Mr. Windsor:

We will provide discovery when you make an initial appearance in Montana. You may bring a jump drive for a download of the all the documents. The file is too large to send via email. You should have been advised to appear in Montana within 10 days of your release, however I will ask that an appearance be set for January 29 to allow you to arrange travel. Will that date work?

Ms. Clark:

I once again request a copy of the entire file in Case # DC-14-509.

I need this sent today as a pdf file attachment response to this email.

For now, I am representing myself in this case. I do want a jury trial.

William M. Windsor who was not in Montana on December 30, 2013.
