Lets see if you have the balls to post all of this email, you wack job. thanks for letting us know you have no balls BTW, I always wondered what you were...

Just had to let you know what a fucking joke you are to this town!! Do yourself a favor and check yourself into warm springs before the Feds do it for you Jesus Fucking Christ shut your stupid lying mouth!! you walk out of the store and the entire place starts laughing, you are literally the joke of everyone!

Its really a shame you dont have guts to actually stand up and attack people in person the way you do online, that's called being a coward!!!! I wish you would it would be fucking hilarious!!

It absolutely disgusts everyone that you are standing up with the biggest child abuser, child molester and wife beater Eureka has ever scenel he beat and molested all of his children and still wacks around his wife!! But then you and Paul Stramer are both crazy so you get along. You bitch about everyone else, yet you just love all your freemen/Lincoln county watch weirdo friends!

Your all about truth, well why dont you tell everyone that you didn't quit the Realtors assn, according to Kathleen Schulte you were thrown out because you had so many fucking complaints against you!! You should know all about slimy Realtors you ware one!!!! I know of at least one case that you moved the property pins on, I'm sure there are more.

Why dont you tell everyone you and your cuntlapper whatever were so fucking paranoid that you had to build a fortress wall around your house!! Poor Charlie is still turning in his grave over how you fucked up that place..

Oh ya, stick you privacy in communications crap up your ass.. go ahead and make your complaint, I'm sure the JP and the Sheriff are gonna do loads for you.. LOL. Anyone could do anything to you right now and you would be fucked! What goes around comes around bitch!! Keep your lies up dumbass.

Lets look at more of your BS....

Oh ya..taking on Jo Anne Cuffe.. real smart.. shes got limitless \$\$ and an attorney for a son, good luck with that.. I hope she fucks you over good..

Oh Brenda the cop... to bad you have no fucking idea what happened, theres much more that shes not saying that is going to get her screwed. I know.. but unlike her, or you I keep my mouth shut. Shes screwed, and your once again fucked.. well... maybe.. who uses the strap on? you or Leslie! LOL LOL LOL

I'm sure Stormy Langston is gonna do everything she can to help you... ya, just as much as Daryl is.

Neal Duram harassing you?? Then Id say your doing something you shouldn't be doing dipshit. If he fucks you over you deserve it! I hope his mother tells you what hole you can shove your ugly face up too!!

AH yes.. your latest piss off.. Sean.. who is an idiot, liar, coward, and has a jack ass mouth.. but you have no idea what he looks like, where he lives, etc etc.. But yet you worked with him?? Hmmmmm

I know him..and you.. as I recall you were the lazy one, you couldn't handle actual real work so you decided you were allergic to the tree marking paint so you could have a cushy inside office job., I also know you did not work at Murphy Lake the same time he did, I already discussed that with his lawyer, hope you got lots of money from all those people you screwed, or is it licked..?

You always have been lazy, always living off everyone else, even when you were licking Jessie you were a worthless user. If you don't know why he hates Paul Stramer..figure it out dumbass. Go ahead keep pissing him off, hes the only guy that carries more ammo than stramer, Stupid Idiot.

At some point your going to loose it and we will have to take you down(yes that means just waht it implies) or somebody is gonna get pissed off enough to shut you up permanently, I hope I'm there to see it!!! Now get off that fucking keyboard and go kick someones ass!! Quit being a keyboard bully.
