Websites that are Dangerous to Mental Health —

and the
[KalispellMontanaNews.Com](#)

Crystal L Cox and her partner *Leslie Turner* of *Eureka Montana* are Cyber Terrorists. They live in a world detached from an appreciation of humanity, a world of anger, self-hatred, sense of isolation and pathological need to exact vengeance on their fellow man for their miseries. **Crystal L Cox**, enabled by Leslie Turner have spent years perfecting the craft of destroying the reputations of ordinary people simply trying to survive, run businesses and raise families.

As detailed in the following on-line publications, Crystal L. Cox: A Lesson Not Learned, [Crystal L Cox](#), [Leslie Turner](#) and [Ten Lakes Realty Conspiracy](#), Unscrupulous Realtor and Real Estate Broker, the story of Crystal L. Cox and Leslie Turner unfolds into one of the ugliest pictures of any two people on this planet. These websites paint a picture of two women who, feeling isolated from the mainstream of society, are pathologically fragile and hyper-sensitive to the slightest imagined provocation or thoughts of rejection. At all times, they are loaded guns dangerously close to launching a vicious attack on the reputation of any person, their business and their family for reasons that are a mystery to their victims. The nature of their attacks are so horrible that the motives cast a parallel shadow to the actions and behavior of serial killers. Unfortunately for the victims of Crystal L. Cox and Leslie Turner, they can't escape the pressure of endless and persistent torture and suffering. Their death is one of the soul, day by day torture as their businesses and families are torn apart by their senseless and thoroughly sadistic pleasure. Crystal L. Cox and Leslie Turner are two people to be avoided by humanity. Unlike the rest of us, they live in a pathetic and macabre world consumed with their own vitriol and venom.

Crystal L Cox and Leslie Turner have developed a well organized method to attack and destroy their victims lives via the internet. Through the skilled use of websites, blogs and on-line videos, they take aim at their victims and without substantiated cause, publically humiliate, embarrass and willfully lie. Because their motive is to destroy their victims, not reason with them, there is no negotiation, no mediation, no compromise and no escape.

Like a crafty spider, Crystal L. Cox and Leslie Turner have learned how to trap their victims. With the disguise of seemingly innocuous websites fraudulently posturing as community information bulletins, they are able to mask themselves so to worm their way into the communities of Eureka, Kalispell and others. The [Eureka Montana News](#) and the [Kalispell Montana News](#) are two such publications owned, operated and edited by Crystal L. Cox and Leslie Turner. Masquerading as news and local gossip columns, they lure unsuspecting victims to embrace a false belief about Crystal L. Cox, that she is society's advocate. Crystal L. Cox may have a rich source of new off-guard victims willing to communicate with her under the guise of promoting their businesses on her websites or having their livelihoods enhanced through other means. She pretends to be your advocate and your friend. She may even offer to help your business by purchasing domain names, placing ads on the [Eureka Montana News](#) or the [Kalispell Montana News](#). There is the offer of help through blogs. All the while, you are an

off guard victim incubating for her next strike.

Imagine that you have a slight disagreement with Crystal L. Cox. Or perhaps, you decide not to do business with her, for whatever reason. Maybe the website domains that she purchased to promote your business now are offered to you for a price and you don't buy.

YOU COULD BECOME CRYSTAL L. COX'S NEXT VICTIM!

This is what typically happens to people who have a simple difference of opinion or fail to cooperate with Crystal L. Cox's demands.

- For no apparent reason where Crystal L. Cox or Ten Lakes Realty has experienced any real harm, thoroughly obnoxious websites intended and blogs intended only to destroy reputations will, without warning, be unfairly posted about you, your family, your children and your business
- Crystal L. Cox will place phone calls to people in your home town, to your competitors, your friends, you colleagues and attempt to disparage your reputation and name.
- Crystal L. Cox of Ten Lakes Realty will send emails and letters, often with phony names and addresses to you, your friends and colleagues to destroy your reputation and ability to conduct business.

The Power of Character Vs. Reputation

Crystal Cox can worm her way into her victim's lives and ruin their reputation, but she does not have the power to rob her victims of their character.

Reputation and Character
 By William Hersey Davis

The circumstances amid which you live determines your reputation;
 the truth you believe determines your character.

Reputation is what you are supposed to be;
 character is what you are.

Reputation is the photograph;
 character is the face.

Reputation comes over one from without;
 character grows up from within.

Reputation is what you have when you come to a new community;
 character is what you have when you go away.

Your reputation is learned in an hour;
 your character does not come to light for a year.

Reputation is made in a moment;
 character is built in a lifetime.

Reputation grows like a mushroom;
 character grows like the oak.

A single newspaper report gives you your reputation;

a life of toil gives you your character.

Reputation makes you rich or makes you poor;
character makes you happy or makes you miserable.

Reputation is what men say about you on your tombstone;
character is what angels say about you before the throne of God.

In the wake of all the destruction and waste in savaging individuals and the indelible effects on their businesses and children, we are left to pick up the pieces of our lives and, with the gift of our need to survive, begin to reconnect with our neighbors, families and communities and move on to new horizons. Crystal L. Cox and Leslie Turner have demonstrated that they are not part of us, have no remorse, only a pathetic sense of joy for the suffering they cause, and will never and have never been connected to the soul of humanity.

Crystal L. Cox and Leslie Turner are outside the realm of human experience.

There will always be people who are disconnected and devoid of moral conscience. The world needs to learn about them, and avoid them.

Crystal L Cox and **Leslie Turner** are the voices of **EVIL!**

Crystal L. Cox, Leslie Turner and Ten Lakes Realty Conspiracy

 [Crystal L Cox Ten Lakes Realty is Evil](#)

Crystal L. Cox, Leslie Turner and Ten Lakes Realty Conspiracy

“Criticizing others is a dangerous thing, not so much because you may make mistakes about them, but because you may be revealing the truth about yourself”.

Judge Harold Medina

Facilitated by the help of **Leslie Turner, Crystal Cox of Ten Lakes Realty** use a tactic called “preemptive strike,” where she accuses her countless and, often faceless, victims of doing all the things that she has done. **Crystal L. Cox** certainly does not care about the hurt and emotional devastation she creates. She will never know this pain. For good reason, Crystal L. Cox’s victims don’t understand this first-strike tactic of the personality disordered.

To avoid exposure of her abusive behaviour, **Crystal Cox** begins a smear campaign against her victims. Directed at her closest friends, coworkers, even children and family, she accuses her victims of being the abuser. To avoid exposure of her abusive behaviour, Crystal Cox begins a smear campaign against her victim.

Here's a typical scenario: the victim has harmed Crystal Cox in a way that now society needs to be warned and protected. In a business transaction, an honest dispute, or a matter manufactured in her own mind, *Crystal L. Cox* viciously and with total irresponsibility openly posts to web blogs, websites, U-Tube and other public venues that the victim is not what he or she seems, but rather is an uncontrollable liar and cheat without scruples or conscience and usually much, much more. Allegedly the victim, who in no way has harmed or intended any harm to Crystal Cox or her co-conspirator(s) Leslie Turner begins an evil crusade intended to achieve only one end, the victim's complete annihilation. Crystal Cox has no interest in the victim's side of the story, she simply wants you and your family and business to suffer until you are dead. Through incredible exaggerations, innuendo, outrageous lies, content taken completely out of a truthful context and any other ignominious device, Crystal Cox cruelly and without any humanity proceeds in public venue to portray her countless victims as cruel, insensitive monsters all exhibiting the behavior that in fact defines Crystal Cox herself.

In all her obnoxious behavior, **Crystal Cox** publicly projects on her victims the sum and substance of what is really her own intolerant, thoroughly insensitive evil personality and behavior. Were there even a valid dispute, disagreement or difference of opinion, Crystal Cox builds a case in the realm of a paranoid, pathologically sick imagination such that few people outside of other sociopaths could comprehend. Her motives are not about resolving anything. She is consumed with such extraordinary anger and vitriole and is only interested in seeing her victims hurt and ultimately destroyed at any price.

In a world where all people share a common respect for their differences and shortcomings, Crystal Cox, who is vulnerable to her own idiosyncratic feelings of self-hatred and rejection, fails to have any capacity to understand basic human values of compassion, remorse and tolerance. Her unaccountable and unchecked sadism paints a very clear picture of a woman with virtually no moral conscience who, in her own way, is as dangerous as any serial killer, and possibly more so since the mostly little people whom she attacks have families with children, friends and business associates who are also unfairly and inhumanely affected.

WHAT AN UNCONSCIONABLE WITCH!

After the victim is in a perplexed state of devastation, like an evil executioner delighted with her victim's pain and suffering, Crystal Cox (with the complicit support of Leslie Turner) ramps up her offensive. With an incredible rush of adrenaline, she increases the volume of her attack until the victim's are sometimes forced out of business, made to leave town and even change their names.

How Does She Get Away with This?

With an arrogant disregard for posting unsubstantiated gossip and rumors as fact, Crystal L. Cox believes her words are protected free speech. And, up until now, the forces of law have had little effect containing this **Evil WITCH**. In fact, she seems energized by the challenge that the law is ineffective. She pridefully boasts about this in some of her blogs.

The law *Crystal L. Cox* betrays is a higher calling to mankind and humanity. Crystal Cox enjoys her betrayal of humanity's laws, the rule of moral conscience and mutual vulnerability.

It is this aspect of Crystal L. Cox, and her co-conspirator(s) Leslie Turner, that make them thoroughly EVIL and DESPICABLE.

Crystal L. Cox is now at her summit, and about to topple. Crystal L. Cox will not engage in a fair fight, and it will ultimately backfire on her. Slowly her newly-recruited allies become aware of the truth. Suspecting her real motives and questioning her actions, they slowly remove themselves and walk away. The ones that hang on are the most dim-witted. Their bad judgement in supporting her is easily transparent. They support Crystal L. Cox, the abuser, for their own Mephistophelian goals.

“Our credulity is greatest concerning the things we know least about. And since we know least about ourselves, we are ready to believe all that is said about us. Hence the mysterious power of both flattery and calumny.”
Eric Hoffer

“Be thou as chaste as ice, as pure as snow, thou shalt not escape calumny*.”
Shakespeare, Hamlet

Obviously, they are not part of humanity and need to be avoided by humanity.

*Calumny: a misrepresentation intended to harm another's reputation

Response

Up until now, Crystal L. Cox has managed to use her terrorist tactics on a one-by one basis. Afraid of escalating an already out of control maniac, most Crystal L. Cox's victims, who are little people with families and businesses, are uncomfortable launching a counter attack. Over the many years of Crystal L. Cox's Evil Actions, she has made at least several major mistakes:

- The number of victims comprises a very, very large group.
- The extraordinary efforts to strike a lethal blow to her victims has left them without anything to lose.
- The victims were so badly abused by Crystal L. Cox that they will never forget or forgive her.

At this time, the many, many victims have quietly organized into a Victim's Group, ready to restore their good names and to bring the EVIL Crystal L. Cox and her co-conspirator, Leslie Turner and any others, to an END. There are no longer single vulnerable victims, but a group with a powerful voice, funding to deliver a powerful message to the world, restore good names and completely isolate Crystal L. Cox from being effective in her unaccountable, EVIL attacks on humanity.

WARNING!

Be careful, the mentally disordered, facing exposure of her abuse, can be dangerous.

Ten Lakes Realty Crystal L Cox is Evil

Crystal L. Cox: A Lesson Not Learned

As children growing up, most people learn the value of moral conscience. And they learn that they are all accountable to one another. Having a moral conscience means that you don't threaten or abuse other people because it hurts them, their families and their reputations.

People grow up learning how to behave in the face of many complications. All people develop habits or have experiences that they regret and sometimes make them feel embarrassed or even ashamed.

The thing that makes mankind and humanity work so well is the almost universal realization and practice of compassion, tolerance and understanding of our mutual vulnerabilities.

Because of emotional neglect, or other unfortunate or abusive circumstances in childhood, a few children do not develop the capacity for developing an understanding of how to relate to their fellow man. It is obvious, that Crystal Cox, Leslie Turner and other accomplices in her diabolical, evil actions intended to annihilate and utterly destroy the spirit and capacity of humanity's proclivities to cooperate in a spirit of forgiveness, sensitivity and tolerance of each other's differences, shortcomings and vulnerabilities, never learned this valuable life fulfillment lesson.

To make life more complicated, Crystal Cox and Leslie Turner are homosexual lovers. Needless to say, most all people, including members of the gay community, grow up with a world outlook that reflects compassion and sensitivity to their fellow man. Because gay people are conditioned differently, often hiding their sense of uniqueness, they are quite frequently faced by feelings that in many ways make the development process much more challenging.

In the case of **Crystal L. Cox and Leslie Turner**, the development challenges undoubtedly took a wrong turn. Their childhood experiences, through to adolescence, marked them as anomalies. While most children develop as insiders embraced by a feeling of acceptance, Crystal L. Cox and Leslie Turner were, on the basis of their current behavior, predictably disconnected, isolated and on the outside, in a world both cold and universally filled with confusing sentiments of rejection. Hostility, resentment and a sense of unsatisfied revenge most certainly consumed *Crystal Cox* and, perhaps, *Leslie Turner*. I say perhaps, because, Leslie Turner behaves as the non-judgmental, conscripted, cooperative enabler complicit to the will of her thoroughly corrupted, psychopathic and sociopathic dominator, **Crystal Cox**.

As Crystal aged, she must have felt enormous sense of rejection. A physically unappealing woman, in fact, homely, it is evident that she suffered enormous, almost incomprehensible resentment at her plight. And, neither emotionally or intellectually, was Crystal Cox ever able to assimilate into any state of compromise, tolerance or acceptance of her bizarre, but unfortunate, circumstances.

Yet, much the same can be said of other sociopaths. The infamous Ted Bundy, John Wayne Gayce and other serial killers were no different in their lack of capacity to embrace and feel a sense of supportive compassion for the noble spirit of their fellow man. Their vitriol and venom driven by an incomprehensible need for vengeance manifested itself in a pattern of behavior marked by a need to utterly destroy the people around them.

Like all serial killers, Crystal Cox's vicious and unparalleled attacks on people who have never in any way intended to hurt her, demonstrates an endless reservoir of incredible hatred, probably of herself. And, her attacks are merely futile attempts to exorcise a pathologically sick and distorted sense of being left out and rejected by almost everyone. The slightest sense of provocation inspires the most overwhelmingly, adrenaline driven need for self-preservation and revenge. In that sense, Crystal Cox differs little from most serial killers except in her focus on killing the human soul and interrupting the will and joy that most of humanity understands and feels for being alive. And, she resents her isolation.

Crystal Cox is left out and is an engine of incomprehensible anger fueled by a mountain of self-hatred.

To her ignominious credit, **Crystal Cox** has distinguished herself as an extraordinarily dangerous person. With a sense of pathetic and obnoxious empowerment, she takes gleeful joy in inflicting a savage terror on the lives of virtually harmless and innocent people in their natural quest to enjoy the peace and serenity incumbent in their day to day family life routines. Because Crystal L. Cox hurts, and feels an almost psychotic sense of betrayal of her basic human need for acceptance, any slight confrontation or difference of opinion is likely interpreted as rejection.

In an instant, such feelings summon a fire storm of unconscionable rage, confused emotions and acts of savage vengeance intended to limit what she alone can never have, the joy of acceptance and inclusion in the fellowship of humanity.

In a macabre sense, sadly, **Crystal L. Cox** has never, and perhaps, will never learn the simple lesson about mankind expressed so eloquently in a poem (developed from a 17th century meditation) by the metaphysical poet John Donne.

No man is an island,
Entire of itself.
Each is a piece of the continent,
A part of the main.
If a clod be washed away by the
sea,
Europe is the less.
As well as if a promontory were.
As well as if a manner of thine own
Or of thine friend's were.
Each man's death diminishes me,
For I am involved in mankind.
Therefore, send not to know
For whom the bell tolls,
It tolls for thee.

In the wake of all the destruction and waste in savaging individuals and the indelible effects on their businesses and children, we are left to pick up the pieces of our lives and, with the gift of our need to survive, begin to reconnect with our neighbors, families and communities and move on to new horizons. Crystal L. Cox and Leslie Turner have demonstrated that they are not part of us, have no remorse, only a pathetic sense of joy for the suffering they cause, and will never and have never been connected to the soul of humanity.

Crystal L. Cox and Leslie Turner are outside the realm of human experience.

There will always be people who are disconnected and devoid of moral conscience. The world needs to learn about them, and avoid them.
