Cary, I need a letter from a University official refusing comment.

Please have them scan and email to me.

Please advise the powers-that-be with the University that the focus of the TV special just became that the University of Montana appears to employ people to commit crimes against citizens for government authorities. I felt that was only a possibility, but if the University officials won't face the music on camera, it leaves me with no choice but to assume they are guilty.

In addition, may I have the President's assistant's email? I have a subpoena for Mr. Engstrom, and the process server says he is not allowed to serve people on campus. Will Mr. Engstrom accept service on camera, or would he prefer to provide his home address to me?

Thanks.

Please advise,

Bill Windsor

Subject: Montana Filming: Missoula - Lawless America

Thanks for speaking with me, Cary. I appreciate the information. We will be very careful with what we do. Please let me know if the President or ANY spokesperson for the University will go on camera.

For detailed information on Sean Boushie and daily videos and updates on our filming, please go to www.SeanBoushie.com

I spoke with the City Permit Coordination office, and the lady there is sending out a mass email. If you want to notify people at the University as well, that might be good.

You could say: William M. Windsor and a film crew will be on campus and in Missoula filming for the next two weeks. A pilot for a proposed weekly TV series named "Lawless America" is being filmed here. The episode is about cyberstalking and an accused University employee. Bill Windsor drives white Jeep Grand Cherokee with Lawless America all over

it. Bill has gray hair, a gray beard, and he will be wearing a black bulletproof vest with the letters TV on the back in big white letters. The vest is because Bill's life has been threatened. If you would like to speak with Bill about the story or the filming, say hi or call him at 770-578-1094.

Thanks again, Cary.

Bill

Hi Bill,

Thanks for chatting with me this morning. As I mentioned, there is no need to arrange for permits for filming in Missoula, however it is a nice courtesy to let the city know you will be around, and check about your specific shoot location. I recommend you simply call the permit coordination office at (406) 552-6635.

To film on the Montana campus, please contact Cary Shimek at UM University Relations (406) 243-2522, he should be expecting your call. Very nice guy.

Warm Regards,
Rachel

Subject: Montana Filming: Missoula

I will be filming interviews for a pilot for a TV series in Missoula in July. Most of the interviews will be private in hotel rooms and homes.

I would like to film on the campus of the University of Montana and on a Missoula sidewalk near the campus.

Please advise if I need permits for this.

I would also appreciate publicity about the filming.\

Thanks,

William M. Windsor
