeth and I will take as many of them with me as possible as I have enough munitions on hand to make a Montana freeman blush.

So come get me or remove your lies and leave my family alone!!!!!!!

New threats

Yesterday I began receiving threats and deception from Stephanie Studebaker Deyoung, a woman who is an actual certified nutcase as is any moron who would support or speak in support of lying scum like Crystal Cox.

The only exception here is that Stephanie Deyoung has been locked up for a time in a mental institution in the past, and probably will be again.

She states that it is she (or at least her computer) who is looking at this blog, I say bullshit!

If that is true, then Crystal L Cox is living with Stephanie Deyoung. Do you hear that Mr Aman? Ill send you an email with the details later..

In any case see you both on the 29th!

Same goes for you as everyone else, don't like it, don't read it, don't like what you read, COME GET ME!!
