holding a press conference, and I am inviting every media outlet in Montana as well as major national media.

Officials from the University of Montana, including the President, the head of the Biology Department, the Chief of University Police, and the members of the Board of Regents have all been asked to appear on camera to answer questions. If they fail to give me appointments for interviews, I will go to their places of business and homes, if needed. I will set up outside, just as other television news crews do.

And then there is so-called "law enforcement." I will be visiting the [Missoula Montana Police Department](#), the [Missoula County Montana Sheriff's Department](#), the [Stevensville Montana Police Department](#), the [Ravalli County Montana Sheriff's Department](#), the [Missoula County Courthouse](#), the [Ravalli County Courthouse](#), the [Missoula County Attorney's Office](#), the [Ravalli County Attorney's Office](#), the [University of Montana Office of Public Safety](#), and the [Federal Bureau of Investigation](#). All of these law enforcement agencies are being invited to attend a briefing that I will conduct the day after I arrive. Wouldn't it be great if all of these agencies sent at least one person? We shall see...

I will not have a gun with me in Montana. I have pepper spray, a stun gun, and a baseball bat for protection.

We do want to get [Sean Boushie](#) on film, so we plan to have some hidden cameras and unmarked cars to try to catch some footage of him slithering to and from work,
